FEBRUARY.

Re-appropriation of Grants.

Sanctioning, with remarks, the re-appropriation of Rs. 137 from the provision under "Contributions to private hospitals" to meet the cost during the current year of certain additional establishment entertained in the office of the Plague Commissioner, and authorizing the Superintendent of Stationery to purchase locally and supply the former with another type-writing machine of the "Yost No. 4" or the "Remington" pattern.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—again the following papers:—

G.O., No. 868, Financial, dated 11th October 1898.

ABSTRACT.—Passing orders regarding the financial powers of the Plague Commissioner and the control of all plague expenditure.

G.O., No. 1115, Financial, dated 25th November 1898.

ABSTRACT.—Explaining the powers of sanction conferred upon the Plague Commissioner by G.O., No. 868, Financial, dated 11th October 1898, in regard to the entertainment of establishments.

READ—also the following:—

Proceedings of the Plague Commissioner, No. 111, dated 13th January 1899.

Proceedings—No. 111, dated 13th January 1899.

Owing to increase of work in this office, the following additional establishment is sanctioned with effect from the 16th instant:—

One clerk	RS.
Do.	35
One type-writing clerk	30
	25

The sanction is registered as No. 43 of 1898-99.

2. The cost of this additional establishment during the current year will amount to Rs. 137, and can be met from the sum of Rs. 66,750 which has been provided in the revised estimate for this year under contributions to private hospitals and which is not likely to be fully utilised. It is presumed the Plague Commissioner can order transfers from one head of the plague budget to another. If not, the sanction of Government is solicited for the transfer.

3. One type-writing machine has been found insufficient and the sanction of Government is requested for the purchase of another.

(Signed) L. E. BUCKLEY,
Plague Commissioner.

To the Financial Department,
" Accountant-General.

ORDER—No. 200, Financial, dated 9th February 1899.

The orders read again above limit the control of the Plague Commissioner over expenditure connected with plague operations to *direct* charges, which fall under 24-D. MEDICAL—GRANTS FOR MEDICAL PURPOSES. The orders passed on the monthly plague estimates really re-appropriate the grants under this head and any further re-appropriations which may be necessary should be submitted to Government for sanction.

2. The re-appropriation in the present case is sanctioned.

3. The Superintendent of Stationery will be authorized to purchase locally and supply the Plague Commissioner with another type-writing machine of the "Yost No. 4" or the "Remington" pattern.

NOTE.

The Plague Commissioner has sanctioned an increase to his establishment which involves an additional charge of Rs.137 in the current year. He points out that this can be met from savings in the provision under 24 D MEDICAL - GRANTS FOR MEDICAL PURPOSES - Contributions to Private Hospitals, and raises the question whether he can order transfers from one head of the plague budget to another.

Vide page 4 of G.O.No.124G, Finl., dated 17th Dec. 1898. B

2. Under para.2(5) of G.O. No. 1122 P, dated 20th September 1898, the Plague Commissioner has control over all expenditure connected with plague operations, but from the restriction imposed by G.O.No.1115, Financial, dated 25th November 1898, on his powers of sanction in regard to the entertainment of establishments, it is apparent that the intention is that the Plague Commissioner's control over expenditure should be limited to direct plague charges. There is no objection

therefore

all transfers should be
reported immediately to the Capt.
~~Financial Dept~~ and are
Administrative subjects

specific purpose, and the Plague Commissioner

is not ~~authorized~~ ^{competent} to sanction the transfer referred to by him. The reappropriation ~~will~~ ^{is} however ~~be~~ sanctioned by Govt.

5. The Superintendent of Stationery will be authorized to purchase locally and supply the Plague Commissioner with another type-writing machine of the "Yost No. 4" or the "Remington" pattern.

NOTE FOR THE CS

With ref: to the CS's
pencil query on the draft, it is
subd. that all heads of depts
are competent to transfer from
one ~~more~~ detailed head to the
another ~~more~~ ^{the} within the same
minor head. (rule 95 of the
budget rules). The Plague
Comm? is the head of the
dept. in the case of Direct
Plague expend? & there should
be no confusion, as he can
work only within the latest
sanctioned estimates & the
estimates come under ^{the} review
of Govt. monthly. His
powers in this respect will,
in fact, be less than ^{those of} other
heads of depts, as they will
be considerably curtailed by
the fact that Govt. alters
the estimates each month.
The power will be exercised
only in the case of a
sudden call for expend?
~~other~~ ^{other} ~~advis~~ ^{advise} ~~other~~ ^{other} which
has not been provided for in

I have endeavored to
1. illustrate the Plague Comm? is the
Head of Dept. The minor head is the
2. which there is any need to see in
which have the Govt. in the case when
Govt. is altering the estimates. The way
of the Govt. is with the Govt. to be made
in the case when the estimates are being revised
H. J. R.

The last monthly estimate
+ then only when the expend:
can be met from savings in
some provision already
passed by Govt. The draft
has been slightly recast to
make the matter quite plain

Note for the Chief Secy

With reference to the
C's pencil note in the reverse
it is submitted ⁽¹⁾ that para 2(5) of
G.O. 1222 P. of 20.9.98 declares
the Plague Commr. to be the controlling
authority for Plague expenses &
as such it is thought that he
^{can} be viewed as the Head of
a Dept. for budget purposes.

(2) It is respectfully subd. that
re-appropriations should be sanctioned
either by Govt. or the P.C. at the time
when such re-appropriations are
called for - please see para 4 of G.O.
No. 868 Int. of 11. October 1898
under which collections are restricted to their
monthly grants. If a Pl. Commr.
has to incur expenditure in which

there is ^{no} provision in his latest
sanctioned monthly estimate to ^{it}
^{should} ~~be~~, it is subd. that it comes up for
an extra grant or suggest a
re-appropriation. The monthly
estimate re-appropriates the
grants each month, but what the
Plague Commr. evidently intends to
propose for is an application for
funds between the passing of two
successive monthly estimates. If
^{or the P.C. are} ~~for the P.C. are~~ ~~permitted~~ ~~to~~ ~~look~~ ~~to~~ ~~the~~ ~~monthly~~
permitted to look to the monthly
estimate alone for sanctions
to re-appropriations, the
present check over expenditure
by ~~the~~ ~~acting~~ ~~disbursing~~
officer's mill, it is submitted,
be diminished.

~~Departmental orders~~
~~that re-appropriations should~~

Orders are solicited as to
whether it will not be sufficient
to say that all re-appropriations
must be sanctioned by Govt. &
the P.C. has no power in
this respect.

I think so.
