Fort St: George
Accountant-General's Office
14th December 1898.

No. 6278.

Forwarded to the Secretary to the Commissioner of Salt,
Abkari and Separate Revenue. The additional grant asked for
is to be shared between Imperial and Provincial in the propor-
tion of 1:5. The Imperial portion of the excess may be sanc-
tioned by Government from the unappropriated balance of the
saving of Rs. 1,15,000 under Salt Purchase and freight, and
the Provincial portion from savings under 43 Irrigation - Mi-
nor works and Navigation - Establishment.

Note

All available savings under
43. Irrigation - Minor Works
and Navigation - have already
been re-appropriated.

Plague charges

15
Making certain alterations in the classification of medical officers on plague duty adopted in the appendix to G.O. no 698 of 15-8-98, and stating that the charges on account of Dist Medical & Sanitary officers or civil surgeons who are relieved of their ordinary duties & deputed exclusively to plague work should be treated as direct Plague charges under 24 D Grants for Medical Purposes.

22-2-11

regarding an additional allotment required under 6. Stamps on account of the cost of stamps and water-marked papers issued to 'districts' during 1898-99.

2. The budget estimate for the year did not include provision for charges on account of the paper. The reasons for the omission have been explained ~~and~~ and the question how the cost which has been and is likely to be incurred should be met was disposed ^{of} in Government Order No. 1048, Financial, dated 14th November 1898, wherein the Superintendent of Stationery is authorized to meet the charge from his grant for the current year and apply later on, if necessary, for an additional allotment. The Accountant-General has since expressed the opinion that this order refers only to the additional grants required by the Superintendent of Stationery for the purchase of water-marked paper, the cost of which, like other articles of stationery, is debitable ^{to} "30. Stationery and Printing", that when the paper is made over to the Superintendent of Stamps and issued by him to 'districts', the cost of the issues becomes debitable to the head, "Stamp paper supplied from Central Stores" under 6. Stamps so as to cancel the original debit under "30. Stationery and Printing", and that the expenditure on account of the paper issued to districts should be budgetted for by the Board. It has therefore become necessary to consider whether the budget provision for "Stamp paper supplied from Central Stores" will be sufficient to cover the probable expenditure on water-marked paper issued to districts also or whether an additional allotment will be required to meet it.

3. The budget estimate for the year under "Stamp paper supplied from Central Stores", as framed by the Board and accepted by Government, amounted to 1,29,500 Rs., but the amount sanctioned in the Civil Budget estimate for the year is Rs. 1,30,500 only. The actual cost of stamps supplied to ~~the~~ 'districts' during the first eight months of the year amounted to Rs. 76,301. Adding to this the actuals for the last four months of the last year, the probable expenditure in the year on stamp paper issued to 'districts' will alone amount to Rs. 1,21,359 or Rs. 859 in excess of the budget allotment. It is expected that the total expenditure on account of water-marked paper which may be issued during the year, for which, as already stated, no provision was made in the budget, will amount to Rs. 1,48,999, so that the total probable expenditure which, in the opinion of the Accountant-General, should have been budgetted for under the head "Stamp paper supplied from Central Stores" comes to about Rs. 1,38,258, while the sanctioned amount under that head is Rs. 1,30,500 only. The Board accordingly requests that, if Government agrees with the Accountant-General, sanction may be accorded to an additional allotment of Rs. 15,758, or in round figures Rs. 16,000, for "Stamp paper supplied from Central Stores" ^{under 6. Stamps} during 1898-99. An application in the prescribed form ^{is} is enclosed.

4. The Superintendent of Stamps is informed that the Board disapproves of the practice of forwarding a number of unnecessary enclosures when a reference is made to it. The substance of the
