Proceedings of the Plague Commissioner.

Read:-

Letter from the Superintendent of Stationery, Madras No. 88, dated 7th January 1899.

In compliance with your Proceedings No.941 of the 18th December 1898, I have supplied each of the six Medical Officers named therein with a set of Finger print apparatus, although they are not included in the Appendix to G.O. No.918, Pension, dated 4-12-97, nor are they covered by G.O. No.1181-P dated 26th September 1898.

2. In your order No.29 dated the 5th instant, you request me to furnish nine sets of the apparatus for certain Inspection Officers in the Salem District. As it seems probable that other similar demands may follow I would suggest your obtaining the general sanction of Government to my complying with your indents for the apparatus. Meanwhile I regret I am unable to make any further issues which have not been sanctioned by Government.

Ref. on C. No.279, dated 10-1-99.

Submitted to Government with the request that the Superintendent of Stationery may be authorised to supply the finger^{print} apparatus to all officers recommended by the Plague Commissioner. To prevent fraud, inoculation certificates are required to be issued with the thumb mark of the persons to whom they are granted and it is essential that all plague officers who have to examine such certificates in the course of their duty should be furnished with the means of verifying the thumb marks.
