Note

The estimates of the Collector of Malabar and the Sanitary Commissioner were despatched to the Financial Department on the 12th & 17th instants respectively. The establishment list of Malabar due to this Department was received in the Madras office on the 15th inst. The list

due to the Financial Department might probably have since been received.

As Collrs are required to send copies of the Estabt lists direct to the Fin. Dept, that Dept might issue a reminder when any list has not been received.

As regards plague estimates, the following procedure is at present adopted. They are received at hqrs and registered, & sent direct to Dy with a Dept Endt transferring them to Fin Dept. The Endt is signed at Ooty & if not then despatched to which the Fin Dept then revises the estimate & sends the draft to this Dept for C.I. This entails considerable delay, which can be avoided if Collectors are required to address the estimates to Fin Dept in the first instance.

PLAGUE ESTIMATES . Para. 3 of G.O.No.868,Finl., dated 11th October 1898 directed that the monthly Plague estimates should be submitted by Collectors before the 5th of each month to the Plague Commissioner who was to forward them immediately to the Finl. department with such remarks as might seem to be necessary. In G.O.No.478, Finl., dated 1st April 1899 the estimates were made quarterly and the estimates for the quarter ending 30th June 1899 were reviewed by the Plague Commissioner and sent to the Financial department. The estimates for the second quarter were received in the L. & M. department and transferred to the Financial department without any remarks. As these estimates are now simply transferred to the Financial department without remarks, it would avoid delay, as pointed out by the L. & M. Department, if Collectors are required to send the estimates direct to the Financial department. The draft review with the estimate would of course be sent to the L. & M. dept.
