No. 1567. 11th May 1899.
Note: Receipts in March 99

The receipts in March 99 on the whole show a falling off of 62 lakhs as compared with the receipts in the same month in the previous year. The largest decreases occur under Excise (2.29) and Provincial Rates (1.09). This decrease is however counter-balanced to a great extent by increased receipts under Land Revenue (3.06) and Salt (1.25).
2. The receipts for the whole year were however better than those of the previous year by 17.64 lakhs, mainly due to large increases under Land Revenue (12.86) and Salt (27.02). There were decreases chiefly under Excise (9.72), Customs (7.21) and Provincial Rates (2.40).
3. Compared with the revised estimate for 1898-99 the receipts were 15.65 lakhs less, large decreases occurring under

Land Revenue (9.79), Excise (2.52),
and Provincial Rates (2.72). The Salt
revenue however improved by 1.22 lakhs.

4. Judging from the present figures
the effect on the Provincial balance
is likely to be a decrease of 4.12 lakhs
as shown below: -
