Order—No. 569, Financial, dated 3rd May 1899.

Appendices A, B and C to these Proceedings contain the consolidated estimates of plague expenditure for the quarter ending 30th June 1899 under Provincial, and Appendices D, E, G and H, the estimates under Local (*Direct* and *Indirect*), Municipal and Port Funds. Appendix F exhibits the expenditure to be borne by each District Board in 1899-1900 rateably to its receipts.

2. The estimates are compared below with those accepted in G.Os., Nos. 1246 and 1259, Financial, dated 17th and 28th December 1898, respectively:—

	Estimates accepted in G.Os., Nos. 1246 and 1259, Finl., dated 17th and 28th Dec. 1898.	Estimates as now revised.

GRAND TOTAL ...	19,27,600	15,95,065

3. The increased allotment for the office of Plague Commissioner will not now be necessary, in view of the fact that it has been decided not to fill the office when Mr. Buckley proceeds on leave.

4. The grants under other heads, which have been based as far as possible on present requirements, will also probably prove excessive in view of the abatement of plague. The question of re-appropriations will therefore be deferred until orders on

the consolidated estimates for the second quarter of the year are issued. The largest excess under Provincial *Indirect* heads occurs against 20. POLICE and the Inspector-General has already been requested to report on the question.

G.O., No. 533, Financial, dated 20th April 1899.

5. In Appendix F to these Proceedings, the amounts provided in the budget estimates for the current year of the several District Boards have been entered below the sums debitable to them according to the present estimates. It will be seen that the estimates as now framed exceed the budget grants in the following cases, the excess being greatest in North Arcot, Bellary and Salem :—

District Boards.	Amounts provided in the annual estimates.	Present estimates.
	RS.	RS.
Anantapur	26,700	26,857
Arcot, North	33,750	42,834
Bellary	45,180	59,101
Ganjám	21,580	23,335
Gódávari	45,810	48,821
Kistna	38,350	40,406
Kurnool	24,300	28,779
Salem	40,900	50,350

6. As regards the estimates under MUNICIPAL, Appendix G to these Proceedings shows that the grants provided in the budget estimates of these bodies are below the estimates now framed, except in the cases of North Arcot and Madras, where the excesses are large.

7. The necessary orders will issue in the Local and Municipal Department to ensure that the local bodies mentioned in paragraphs 5 and 6 *supra* make every possible provision for the contingency of the expenditure reaching the figures now estimated. All District Boards and Municipalities concerned will also be warned that although in some cases the allotments as fixed in G.O., No. 1259, Financial, dated 28th December 1898, have been reduced with reference to existing requirements, local bodies should not re-appropriate or utilize the balance of allotments for plague charges existing in their budgets.

ORDER—No. 569, Financial, dated 3rd May 1899.

Appendices A, B and C to these Proceedings contain the consolidated estimates of plague expenditure for the quarter ending 30th June 1899 under PROVINCIAL, and Appendices D, E, G and H the estimates under LOCAL (*Direct* and *Indirect*), MUNICIPAL and PORT FUNDS. Appendix F exhibits the expenditure to be borne by each District Board in 1899-1900 rateably to its receipts.

2. The estimates are compared below with those accepted in G.Os., Nos. 1246 and 1259, Financial, dated 17th and 28th December 1898, respectively:—

	Estimates accepted in G.Os., Nos. 1246 and 1259, Finl., dated 17th and 28th Dec. 1898.	Estimates as now revised.

3. The increased allotment for the office of Plague Commissioner will not now be necessary, in view of the fact that it has been decided not to fill the office when Mr. Buckley proceeds on leave.

4. The grants under other heads, which have been based as far as possible on present requirements, will also probably prove excessive in view of the abatement of plague. The question of re-appropriations will therefore be deferred until orders on

the consolidated estimates for the second quarter of the year are issued. The largest excess under Provincial *Indirect* heads occurs against 20. POLICE and the Inspector-General has already been requested to report on the question.

