FINANCIAL DEPARTMENT.

Read—again the following papers:—

G.O., No. 604, Financial, dated 21st September 1896.

Abstract.—Approving the suggestion of the Accountant-General that he may be allowed to forward to Government in future proposition statements in duplicate so as to admit of one of the copies being returned to him with the sanction of Government written across it; and circulating to Secretariat departments and heads of departments a summary of instructions relating to the preparation and submission of proposition statements.

G.O., No. 785, Financial, dated 24th September 1897.

Abstract.—Recording letter from the Accountant-General stating that the submission of a proposition statement in the case of establishments entertained solely for famine work may be dispensed with; and directing the omission of certain words in rule 12 in the annexure to G.O., No. 604, Financial, dated 21st September 1896.

Order—No. 909, Financial, dated 17th August 1899.

The following will be added as rule 12-A in the appendix to G.O., No. 604, Financial, dated 21st September 1896:—

12-A. Where sanction is sought for the first time for the temporary entertainment of plague establishments, the necessity for the submission of proposition statements depends upon the nature of the establishments themselves. If an establishment is entertained solely for plague and forms a *direct* plague charge, it may be regarded as "new" and the procedure of sending proposition statements may be dispensed with. But if the cost of an establishment is treated as an additional charge incurred on an existing establishment in consequence of extra work occasioned by plague, proposition statements must be submitted.

No. P.—12.

Fort St. George,
Accountant-General's Office,
20*th July* 1899.

(Signed) T. HESKETH BIGGS,
Accountant-General.

—

From the Commissioner of Police, Madras, dated 17th July 1899, No. 65.

—

From W. J. A. SULLIVAN, Esq., Acting Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 8th August 1899, No. 3144.

With reference to paragraph 2 of G.O., No. 803, Financial, dated 17th July 1899, I have the honour to submit a statement showing the distribution of the provision for the second quarter of this year among the districts of the Presidency.

2. From the lists of the plague establishments for the month of July 1899 just received in this office, it appears that the total provision of Rs. 2,000 will be exceeded by about Rs. 1,000. In the next two quarters expenditure is likely to decrease as the plague force is being reduced. The total provision for the year will, therefore, not be exceeded.

3. If the figure Rs. 2,000 is corrected into Rs. 3,000, I request that Rs. 1,500 for the third quarter and Rs. 1,500 for the fourth quarter may be entered in the consolidated estimate.

Enclosure.

Order—No. 906, Financial, dated 17th August 1899.

Appendices A, B and C to these proceedings contain the consolidated estimates of plague expenditure for the quarter ending the 30th September 1899 under Provincial, and Appendices D, E and G, the estimates under Local (*Direct* and *Indirect*) and Municipal. Appendix F exhibits the expenditure to be borne by each District Board in 1899-1900 rateably to its receipts, and Appendix H shows the actual *direct* expenditure up to the 30th June 1899 under Provincial, Local and Municipal and the *indirect* expenditure up to the 31st May 1899 under Provincial and Local.

2. The estimates for the year as now framed are compared below with the allotments in the Civil Budget Estimate under Provincial and with the estimates accepted in G.O., No. 1259, Financial, dated 28th December 1898, for Local and Municipal, as also with the last quarterly estimates.

* Sanctioned in G.O., No. 1259, Financial, dated 28th December 1898.

3. Provision has been made in the present estimates for *requirements based on present conditions*. This course should invariably be adopted in all future estimates submitted to Government. If Collectors and other officers find that their estimates as now passed are inadequate, it will be their duty to apply for extra grants. All officers have been already warned in paragraph 7 of G.O., No. 569, Financial, dated 3rd May 1899, that they must not re-appropriate or utilise for non-plague purposes the balances of allotments existing in their original plague budgets.

4. Owing to the amalgamation of the establishment of the Plague Commissioner's office with that in the Local and Municipal Department, the estimate under 18-H. General Administration has exceeded the original grant by about Rs. 9,000. An additional allotment of Rs. 10,000 will be re-appropriated from savings under 24-D. Grants for Medical Purposes.

5. The increased allotment under 15. Post Office will probably not be necessary in view of the fact that it is under contemplation to reduce the establishment in the Kurnool district. The Postmaster-General will, however, be requested to report at an early date on this point.

6. The Board of Revenue will be requested to report as regards the provision under 11. Forest, and the Sanitary Commissioner will forward a re-appropriation statement for the estimated expenditure under 24-C. Sanitation and Vaccination.

7. The establishments of Additional Medical Officers and Special Plague Officers have been retained under Provincial pending the receipt of a reply from the Government of India to letter No. 724, Financial, dated the 23rd June 1899.

