Sir,

With reference to your endorsement No 318 of 10th instant on G.O. dated 9th December 1898, No 1196, Financial, I have the honour to furnish the following explanation:-

(1) At the time the budget estimate for 1899-1900 was submitted in August last the actual receipts up to that date amounted to about Rs. 7500 and the probable income for the remaining portion of the year was estimated at Rs. 5500, taking into consideration the actuals of the closing months of the previous year. Thus the total was Rs. 13000 in the "Revised Estimate". The actual receipts of 1897-98 in excess of the estimate for the year is owing to the College fees of the Maisur students and pupils due in 1896-97 having been adjusted during the subsequent year after settlement of certain disputed items, to which reference was made in paragraph 29 of my Annual Report for session 1896-97.

(2) With regard to the variations under expenditure, I have to state that the estimate for Madras-Burma Pupils and Burmese Pupils in the budget for 1897-98 was originally Rs. 15000 but this amount was reduced by Government to Rs. 13000 in Order, dated 8th December, 1896, No 874^{847?} Financial, the Madras-Burma Pupils being shewn as Rs. 10000 and the Burmese pupils Rs. 3000 only. The estimates for 1898-99 were framed with reference to this reduction, but in order to bring the figures nearer the actuals as represented by the number of students it was thought desirable when framing the budget for 1899-1900 to provide for the number likely to be at College during the year. With regard to the retention of the figures in the revised estimate no alteration was made, as the total amount for the two classes of Burma pupils was expected to be approximately correct.