G.O., No. 533, Financial, dated 20th April 1899.

5. In Appendix F to these Proceedings, the amounts provided in the budget estimates for the current year of the several District Boards have been entered below the sums debitable to them according to the present estimates. It will be seen that the estimates as now framed exceed the budget grants in the following cases, the excess being greatest in North Arcot and Bellary, and Salem:—

District Boards.	Amounts provided in the annual estimates.	Present estimates.
	RS.	RS.
Anantapur	26,700	26,857
Arcot, North	33,750	42,834
Bellary	45,180	59,101
Ganjám	21,580	23,335
Gódávari	45,810	48,821
Kistna	38,350	40,406
Kurnool	24,300	28,779
Salem	40,900	50,350

6. As regards the estimates under MUNICIPAL, Appendix G to those Proceedings shows that the grants provided in the budget estimates of those bodies are below the estimates now framed, except in the cases of North Arcot and Madras, where the excesses are large.

7. The necessary orders will issue in the Local and Municipal Department to ensure that the local bodies mentioned in paragraphs 5 and 6 *supra* make every possible provision for the contingency of the expenditure reaching the figures now estimated. All District Boards and Municipalities concerned will also be warned that although in some cases the allotments as fixed in G.O., No. 1259, Financial, dated 17th December 1898, have been reduced with reference to existing requirements, local bodies should not re-appropriate or utilize the balance of allotments for plague charges existing in their budgets.

With reference to G.O. No. 489/7-4-99 passing orders on the plague estimate of this District for April 1899, I have the honour to state that the estimate for the Municipalities of this District has been fixed by Government at Rs 4500, whereas the details of the provision as worked out in the above order come to only Rs 1589 as shown below :-

Estimate for 1st quarter		Rs. 633
do	2nd do	633
do	remainder of the year	323
		1589

I beg that the correct amount of estimate fixed by Government may be communicated.

Proceedings No. 1123 dated 24th April 1899.

The correct estimate for the "remainder of the official year" is Rs 3234 and not Rs 323 which is a mistake in the fair copy. The Collector is requested to correct the figure accordingly.

With the exception of Godavari, Madras, Malabar and Trichinopoly, the estimates in the other districts as now framed are greater than those provided for in the annual plague budget estimates. The excesses will be met from the lump allotment of 2·42 lakhs.

No reappropriation is necessary here, since the distribution now made supersedes the original budget allotment and is within the total grant. CMS

The increase in the district estimates is generally due to the expenditure at the Rly Inspn Stations having been included under Provincial. (G.O. 479 dt 4-4-99)

2. Provincial 24 Da. Plague Commissioner.

The amount provided in the annual estimate is Rs 41200 but that now estimated for is Rs 44145. As the Plague Commissionership is to be abolished, the amount now estimated may not fully be required.

N.B. The pay of the P.C. is Rs 1800. There will be a saving of Rs 18000 under this head.

3. Provincial. Indirect charges

G.O. No 533 Finl dt 20-4-99

G.O. No [illegible] dt 22-2-99

The increase appears under 5 and 7, Salt and Excise, 15 Post-office, 18 General administration and 20 Police. The increase under 18 General administration is due to (1) a sum of Rs 3000 having been provided for office expenses (postage and telegraph charges) in the L & M department & (2) the bills allowances & bill journey charges of the plague accountants in the L & M & Financial departments. The increase under other heads is due to the inclusion in the estimates of the emoluments of officers who have been deputed from the existing establishments whether substitutes have been appointed in their places or not. The Inspector Genl of Police has been asked to state whether any reappropriation of funds is practicable under 20. Police to meet the increased expenditure. The decrease under 24 A. Medical Establishment is due to the Medical officers on plague duty being now included under 24 D. Grants for Medical purposes. The estimate under 4. Forest (1200) is due to the forest peons in the Malabar district having been deputed to plague duty and that under the Sanitation and Vaccination is due to a clerk on Rs 410 having been entertained in Sanitation Commissioner's office, Madras

