To

H. St. Leger Esq.,
Superintendent of Stationery, Calcutta.

Sir,

With reference to your letter No. 564, 70, dated 26th ultimo, asking what arrangements we could propose for the examination in your office of papers supplied by us to the Madras Government? we have the honour to inform you that the representatives of the Calcutta Mills met on Friday to discuss the question and to try and suggest some means whereby effect might be given to the wishes of the Government of Madras.

It would appear that there are great difficulties in the way in case you should wish to examine the papers.

subjected to any examination in
Calcutta which the Government
of Madras may see fit to impose
but owing to the already heavy
loading and shipping charges
incurred in the Madras business
they cannot afford to pay for such
examination.

In conclusion we think
it would be well to remark
that the Mills are unanimous
in their opinion that no such
examination is necessary and
that the desire for it only
arises from the fact that the
Madras Stationery Office and
their expert advisers have of
late shown a great anxiety to
get a more exact uniformity
in the shade of white printing
than the best experience of English
or Indian papers in this climate
has proved possible. The Mills are
willing to supply paper to their
own

own sample and of a reasonable
match in shade and in case
of dispute to refer the matter to
your office for arbitration.

Copy of letter No. 6197, dated Calcutta,
the 15th December 1898 from the Superin-
tendent of Stationery, to the Secretary to
the Board of Revenue, L.P. Calcutta.

I have the honour to acknow-
ledge receipt of your endorsement No. 289,
dated 12th ultimo forwarding for
report copy of a letter No. 933, dated
25th October 1898 from the Chief
Secretary to the Government of Madras,
regarding the examination of papers
supplied by the Local Mills to the
Stationery office at Madras.

2. In reply I beg to forward herewith for
information copy of a letter No. 50- P.M.A.,
dated 5th current, from the Indian Paper
Makers' Association and to state that
should the Madras Government wish the
papers to be examined at the different
Mills (which appears to be the only way
the examination could be done) it would
be necessary to employ another Examiner
with two or three ^{Stores} as the work of the
store Examiner attached to this office is
already heavy and he cannot be spared
from his duties for outdoor work.

3. As regards the concluding portion
of the letter from the Indian Paper
Makers' Association cited above with
reference

reference to the referring of cases of
dispute to this office for arbitration, I— (8)
would remark that the inconvenience
complained of by the Madras Government
would not be removed as cases of dispute
would be referred to this office after the
paper had been sent to Madras and in
the event of its being rejected would have
to be returned to the Mills at considerable
cost for freight &c. &c.

of Stationery, Calcutta,

reference to Government Order—
No. 5741 Mis., dated the 9th November
1898, for the information of Government.

2. In the circumstances—
explained in the Superintendent's
letter and its enclosure it does not
appear to the Board to be feasible
to effect an arrangement of the
nature contemplated by the
Madras Government on terms which
would approach to those estimated by
them.
