EXPLANATORY REMARKS

The cost of purchases of mercury supplied to the Local Fund Hospitals and dispensaries in the District. The expenditure was not known in this office until it was actually incurred on 25th April, 1899 by the District Medical and Sanitary officer who purchased the medicine for disinfecting purposes at the instance of the President Saluki Board Niziangram. It was consequently not foreseen when the estimate of this District for April 1899 was prepared, on 26th March, 1899. Columns 3 & 4 under 'Local' are left blank, as no expenditure is anticipated to be incurred during the current and succeeding quarters.

The estimates for each Municipality is shown separately as required by G.O. No. 796 P. O. dated 29th May 1899. The 1st column is left blank, as allotments have not yet been sanctioned by Government separately for each Municipality. The lump allotment of Rs 2680 under Municipal adopted in the estimate has been sanctioned in G.O. No. 496 P. O. dated 12th April and 569 P. O. dated 3rd May 1899. This lump allotment has been apportioned among the four Municipalities ratably with reference to the actual expenditure incurred by each.

The details of salaries and establishments provided for in this estimate under Municipal are the same as those explained in the estimate of the District for April 1899 with the exception that the pay of the Hospital Assistant on plague duty at Usmanigram is not Rs 30 shown therein but Rs 25 with plague allowance of Rs

EXPLANATORY REMARKS.

Rs 10 per mensem as reported in this office Dis cre 211 P dated 6th June 1899. The Chairman of the Municipality provides for this Hospital Assistant in his estimate for the quarter ending 30th September 1899 what he calls language allowance at Rs 2 per mensem in addition to the plague allowance of Rs 10. This language allowance is shown in the estimate also as reported by the Chairman. The Chairman has been requested to explain this item in detail.

The actual expenditure incurred on account of the entertainment of the Hospital Assistant on plague duty at Anakapalli during the quarter ending 30th June 1899 is shown in the estimate as Rs 25 only instead of as Rs 75, the reason being that, as he was appointed for two months in that quarter to discharge the duties of the Hospital Assistant in charge of the Municipal Dispensary at Anakapalli without prejudice to plague duty, he was paid from Municipal and not from plague funds. The saving of Rs 50 thus effected is included in column 5 of the estimate against 'Miscellaneous' of the Anakapalli Municipality.
