ABSTRACT.—Sanctioning the payment from Provincial funds of one-half of the cost of medicines, &c., purchased during the year 1899 for the use of the Native Infirmary, the Black Town Dispensary and Raja Sir Ramaswamy Mudaliyar's Lying-in Hospital.

READ—also the following paper :—

G.O., Mis. No. 870A M., dated 20th June 1899.

Read—Proceedings of the Educational Department, No. 489, dated 6th August 1898, stating, with remarks, that the charge incurred for giving clinical instruction to hospital assistants at the Lying-in Hospital should continue to be met until the establishment of a medical school at Rayapuram, and transferring to the Local and Municipal Department the question of continuing the remaining items of the Government contributions to the Ramaswamy Mudaliyar's Lying-in Hospital and the Native Infirmary, Rayapuram.

Order—Mis. No. 870A M., dated 20th June 1899.

In its Proceedings, No. 870 M., dated 20th June 1899, dealing with the question of the opening of a new municipal hospital in Black Town, the Government has stated that the only help it can give towards the upkeep of the new hospital is to supply medical officers free of charge. As this hospital will replace the Black Town dispensary and the Native Infirmary the contribution of Rs. 2,670 now paid by Government towards the cost of medicines supplied to the latter institution may be discontinued, when the new hospital is opened.

2. The establishment of the proposed hospital does not however affect the organization of the Ramaswamy Lying-in Hospital and any reduction in the contribution paid on its account is not therefore possible at present.

September 1895, and represents the grant for 1894 on account of a moiety of the cost of medicines supplied, according to the Report on Civil hospitals and dispensaries for that year, to the Native Infirmary. From the reports on Presidency hospitals of subsequent years and from G.O., No. 1808 M., dated 31st October 1895, it appears that the contribution is also intended to cover a moiety of the cost of medicines supplied to the Black Town Dispensary and to the Ramaswamy Lying-in Hospital. As it has been decided that the contribution to the Ramaswamy Lying-in Hospital cannot at present be reduced, a moiety of the cost of medicines supplied to that institution should continue to be defrayed from Provincial funds even when the contributions on this account to the Native Infirmary and the Black Town Dispensary cease. The Surgeon-General will include the necessary provision in the budget for the ensuing year.

Note

As it appeared from the annual report on Civil hospitals and dispensaries for 1894 that ~~among others~~ a ⁽¹⁾ contribution of Rs.3,540 towards the salary of Medical Officers and of Rs.300 as a special allowance ~~was~~ ^{well} made to the Famaswami Lying-in-hospital, and that ⁽²⁾ Rs.2,670 on account of Medicines was paid to the Native Infirmary under orders issued several years previously and under special circumstances which might since have altered considerably, the Local and Munl: Dept was requested to consider whether there was any necessity to continue the concession in future. Orders as regards these contributions were however first deferred pending receipt of a report on the question of the organization and management of the Native Infirmary, the Black Town Dispensary and the Rajah Sir Famaswami's Lying-in hospital, ~~but the question was~~ subsequently ordered to be dealt with in the Educl. Dept as a part of the proposals in connection with the Payapuram Medical School.

2. The first item (Rs.3540) referred to above includes a sum of Rs.600 paid to the Asst. Surgeon for giving clinical

clinical instruction to hospital assistants at the Lying in hospital, and this, it was decided in G.O.No.489 Educl.,d/ 6th Aug. 1898, should continue to be met by Govt. until the medical school which was to be opened at Edyapuram, but which was awaiting a further report, was established. At the same time the question of continuing the balance of Rs.2,940 for the Lying-in-hospital and the contribution of Rs.2,670 to the Native Infirmary towards the cost of medicines was left to be dealt with in the L & M. Dept. The current read above contains the orders of that dept. as regards these two items. It is here decided that as under G.O.No. 870 M.d/20-6-99, medical officers are to be supplied free of charge to the new municipal hospital which it is proposed to construct and which ~~will~~ replace the Black Town Dispensary and the Native Infirmary, the contribution of Rs.2,670 paid by Govt. towards the cost of medicines supplied to the latter institution should be discontinued when the new hospital is opened. As however the establishment of the proposed hospital will not affect the organization of the Ramaswami Lying-in-hospital, it is ruled that no reduction in the contribution paid on its account is possible at present.

3. It must be observed that the contributions referred to are not fixed items. The figures dealt with were taken from the annual report on Civil hospitals

and dispensaries for 1894 and represent the expenditure for that year. The contribution on account of the salaries of the Medical subordinates attached to the Ramaswami Lying in hospital must necessarily vary according to the grade pay of these officials, while that for the cost of medicines will depend on the supply made each year. The provision on account of these items for the current year will be found on pages 159 and 169 of ^{the} Civil Budget Estimate. The contribution on account of medicines is not made solely to the Native Infirmary as appears from the correspondence so far dealt with, but represents a moiety of the cost of medicines supplied to the Native Infirmary ^{but also to} the Black Town Dispensary, and the Ramaswami Lying-in-Hospital. This is apparent from the reports of subsequent years of the Presidency hospitals (vide for instance that for 1897- pages 38 to 41) and from the note in G.O. No.669, Finl: d/ 4th Aug. 1898 - also from page 159 of the C.B.E. and A.O. 2268 P. 29 dated 29 May 1899 ^{sanctioning the contribution for} As it has been decided that the contribution to the Ramaswami Lying-in-hospital cannot at present be reduced ~~since the proposed new municipal hospital will not affect the organization of the former institution~~ ^{that portion of the for medicines} apparently ^{which relates to} a moiety of the cost of medicines supplied ^{to that institution} should continue to be made ~~when~~ ^{when} the portion of the contribution intended for the Native Infirmary and the Black Town Dispensary has ceased to be disbursed
