Note

The Board of Revenue requests that the provision in the estimates for 1899-1900 for "Repairs to Boats" under 3 Land Revenue - Charges of District Administration - General Establishments - Contingencies may be raised from Rs 900 to Rs 2200 in view to meeting the cost of repairs to the staff boat of the collector of Krishna. As it is reported that the boat is about 20 years old and that its ribs are rotten and require to be replaced it is submitted that it would be more convenient to reappropriate the funds required (Rs 1500) in the current year & to direct that the repairs be carried out at once than to alter the estimates already passed.
