Cap. 3.5.12/98

NOTES CONNECTED WITH G.O., Nos. 779, 780, FINANCIAL, DATED 11TH JULY 1899.

Letter from the Inspector-General of Police, No. 1235, dated 24th March 1899.

With the foregoing current the Inspector-General of Police submits for orders the claims of a number of Reserve Inspectors and European Head Constables for exchange compensation allowance. A list of these together with the usual questions with answers by the claimants is attached to his letter.

2. In the first place it has to be seen whether the claimants are personally eligible for the allowance, *i.e.*, whether they fall outside the definition of Statutory Native of India, which includes persons "born and "domiciled within the dominions of Her "Majesty in India of parents habitually "resident in India and not established "there for temporary purposes only." An examination of the answers given by each shows that they were all born *out of* India and therefore cannot be Statutory Natives. They are all therefore personally eligible for exchange compensation allowance.

Paragraph 4 of Government of India Resolution in G.O., No. 491, Financial, dated 24th June 1897.

Government of India Resolution, No. 2418-Ex., dated 26th May 1899.

3. In the next place it has to be considered whether they are officially eligible for the allowance, *i.e.*, whether they hold appointments or are members of a service or department, which has been declared by the Government of India to render its holder or member entitled to exchange compensation allowance if personally eligible.

4. Taking the claims of Reserve Inspectors first, it is observed that this Government in list B annexed to letter, No. 481, Financial, dated 26th May 1898 (page 21), recommended that 25 *per cent.* of the appointments of Inspectors of Police should be held by Europeans. The Government of India, in passing orders on the several proposals made to it, decided as regards Inspectors that in cases where officers are or have been specially appointed as Inspectors for a time only in pursuance of a system of recruitment for Assistant Superintendencies or pending the occurrence of a vacancy, these may be admitted to exchange compensation allowance. The Government of India added that it had been laid down, in some provinces at least, that the District Reserve Inspectors of Police should be Europeans and that these officers might also be admitted. It does not appear to have been laid down in this Presidency that Reserve Inspectors should be Europeans, but the Inspector-General considers it essential that a very large proportion of these subordinates should be Europeans as in practice the majority of them are pensioned soldiers. If the Inspector-General's view is accepted, it is submitted that the claims of the Reserve Inspectors included in the Inspector-General's list may be admitted.

5. As regards European Head Constables, the Government of India remarked in paragraph 22 of the resolution quoted above that European Constables and European Sergeants of Police require European qualifications and are appointed by reason of their possessing them. At the same time it added that these officers are hardly within the classes for whom exchange compensation allowance is intended and that the most suitable form of order regarding them that commended itself to the Government of India was that they should be considered eligible until the Local Government reconsidered and revised the salaries attached to the appointments. The Inspector-General points out that a revised scale of salaries was sanctioned in G.O., No. 173, Judicial, dated 28th January 1898, and states that this will be introduced as soon as the men

in excess of the revised strength are absorbed. The Inspector-General proposes that "from *that time* forward" (*i.e.*, from the introduction of the revised scheme) the grant "of exchange compensation allowance "should cease." He apparently intends that these European Head Constables should draw the allowance from the 1st April 1897 (*vide* paragraph 1 of Government of India resolution on page 2 of G.O., No. 1155, Financial, dated 3rd December 1898) until they are absorbed in the new scale. * This proposal may be sanctioned?

* I think so.

(Intld.) G.S.
10-6-99.

Does this mean that arrears are to be drawn from April 1st, 1897? Has this been done in other cases? If so, I concur.

(Intld.) A.T.A.

6. The Inspector-General also submits for favourable consideration the claim of Mr. Gibbs, the Storekeeper of his office, and states that ever since the organization of the police this post has been held by a European. He refers to paragraph 5 of Sir William Robinson's letter in G.O., No. 1338, Judicial, dated 17th August 1867, where that officer remarked that the post of the Storekeeper should always be held by a thoroughly trustworthy and intelligent European. The Judicial Department considers that this office is one in which European qualifications are essential. From the answers given to the questions in his case, it appears that Mr. Gibbs is not a Statutory Native, but before his claim can be admitted to exchange compensation allowance, it is necessary that the appointment he holds should be declared by the Government of India to render its holder entitled to exchange compensation allowance, if personally eligible. It is a question therefore for orders whether this appointment should be recommended to the Government of India for inclusion in the list of appointments carrying exchange compensation.

