READ—also the following papers :—

From T. HESKETH BIGGS, Esq., Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 20th January 1899, No. 207.

With reference to paragraph 2 of G.O., No. 1211, Financial, dated the 12th of December 1898, I have the honour to state that the sum of Rs. 1,394-6-1 referred to consists of items noted in the margin. Of this, the sum of Rs. 1,332-6-1, which was originally debited to "24-D. Grants for Medical Purposes," has since been transferred to 24-A. Medical—"Medical Establishment" under the revised classification of charges ordered in Madras G.O., No. 698, Financial, dated 15th August 1898, and the adjustment will appear in the statement of plague charges for the quarter ending 31st December 1898. The difference, Rs. 62, is the travelling allowance paid to the Assistant Surgeon E. L. Chalke in South Arcot for the journeys made by him while employed as Additional Medical Officer on plague duty at Anantapur, and the amount has therefore been debited to the head "24. District Grants for Medical Purposes."

(a) Up to 31st December 1898. (b) Up to 30th November 1898.

3. The direct Provincial expenditure under 24-D. Grants for Medical purposes against the Presidency town amounted up to the 31st December 1898 to ·30 lakh against an estimate of ·83 lakh for the entire year, whereas the indirect expenditure under 24-A. Medical Establishments (Rs. 7,140) has not been provided for. This is due to the fact that the estimates include as *direct* expenditure all expenditure on special plague doctors, nurses, &c., procured from England and not yet actually posted to plague duty. The Surgeon-General will, in addition to the statement called for in paragraph 4 of G.O., No. 134, Financial, dated 24th January 1899, forward to the Financial Department, so as to reach it before the 5th of each month, beginning with February 1899, an estimate in the prescribed form providing for all Medical officers, nurses, &c., who have been sent out by the Secretary of State and are temporarily attached to hospitals, &c., in Madras prior to their services being placed at the disposal of the President, Municipal Commission, Madras, or their being posted to districts in connection with plague work. The Accountant-General will be requested to furnish the Surgeon-General with the necessary forms and with complete information as to the classification of the charges and past actuals.

4. The sum of Rs. 3,120, shown against South Arcot under 24-A. Medical Establishment is apparently due to the inclusion of charges connected with Dr. Beit referred to in the letter from the Accountant-General, No. 207, dated 20th January 1899, read above. As, however, Dr. Beit's appointment to South Arcot was not made in consequence of plague, the charges in connection with his appointment in that district should not be treated as plague charges, *direct* or *indirect*.

5. It is further observed that while the Collectors of Cuddapah and Gódávari have not reported any expenditure under 24-A. Medical Establishment, the statements submitted by the Accountant-General show that actuals amounting to Rs. 6,522 and Rs. 2,125, respectively, have been incurred. The Accountant-General is requested to furnish particulars of these figures and to ensure that these represent plague charges.

6. A sum of Rs. 404 is shown in the Accountant-General's statements against the Nilgiri district under Provincial—24-D. Grants for Medical purpose as the actual expenditure under that head up to 31st December 1898. The Accountant-General will be requested to furnish particulars for the amount.

From T. HESKETH BIGGS, Esq., Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 20th January 1899, No. 207.

With reference to paragraph 2 of G.O., No. 1211, Financial, dated the 12th of December 1898, I have the honour to state that the sum of Rs. 1,394–6–1 referred to consists of items noted in the margin. Of this, the sum of Rs. 1,332–6–1, which was originally debited to "24-D. Grants for Medical Purposes," has since been transferred to 24-A. Medical—"Medical Establishment" under the revised classification of charges ordered in Madras G.O., No. 698, Financial, dated 15th August 1898, and the adjustment will appear in the statement of plague charges for the quarter ending 31st December 1898. The difference, Rs. 62, is the travelling allowance paid to the Assistant Surgeon E. L. Chalke in South Arcot for the journeys made by him while employed as Additional Medical Officer on plague duty at Anantapur, and the amount has therefore been debited to the head "24. District Grants for Medical Purposes."

(a) Up to 31st December 1898. (b) Up to 30th November 1898.

3. The direct Provincial expenditure under 24-D. Grants for Medical purposes against the Presidency town amounted up to the 31st December 1898 to ·30 lakh against an estimate of ·83 lakh for the entire year, whereas the indirect expenditure under 24-A. Medical Establishments (Rs. 7,140) has not been provided for. This is due to the fact that the estimates include as *direct* expenditure all expenditure on special plague doctors, nurses, &c., procured from England and not yet actually posted to plague duty. The Surgeon-General will, in addition to the statement called for in paragraph 4 of G.O., No. 134, Financial, dated 24th January 1899, forward to the Financial Department, so as to reach it before the 5th of each month, beginning with February 1899, an estimate in the prescribed form providing for all Medical officers, nurses, &c., who have been sent out by the Secretary of State and are temporarily attached to hospitals, &c., in Madras prior to their services being placed at the disposal of the President, Municipal Commission, Madras, or their being posted to districts in connection with plague work. The Accountant-General will be requested to furnish the Surgeon-General with the necessary forms and with complete information as to the classification of the charges and past actuals.