4 Local. The amount provided in the Civil Budget Estimates on account of plague is Rs 700,000. The estimate now framed, inclusive of indirect charges, amount to Rs 666,940. In the appendix F showing the plague expenditure to be borne by District Boards rateably to their receipts, the amounts provided in the D. Boards budgets for 1899-1900 are given below each district for information. From this it will be seen that the estimates as now worked out exceed the annual estimates in the following cases:—

G. O. No. 2nil dated 3d January

District Boards noted above may, it is submitted, be met from the Savings in the total grant for the Presidency — In view of the fact that the plague is decreasing with the hot weather, it is submitted the estimates now framed will go down in the next quarter.

5 Municipal. The amount provided in the annual plague budget is Rs 467,000 while the estimates now framed amount to Rs 346,630. With the exception of North Arcot and Madras, the estimates in other districts as now framed are much below the annual estimates. The grants originally sanctioned and those now required in the cases of the above two districts are noted below:—

Districts	Amounts provided in the annual Estimates	Estimates as now framed
North Arcot	10,580	60,000
Madras	120,573	141,300

There is however a saving of Rs (467,000 - 346,630) 120,370 in the total grant. As each municipality has to bear its own charges it is the Sanitary, whether the large amount in cases of North Arcot & Madras may be met

from the Sanitary above referred to.

The sanctioning the hoisting of the municipal Councils of is Resd that the district allotments sanctioned in f.o. No 1259 Fml dated 28th Decr 1898 have been distributed over the municipalities concerned. It is only in the case of the municipalities in the North Arcot Dist and in the case of the Madras municipality, additional allotments will have to be sanctioned. As however plague cases are decreasing in the North Arcot district, the estimates for that district may go down during the next quarter.

6. ~~No estimate~~ An allotment of Rs 1100 will be required under Port and Marine Funds for 1899-1900.

C8 Order PJ No 569 dated 3rd May 99.

Appendices A, B and C to these proceedings contain the consolidated estimates of plague expenditure for the quarter ending 30th June 1899 under Provincial, and appendices D, E, G and H the estimates under Local (Direct and Indirect), Municipal and Port Funds.

Appendix F exhibits the expenditure to be borne by each district board in 1899-1900 rateably to its receipts.

2. The estimates are compared below with those accepted in G.O.s Nos 1246 and 1259, Financial, dated 17th and 28th December 1898, respectively: ——

3. The increased allotment for the office of Plague Commissioner will not now be necessary, in view of the fact that it has been decided not to fill the office when Mr. Buckley proceeds on leave.

4. The grants under other heads, which have been based as far as possible on present requirements, will also probably prove excessive.*

in view of the abatement of plague

The question of re-appropriations will therefore be deferred until the consolidated estimates for the second quarter of the year are issued. The largest excess under Provincial Indirect heads occurs against 20 Police & the D. G. of Police has already been requested to report on the question

K G.O. 533 Fin. of 20.4.98

5 In Appendix F to these proceedings, the amounts provided in the budget for the current year estimates of the several D. Boards have been entered

below the sums debitable to them according to the present estimates. It will be seen that the estimates as now framed exceed the budget grants in the following cases, the excess being greatest in N. Arcot & Bellary —

District boards	Amounts provided in the annual estimates	Present Estimates
	Rs	Rs
Anantapur	26700	26857

Kistna	38350	40406
Kurnool	24300	28,779
Salem	40900	50350

6. As regards the estimates under Municipal, appendix G. to these proceedings shows that the grants provided in the budget estimates of these bodies are below the estimates now framed, except in the cases of N. Arcot and Madras where the excesses are large

7. The necessary orders will issue in this & the Dept. to ensure that the local bodies mentioned in paras 5 and 6 supra make every possible provision for the contingency of the expend^e reaching the figures now estimated ~~for~~ as ~~the maximum~~ all district boards & municipalities will also be warned in concerned that although
