CURRENT No. 743

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Surgeon-General, Madras, No. 37, dated 14th January 1899:—

I have the honour to acknowledge the receipt of the Government of India Resolution, Home Department (Medical) dated 22nd August 1898, No. 1141-1150, communicated with G.O. No. 1520, Public, dated 14th December 1898.

2. Paragraph 5 of the Resolution, creates a new grade of Civil Assistant Surgeon (Civil) and rules that the number of subh Assistant Surgeons in each Province must not exceed 10 per cent of the total strength of the service in the Province. According to this calculation two Senior Assistant Surgeons will be allowed for this Presidency and I recommend that:—

M.R. Ey: Rao Sahib Maharaj Thammoo Sing Hazari, M.D., Madras, and

Mr. E. L. Chalke, L.M.S., Madras,

M.D.C.M., Brussels, L.R.C.P., L.R.C.S., Edinburgh, and L.F.P.S., Glasgow, who

are the most senior on the list of Civil Assistant Surgeons and most eligible for advancement in every way, may be promoted to the new grade. I notice that the Government of India states that it is not necessary that all the appointments to the Senior Grade should be made at once but at the same time it leaves the question to the discretion of the

Local

Local Government and the Head of the Civil Medical Department.

Considering that the number of appointments in Madras is only two and that the Officers recommended for promotion are deserving of a higher rate of pay, I am strongly of opinion that the appointments should be made at once and trust that Government will be pleased to take the same view.

3. The permission granted in the same paragraph to future entrants into the service to appear at the second examination if considered fit for promotion beyond the grade on Rupees 150, will, I am afraid, open the door for discontentment among those in the lower grade. However, as the selection lies with the Head of the Medical Department, it is hoped that he will exercise the greatest care in giving such permission so as to avoid heart-burning in the department.

4. Paragraph 6 of the Resolution is not quite intelligible. In Madras the rates of pay drawn by Civil Assistant Surgeons belonging to the permanent establishment conforms to the scale ~~now~~ sanctioned by the Government of India.

5. As regards paragraph 8 of the Resolution, two Civil Stations in Madras are now permanently filled (1) by an Uncovenanted Medical Officer and (2) by a Military Assistant Surgeon. When the latter vacates, an Uncovenanted Medical Officer will be posted to it. The other three stations will be filled as they become permanently vacant, as at present Commissioned Medical Officers have a lien on them.

6. In this connection I would invite the attention of Government to my letter No. 541, dated 13th October 1894, on which no orders have yet been passed.

O R D E R: - No. 197, dated 16th February 1899.

The promotions recommended by the Surgeon-General in paragraph 2 of his letter read above, are sanctioned.

Note.

The two officers whose promotions to the newly created grade have been sanctioned hold permanent ^{posts} places on Rs 200. The promotions having been granted during the latter part of the current month, the extra cost to the State during the current year will not exceed Rs 100, and it is submitted that no reappropriation is necessary for this small amount.

As regards next year the extra cost is Rs 2,400 and it will not be safe to reckon on savings under 24. Medical owing that plague has to be continued with. India may be ^{asked by} ~~expected~~ to include the provision in the budget and the A.C. ^{led by telephone} in the final issue of the C.B.E.