4. The sum of Rs. 3,120, shown against South Arcot under 24-A. Medical Establishment is apparently due to the inclusion of charges connected with Dr. Beit referred to in the letter from the Accountant-General, No. 207, dated 20th January 1899, read above. As, however, Dr. Beit's appointment to South Arcot was not made in consequence of plague, the charges in connection with his appointment in that district should not be treated as plague charges, *direct* or *indirect*.

5. It is further observed that while the Collectors of Cuddapah and Gédávari have not reported any expenditure under 24-A. Medical Establishment, the statements submitted by the Accountant-General show that actuals amounting to Rs. 6,522 and Rs. 2,125, respectively, have been incurred. The Accountant-General is requested to furnish particulars of these figures and to ensure that these represent plague charges.

6. A sum of Rs. 404 is shown in the Accountant-General's statements against the Nilgiri district under Provincial—24-D. Grants for Medical purpose as the actual expenditure under that head up to 31st December 1898. The Accountant-General will be requested to furnish particulars for the amount.

The direct Govt estimates contain provision for some of the indirect expenditure which this order will set out. Looking to the new inspection stations recently established, the estimates will not be very far out.

Appendix C shows the expenditure under Local — Direct for the period ending 31st December '98 and indirect for the period ending 30th November 1898.

3. ~~In G.O. No. 64 Financial dated 18th January, 1899 it was considered unnecessary to make any provision under Provincial 24D - Grants for medical purposes for the Nilgiri district. This being so~~ ~~that~~ A sum of Rs 404 is shown in the A.G's statements against the Nilgiri District as actual expenditure under the that head up to 31st December 1898. The A.G. will be requested to furnish ~~give~~ particulars for

— Transfer to last para of draft

for the amount.

3 ~~4~~. The direct Provincial expenditure under 24 D. Grants for Medical Purposes against the Presidency town amounted up to the 31st December 1898 to ·30 lakh against an estimate of ·83 lakh for the entire year whereas the indirect expenditure under 24 A Medical establishments (Rs 7840) has not been provided for. This is due to the fact that the estimates include as direct expenditure all expenditure on special plague doctors, nurses &c procured from England & not yet actually posted to plague duty.

The Surgeon-General will in addition to the statement called for in para 4 of G.O. No 134 Financial, dated 24th January '99, forward to the Financial Depᵗ, so as to reach it before the 5th of each month, beginning with ~~that for~~ February 1899, an estimate in the prescribed form ~~showing~~ providing for all medical officers nurses &c who have been sent out by the Secretary of State and are temporarily

temporarily attached to hospitals &c in Madras prior to their services being placed ~~being deputed to plague duty~~ at the disposal of ~~under~~ the President, Municipal Commission, Madras, or their being posted to Districts in connection with plague work. The Accountant-General will be requested to furnish the Surgeon-General with the necessary forms and with complete information ~~so that the charges may be properly classified and the estimates submitted in proper form~~ as to the classification of the charges & past ~~actuals~~ actuals.

4. ~~It is observed that~~ The sum of Rs 3120 ~~is~~ shown against South Arcot under 24 A. Medical Establishments ~~This~~ is apparently due to the inclusion of charges connected with Dr. Beit referred to in the letter from the Accountant-General No. 207, dated 20-1-99, read above, ~~in which he explains that these charges have been transferred by him from 24 D to 24 A.~~ As however Dr. Beit's appointment to S. Arcot was not made in consequence of plague, the charges in connection with his ~~deputation~~ appt. in that district should not ~~have~~ be treated as plague charges — direct

Para 4 of G.O. No. 1122 R & J 21/11/98.

direct or indirect.

5. It is further observed that while the Collectors of ~~South Arcot~~, Cuddapah and Godavari have not reported any expenditure under 24 A. Medical Establishments the ~~actuals given in the~~ statements submitted by the Accountant-General show ~~that~~ that charges amounting to Rs ~~3603~~ 6522 and 2125 respectively have been incurred. The Accountant-General is requested to furnish particulars of these figures and ~~explain the discrepancy~~ to ensure that these represent plague charges.

SIR,

With reference to para 2 of Government Order No 1211 Financial, dated the 12th of December 1898, I have the honour to state that the sum of Rs1394-6-1 referred to consists of items noted in the margin. Of this, the sum of Rs1332-6-1 which was originally debited to 24 D. Grants for Medical purposes" has since been transferred to 24 A. of plague charges for the quarter ending 31st December 1898. The difference Rs 62 is the travelling allowance paid to the Assistant Surgeon E. L. Chalke in South Arcot for the journeys made by him while employed as additional medical officer on plague duty at Anantapur and the amount has therefore been debited to the head "24 H: Grants for Medical purposes."