8. Appendix H. The Accountant-General will be requested to furnish details for the actual expenditure entered under 24-A. Medical Establishment against Anantapur,

North Arcot, Coimbatore and Kurnool. These amounts should be transferred to Local if they represent the cost of additions to the establishment of District Medical and Sanitary Officers.

9. A sum of Rs. 24 has been shown as expenditure up to the 31st May 1899 under 15. Post Office in the Nilgiri district, while the monthly plague establishment list shows no establishment. This should be explained.

10. The details for Rs. 64–8–0 shown as actuals up to the 31st May 1899 under 19-A. Law and Justice against the Bellary district should also be furnished.

11. In view of obtaining an approximately correct revised estimate of Plague expenditure for inclusion in the preliminary edition of the Civil Budget Estimate for 1900–1901, which is forwarded to the Government of India, the next plague estimates should be submitted so as to reach Government on the 5th November and should show (1) actual expenditure up to the 31st October 1899, (2) estimate for November and December 1899, (3) estimate for the last quarter of the official year, and (4) total estimate for the year. All officers concerned will submit with these estimates an estimate of expenditure for the year 1900–1901 based on the conditions existing at the time of framing the estimates. The Accountant-General will be requested to furnish all officers with forms for the annual estimate, which need not provide for each quarter of the year separately. The submission of quarterly estimates in October will be unnecessary; but, as already pointed out above, officers will be held responsible for promptly obtaining additional grants, should there be any likelihood of any excess over the estimates accepted in these proceedings.

NOTES CONNECTED WITH G.O., NOS 906, 907, FINANCIAL, DATED 17TH AUGUST 1899.

LOCAL AND MUNICIPAL DEPARTMENT.

For the Secretary—

With reference to the marginal note against paragraph 1 of the Financial draft order received for counterinitials, it is submitted that the districts containing railway inspection stations are correctly shown in Appendix F. As to frontier districts, it is submitted that only some of them (viz., South Canara, Cuddapah, Ganjám, Gódávari, Kurnool, Malabar and the Nilgiris) are shown as such, other frontier districts, such as North Arcot, Bellary, Anantapur, Coimbatore, Salem, &c., not being so marked. The reason is not understood.

Note.—In appendix F (expenditure to be borne by each district board in 1899–1900 rateably to its receipts) only such districts as have *at present* railway inspection stations have been so marked. Local and Municipal may be asked to check the frontier and railway inspection districts shown in that appendix?

C. M SCHMIDT.
4–8–99.

2. In paragraph 3 of the draft order it is stated that provision has been made in the present estimates for requirements based on present conditions and that if the estimates, as now passed, are found to be inadequate, extra grants should be applied for. The Financial department when passing orders on the estimate of the Local and Municipal department reduced the provision under "office expenses" without taking into account the actuals of the previous quarter incurred by the Plague Commissioner. The Financial department may perhaps be now requested to restore the provision to its former amount. As the papers on the subject are in the Madras office, it is submitted that the file may be sent to Madras office for note.

T.S.
5–8–99.

Yes, send to Madras and tell them to return by same day's post.

M. HAMMICK.
5–8–99.

For the Secretary—

This office estimate.—The amount entered by this office under office expenses and miscellaneous was Rs. 2,500, but the Financial department cut it down to Rs. 1,209, considering the past actuals of the Local and Municipal Secretariat. But during the same period the Plague Commissioner spent Rs. 565 under the same head, and as the Plague Commissioner's work is now done in the Secretariat, it is submitted that his "actuals" also should have been taken into consideration. From this point of view, there seems no ground for the reduction. But there is no necessity for any immediate revision of the Financial order, as the provision can be raised during the next quarter.

2. *Appendix F.*—This seems to require revision. It is based on G.O., No. 547, Financial, dated 18th June 1898. When that order was passed, the only frontier districts within the meaning of that order were Bellary and Kurnool in which land *observation schemes* had been introduced. In North Arcot and Coimbatore, only railway inspection stations were then working, and these districts were not then treated as "frontier districts proper" because there was then no plague near them. Consequently it was decided that while Bellary and Kurnool should bear one-third of the cost of the plague measures taken in those districts, North Arcot and Coimbatore should bear one-fourth; the remaining portion of the expenditure was divided among the remaining districts on the sole ground that the measures also benefited them.

3. In August 1898, the state of Mysore became infected with plague and land observation schemes were introduced in consequence in all the bordering districts, namely, Anantapur, Cuddapah, North Arcot, Salem, Coimbatore, the Nilgiris, Malabar and South Canara. All these districts now became "*frontier districts proper*" within the meaning of G.O.,No. 547, Financial, dated 18th June 1898, and the proportion of expenditure should have been altered accordingly. At present there are no observation schemes in Kurnool, Anantapur, Cuddapah and South Canara. The East Coast districts had no land observation schemes at any time.

