Proceedings of the Plague Commissioner.

Cno 677 P

READ—

The following letter from the Collector of North Arcot, dated 17th March 1899, Dis. No. 454/P :-

The special plague officer, Vellore town, the additional medical officer and the two nursing sisters employed on plague duty in Vellore town request that they may each be granted a conveyance allowance of Rs 30 per mensem as they have to travel a great deal within the town at all times of the day. As you know, the town of Vellore covers a large area and there are plague cases in all parts of it. In order that the officers in question may do their work efficiently, it is absolutely necessary that they should be provided with conveyances. The Sub-Collector supports their application. I have therefore the honour to request that you will be so good as to move Government to sanction the allowances applied for from the Municipal funds.

Ref. on C. No. 3362 dated 26th March 1899.

Submitted to Government.

2. The officers named all keep jutkas; they cannot possibly do their work without them. I therefore request that the allowances may be granted.
3. They will, presumably, be debitable to the same head as the salary of the officers.

for Plague Commissioner.

Note

Current No. 1546 - regarding the grant of conveyance allowance to certain officers engaged on plague duty.

The Plague Commissioner recommends that a conveyance allowance of Rs 30 per mensem may be granted to each of the following officers on plague duty in the Vellur taluk - viz the Special Plague Officer (Captain French on Rs 200), the Additional Medical Officer (Dr W. B. Edwards on Rs 500) and the two nursing sisters (Miss Haines and Miss Bleaney on Rs 175 + a house rent allowance of Rs 3 per diem each).

2. The rules regarding the grant of "conveyance allowance" are contained in Article 1178 of the Civil Service Regulation and under Article 1181 the Government of India have sanctioned the grant of the conveyance allowance to the Special Plague Officer and the Additional Medical Officer. The Government of India have sanctioned the conveyance allowance in Bombay (pages 402 of Volume I). In the case of Miss Haines one of the Plague Inspectors of the Malabar District, Government of India.

Report to the Military Plague Committee.

last December that no sufficient funds
existed for the grant of a conveyance
allowance, especially as Madras has
had then only cases imported cases
of plague. (vide f.o. No 1251 dated
5th December 1898).

The Collector of North Arcot
states that the town of Villaveedu covers
large area and that there are plague
cases in all parts of it. He is of
opinion that it is absolutely necessary
that the officers referred to in para 1
should be provided with conveyances.
The Plague Commissioner ^{also} says that
these officers keep jittas and that they
cannot possibly do their work without
jittas. If it is considered that the work
upon these officers is such as to
enable them to maintain any means
of locomotion beyond what every
Government servant on active duty
should maintain, it is submitted
to the Government of India whether
granted for the grant of conveyance
allowance to them.

With reference to para 3 of the
Plague Commissioner's proceedings
submitted, it is submitted that

and the allowance should be charged
against the head of account to which
the salaries of the officers drawing the
allowances are debited (vide para 2 of
the general instructions appended to
f.o. No 698 Financial dated 15th August 1898).
The salaries of the Special Plague Officer
the Additional Medical Officer and the
nurses are debitable to 24 D. Province
- grant for medical purposes and the
allowances granted to them are al-
debtable to the same head.

For the C.S.

The principle which guided the
Govt. of India in the grant of
conveyance allowances in
Bombay appears, according to
Northam (Vol I p. 402), to have
been that "in some cases the
"execution of plague duties in
particular localities entails
"a considerable amount of
"moving about within a
"small area and necessitates
"the maintenance of equipage
"or the frequent hiring of
"vehicles. To repay the officers
for

Heartily agree with the Secy. & Mr.
It is absurd to propose convergences
allowances when the plague & therefore
the work are on ~~the~~ decrease.

Note

No doubt Vellore is a big shagging
Town & with Nagre has & there all over
it, the living of just than I must have been
necessary. The Nagre however ceased
to be really serious in a very short time
[] & allowance can hardly now be
— necessary - It is quite like the other
it is not while now addressing to Govt
of India on the matter. Had Nagre
continued in Vellore badly, I think
allowance sh^d have been given but
as it is I think the P.C. might be
told that at present the Govt don't
think it necessary to ask to Govt of
India to sanction these allowances
for now.
