SUBJECT.

Mem

From P.C. Officer at Fort St George. Remow a Remington in trial with Walff's duplicating apparatus, and let it be given a fair trial by a good typist. Inform other depts in the Fort and get them to try it also. Submit a report of the trials with samples of the work.

Reporting that Messrs Ince and Walff's duplicating apparatus was examined and found satisfactory.

From

HERBERT BRADLEY, Esq., I.C.S.,

ACTING SUPERINTENDENT OF STATIONERY,

Madras,

To

The Chief Secretary to Government,

Financial Department,

STONEHOUSE HILL.

SIR,

In continuation of my letter No.2,097 of the
A 12th April last (recorded in G.O. No.543 Financial dated
22nd idem), I have the honour to report that the case con-
taining Messrs Puccato and Wolff's duplicating apparatus
arrived here on the 3rd instant, I have since then tried the
apparatus and find that it is quite satisfactory. The films
are in excellent condition. They do not appear to have suffer-
ed from the change of climate. In the correspondence which
I forwarded to Government it is stated that the stencil paper
or film "is not waxed" and has been found to stand a tempera-
ture of 190°.

2. I have used the apparatus with a Remington
Typewriter. The ink ribbon has to be removed so that the type
may perforate the stencil paper. The apparatus could not be
so conveniently used with a Yost as the ink pad would have
to be removed and the type thoroughly cleaned from ink on
each occasion. The cost of the complete apparatus is said to
be "about 3£".

3. I have also tried the portion of the apparatus
that is used in the same way as a Cyclostyle and find it

quite

quite satisfactory.

4. I beg to enquire whether the apparatus should be forwarded to Ootacamund for inspection and trial. Meanwhile, I will inform the Director General of Stores that it has arrived and a report on its working will be made shortly.

I have the honour to be,

Sir,

Your most obedient servant,

Arthur B. Radley

Ag. Superintendent of Stationery.
