From,

V. A. Brodie Esquire
Government Agent
Godavari District

To,

The Chief Secretary
to Government, Judicial
Department, Madras.

Sir,

C

In reference to G.O. No 608
Financial dated 3-8-97 laying
down that the warm clothing
required for the inferior servants
attached to the agency establish-
ments in this District should
be obtained on indent from
the Superintendent of Stationery
I beg to submit that there
are practical difficulties in
the way of carrying out the
rule in the case of the agency

establishments of this district.

The Superintendent of Stationery desires to have indents 6 months in advance and by the time the clothing is received there may be, as experience shows, several changes in the personnel of the servants so that the clothing supplied may not suit several of the persons actually in office at the time of its receipt and the clothing of men who die or suffer from ill fever will not be worn by others. The clothing required was accordingly hitherto purchased locally every year at the commencement of the cold weather, care being taken that the expenditure should not exceed the budget allotment and I would request that the Government may be pleased to

except my Agency establish-
ments from the rule referred
to above and allow me to
purchase the clothing required
locally as hitherto. I shall
see that the rates locally
charged do not exceed those
that may be fixed by the
Superintendent of Stationery
so that the cost to Government
will be the same.

I have the honor to be,

Sir

From

J.N. Atkinson Esquire, I.C.S.,

SUPERINTENDENT OF STATIONERY,

MADRAS,

To

The Chief Secretary to Government,

Financial Department,

Fort Saint George.

SIR,

I have the honour to return herewith the file of original papers received with your No 424 of the 10th inst. I fully recognise the difficulty experienced by the Government Agent, Godavari, but as long as this office is called upon to supply ready-made suits it is absolutely necessary for it to have standard sizes or individual measurements to guide it in the supply.

2. As regards the current year, contracts to meet anticipated demands for warm clothing have already been entered into at a fixed inclusive rate per suit ready-made. It is therefore desirable that the materials at least should be obtained from the contractor. But granted this, I see no objection to the Government Agent having the clothing made up locally.

5. In regard to the supply in future years I consider that it would be advantageous both to the Government Agent and to this office for him to obtain all the materials he requires from here. It seems probable that better materials at a cheaper rate can be obtained in Madras, and a uniformity of supply is also a consideration. On the other hand the larger the orders that this office can place the lower are the rates

(at

at which it may expect to obtain what it requires.

I have the honour to be,

Sir,

Your most obedient Servant,

J. V. Atkinson.

Please see note in

G.O. No 608. Financial dated
the 3rd Aug 1897.

The G.O. laid down
the rule that the clothing of
peons in public offices should
be obtained by indent on the
stationery office. The Asst.
Agent, Godavari, states that
there are practical difficulties
in observing the rule in the
case of his Agency establish-
ment and requests that it
may be exempted from the rule.
The Agent states that the Supt.
of Stationery desires indents to
be made six months in advance
and that by the time the clothing
is received, there may be several
changes in the staff of servants,
so that the clothing has to be
worn by men whose measur-
ments differ from those of men
for whom the indents were made.

Further

Further, the clothing of men who die of or suffer from hill-fever will not be used by other men. Under the circumstances the Agent desires to revert to the old system under which the required clothing was made locally, ^{being taken} ~~making~~ ^{from} ~~the~~ ^{that} the grant was not exceeded. He goes further and states that he will see that the rates fixed by the Stationery Office are not exceeded in the making of clothing locally.

2. ~~As great value is attached to the argument~~ ^{with reference} ~~can be attached to the argument~~ regarding changes in the staff of men, ~~as the same thing~~ ^{must} ~~will~~ occur in every office and no complaint has been ^{received} ~~made~~ from elsewhere. It is very unlikely that the Agent will get for the same price paid by the Stationery Office the same quality of articles locally. The best course would appear to be to permit the Agent to ~~make~~ ^{make} clothing locally from materials supplied by the Supt.

In case the Agent's request is ~~to be considered~~ ^{viewed} with favor

There is no need to invite other applications in exemption

No 424, of 10-2-99.

The Supt. of Stationery &c.

Supt. of Stationery. The change for making may differ, but that is a very small matter. The paper may, however, be referred to the direct instance to the Govt Agents in fanyam & Vizagapatam for report as to whether they have a similar ~~complaint~~ ^{complaint} to make.

In the C.B.

The proposal to ^{mit} ~~the~~ ^{the} Agent to make up clo. locally from materials supplied by the Stationery Office seems the best way to meet the Agents' difficulties. This exception would apparently have to be extended to the Agents in fanyam & Vizagapatam & the good making of the exception would probably lead to similar applications on behalf of other hill stations & ment's. The Supt. of Stationery may perhaps be first consulted w.o. Curb
