Note for the Secretary

The Fin Dep invite remarks as to the reduction of plague charges in the Madras City.

2 This subject has been thoroughly gone into in the papers disposed of in G.O. No. 872 P. dy 8.6.99. When reviewing the Madras city Plague Establishment, dist received from the President in May last, Mr. ~~suggestions~~ regarding the reduction of the establishment in all directions were made and the President called upon to report in the matter. The President ~~submitted~~ recommending his proposals for the abolition of certain appointments and the reduction in the pay of certain others. Most of his proposals were approved in the G.O. quoted above.

3. In the same G.O. (para 2) the President was called upon to report if the Inspectorship at Perambore could be curtailed without impairing

its efficiency. The President reported that no reductions were possible. (2 para 3 of G.O., the Surgeon-General's opinion was invited on the President's proposal to dispense with the services of two medical Officers and one Assistant Surgeon. The Surgeon-General has replied to say that the services of one Medical officer and one Ass't Surgeon have dispensed with, already been withdrawn and that the Services of the second medical officer will shortly be withdrawn. (G.O. No 992P dy 26.8.99).

4 This letter & G.O. disposed of in the above G.O. quoted above, the President stated that the question of reducing the number of flushing Coolies & mistries would be further considered before making any recommendation in respect of them. The President subsequently reported on June that the Standing Committee had resolved "to abolish the appointments "of 24 Conservancy overseers "as also the flushing "establishment, on the "score that the expenditure "could not properly be "charged to plague, nor "are these funds available "for continuing the charge". The President was told that the above establishment should be retained pending final orders on the subject, the proposal being at the same time referred to the Sanitary Commissioner for remarks. The Sanitary Comm.r has strongly protested against the proposal. Orders have not been passed in the matter.

5. The lists (Provincial & Municipal) of the Plague Establishment for the

current month received from the President shew the Establishment as revised with reference to the foregoing ~~remarks~~ paragraphs.

2. The question of relieving the only military officer now on Plague duty & of appointing a ~~fit~~ less expensive officer in his place is also under consideration.

14/7/99 The Question of reducing Plague Establishments in Madras City is receiving full attention in this Department