Vide Government of India Resolution, No. 2418-Ex., dated 26th May 1899.

It should.

7. The Inspector-General reports that Inspectors Hill and Reynolds, Town Inspectors of police, have also claimed exchange compensation allowance. Answers to questions from these officers showing that they are not Statutory Natives are also submitted; but the Inspector-General is of opinion that they are not entitled to the allowance as they are not Reserve Inspectors of Police at present. It is submitted that the claims of Inspectors Hill and Reynolds cannot be admitted.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers:—

From H. A. STUART, Esq., I.C.S., Acting Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 24th March 1899, No. 1235.

With reference to rule 21 of the Government of India resolution contained in G.O., No. 1081, Financial, dated 19th November 1898, I have the honour to submit, for the orders of Government, the claims of a number of Reserve Inspectors and European Head Constables for the grant of exchange compensation allowance.

2. In the accompanying list the names of such of the Reserve Inspectors and European Head Constables as are not statutory natives of India are included. I consider they are entitled to the allowance, for it is essential that a very large proportion of the Reserve Inspectors should be Europeans, and in practice the majority of them are pensioned soldiers. This is also true of the European Head Constables, but in their case the Government of India suggests that they should be considered eligible only until the Local Government reconsiders and revises the salaries attached to their appointments. A revised scale of salaries was sanctioned in G.O., No. 173, Judicial, dated 28th January 1898, and this will be introduced as soon as the men in excess of the revised strength are absorbed. From that time forward the grant of exchange compensation allowance should cease.

3. The claim of Mr. A. Gibbs, Storekeeper of my office, is submitted for the favourable consideration of Government. Ever since the organisation of the police this post has been held by a European and I beg to refer Government to paragraph 5 of Sir William Robinson's letter embodied in G.O., No. 1338, Judicial, dated 17th August 1867, where he states that it always should be held by a European, an opinion that was accepted by the Government without remarks.

4. Inspectors Hill and Reynolds, town Inspectors of Police, have also claimed the allowance, but I am of opinion that they are not entitled to it as they are not Reserve Inspectors of Police at present.

5. The forms relating to the allowance filled in by the above officers are enclosed.

The CHIEF SECRETARY to the GOVERNMENT of FORT ST. GEORGE,

To

The SECRETARY to the GOVERNMENT of INDIA, Finance and Commerce Department.

Sir,

With reference to paragraphs 21 and 22 of Government of India Finance and Commerce Department Resolution No. 4847-Ex., dated the 5th November 1898, I am directed to request that the post of Storekeeper in the office of the Inspector-General of Police in this Presidency may be included amongst those which entitle the holder, if personally eligible, to draw exchange compensation allowance. This appointment has always been held by a European since the organization of the Police and so far back as 1867 it was recognised that the post should always be held by a thoroughly trustworthy and intelligent European. The present Inspector-General considers that this rule should continue to be observed, an opinion in which this Government concurs.

I have the honour to be,

Sir,

Your most obedient servant,

A Police Reserve has to be kept in a high state of efficiency and discipline and as a native is not likely to have the requisite influence over his men an old European Soldier is considered necessary for the post of Reserve Inspector.
(ii) (a) that a proportion of Europeans is held by the Government of India to be indispensable in the $\frac{\text{Service}}{\text{Department}}$ to which you belong; and	
(b) that you were appointed as a European for the purpose of maintaining that proportion.

NOTES CONNECTED WITH G.O. Nos 778-780 d/ 11.7.99
Pub. Letter from the Inspector-General of Police, Madras No 1235 d/24.7.99

Note by the CS

I have the foregoing current the Inspector-General of Police submits for orders the claims of a number of Reserve Inspectors and European Head Constables for exchange compensation allowance. A list of these together with the usual questions with answers by the claimants is attached to his letter .

2. In the first place it has to be seen whether they are personally eligible for the allowance, i.e. whether they fall outside the definition of Statutory Natives of India , which includes persons " born and "domiciled within the dominions of Her "Majesty in India of parents habitually resident in India and not establis- "ed there for temporary purposes only" An examination of the answers given by each shows that all of them fall outside this definition and that they are therefore all personally eligible for exchange compensation allowance.

3. In the next place it has to be considered whether they are officially eligible for the allowance, i.e. whether they hold appointments ~~in which European qualifications are held to be indispensable~~ or are members of a service or department, ~~in which a~~ proportion

Vide para 4 of
G.O. Rev. in G.O.
No. 491 Dated 24th June 1897.
Vide also G.O. Rev.
No. 2418 Dated 26th May 1899.

They were all born out of India and therefore cannot be Statutory Natives
CS

which has been declared by the
protection of Europeans is held to be
indispensable, ~~a~~ holder or member ~~of the~~ both
~~subscribed by the fact~~ ~~is to be~~ entitled to
exchange compensation allowance
if personally eligible.

4. Taking the claims of Reserve Inspectors first it is observed that this Govt. in list B annexed to letter No.481,Finl. dated 26th May 1898, (page 21) recommended that 25 per cent of the appointments of Inspectors of Police should be held by Europeans. The Govt. of India, in passing orders on the several proposals made to it, decided as regards Inspectors that in cases where Officers are or have been specially appointed as Inspectors for a time only in pursuance of a system of recruitment for Assistant Superintendencies or pending the occurrence of a vacancy, these may be admitted to exchange compensation allowance. The Govt. of India added that it had been laid down, in some provinces at least, that the district Reserve Inspectors of Police should be Europeans and that these officers might also be admitted. It does not appear to have been laid down in this Presidency that Reserve Inspectors should be Europeans, but the Inspector-General considers it essential that a very large proportion of the Reserve Inspectors should be Europeans as in practice the majority of them are pensioned soldiers. If the Inspector General's view is accepted, it is submitted that the claims of the Reserve Inspectors included in the Inspector-General's list may be admitted.

G.O.No.1081 Finl.d/19-11-98
(Vide para. 20 of Ind. Resn. in it.)

5. As regards European Head Constables, the Govt. of India remarked in para 22 of the Resolution quoted above that

The D. G. proposes that "from that time forward (i.e from the introduction of the revised scheme) the grant of exchange compensation allowance should cease". It apparently intends that these European Head Constables should draw the allowance from the 1st April 1897 (vide para 1 of P.P. of I. Roorkee on p. 2 of P.O. 1155 Jud: of 3. R. 98) until they are absorbed in the new scale. This proposal may be sanctioned?

I think so.

Does this mean that arrears are to be drawn from April 1st 1897? Has this been done in other cases? If so — I concur.

that European constables and European Sergeants of Police require European qualifications and are appointed by reason of their possessing them. At the same time it added that these officers are hardly within the classes for whom exchange compensation allowance is intended and that the most suitable form of order regarding them that commended itself to the Govt. of India was that they should be considered eligible until their local Govt. reconsidered and revised the salaries attached to the appointments. The Inspector-General points out that a revised scale of salaries was sanctioned in G.O.No.173 Judicial,d/ 28-1-98, and states that this will be introduced as soon as the men in excess of the revised strength are absorbed. It is submitted that until then the claims of the European Head Constables included in the Inspector-General's list may be admitted.

6. The Inspector-General also submits for favourable consideration the claim of Mr. Gibbs, the Storekeeper of his office, and states that ever since the organization of the police this post has been held by a European. He refers to para 5 of Sir William Robinson's letter in G.O.No.1338, Judl,d/ 17-8-07, where that officer remarked that the post of the Storekeeper should always be held by a thoroughly trustworthy and intelligent European. The Judicial Department considers

considers that this office is one in which European qualifications are essential. From the answers given to the questions in his case, it appears that Mr. Gibbs is not a statutory native, but before his claim can be admitted to exchange compensation allowance it is necessary that the appointment he holds should be declared by the Govt. of India to render its holder entitled to exchange compensation allowance, if personally eligible. It is a question therefore for orders whether this case should be recommended to the Govt. of India for favourable consideration.

Vide G.I. Res., No. 2418 G, D, 26 May 1899.

inclusion in the list of appli. carrying exchange compensation

7. The Inspector-General reports that Inspectors Hill and Reynolds, Town Inspectors of Police, have also claimed exchange compensation allowance. Answers to questions from these officers showing that they are not Statutory Natives are also submitted; but the Inspector-General is of opinion that they are not entitled to the allowance as they are not Reserve Inspectors of Police at present. It is submitted that the claim of Inspectors Hill and Reynolds cannot be admitted.