4. At one time, it was thought the land observation schemes of one district benefited indirectly the whole of the Presidency, and for that sole reason the charges were ordered to be distributed among all the districts in certain proportions. But that view has now been given up and it has been decided that "road frontier inspection stations and observation circles afford protection which is local in its character while railway inspection stations protect the Presidency in general" and that "expenditure in connection with the former will therefore be treated as local or municipal according to the area in which the inspection or observation circles are situated"—*vide* G.O., No. 615, Financial, dated 17th May 1899. In other words what was once considered to benefit the whole Presidency and therefore to be debitable to the whole Presidency is now regarded as affording protection to the particular area in which measures are taken, and must therefore be debited to that area alone and not the whole Presidency, or, briefly, G.O., No. 615, Financial, dated 17th May 1899, must be considered as superseding G.O., No. 547, Financial, dated, 8th June 1898.

5. There is another reason why Appendix F should be given up altogether. In its letter No. 262, Financial, dated 18th February 1899, the Government of Madras has represented to the Government of India that both Provincial and Local funds cannot in justice be burdened with plague expenditure and that this expenditure should be met from a special assignment from the Imperial funds. From this point of view the distribution of charges incurred by one District Board among others seems quite unnecessary when the whole of the charges have to be paid by a third party.

M. S. MASCARENHAS.
7-8-99.

The papers are returned to Finance—Appendix F apparently requires correction or perhaps it may be omitted.

M. HAMMICK.
8-8-99.

To Financial u.o.

FINANCIAL DEPARTMENT.

For the Chief Secretary—

It has already been decided that the question of the distribution of the expenditure under LOCAL among other local boards should be left alone and should not be re-opened. The Secretary of the Local and Municipal department has already remarked that this is a matter in which the Local and Municipal department need not interfere and that if Financial thinks that frontier local fund board expenditure on plague should be distributed on all boards, Local and Municipal need not object.

Notes in G.O., No. 698, Financial, dated 16th June 1899.

2. In paragraph 5 of the Local and Municipal note it is stated that Appendix F should be given up altogether as the Government of Madras has represented to the Government of India that plague expenditure debitable to Provincial and Local funds should be met from a special assignment from Imperial funds. Submitted that as the Government of India has not yet accepted this position, matters must be dealt with as they stand at present.

3. The following are the districts in which railway inspection is in force :—

Districts.	Railway inspection stations.
Anantapur	Guntakal. Hindupur.
Bellary	Hospet. Tungabhadra.
Coimbatore	Podanur.
Salem	Jalarpet.
North Arcot	Arkonam.

The LOCAL plague expenditure in these five districts will be distributed in the ratio of one-fourth to the districts themselves, the remaining three-fourths being contributed by the other districts of the Presidency rateably to their annual receipts.

G.O., No. 547, Financial, dated 16th June 1898.

4. There is plague at present in the *Salem district*. Outside the Madras Presidency there is plague in (1) the districts of Mysore, Kolar and Bangalore in the *Mysore Province* and the Civil and Military Station of Bangalore, (2) the districts of Lingsugar, Naldrug and Gulbarga in the *Hyderabad State*, (3) *Bombay Presidency* including Sind, (4) the city of *Calcutta*, (5) the district of *Howrah in Bengal* and (6) the districts of Jullundur, Hoshiarpur and Rawalpindi in the PUNJAB.

G.O., No. 1128, Financial, dated 24th July 1899.

Of the Madras districts not mentioned above, the following border the Mysore Province :—The Nilgiris, Cuddapah, South Canara and Malabar. The districts of Kistna, Kurnool and Gódávari border the Hyderabad State. The district of Salem is itself surrounded by the Trichinopoly and South Arcot districts and it is for orders whether Trichinopoly and South Arcot should be therefore treated as frontier districts. It is thought not as they are not frontier districts so far as the Presidency, taken as a whole, is concerned. In these frontier districts, one-third of the *Local* plague expenditure will be borne by the districts themselves, the remaining two-thirds being contributed by the other districts of the Presidency rateably to their annual receipts. *Ganjám* should apparently also be treated as a frontier district, as there is plague in the Bengal Presidency.

G.O., No. 547, Financial, dated 16th June 1898.

5. Comparing the principles followed in working out appendix F with those enunciated above, the following alterations will now have to be made: Kistna one-fourth should be corrected into Kistna one-third (*N.B.*—This does not make any difference as there is no enpenditure in Kistna).

If South Arcot and Trichinopoly are to be treated as frontier districts their *Local* expenditure will have to be distributed in the proportion of one-third to the districts themselves, the remaining two-thirds being contributed by the other districts. The Local and Municipal department may, it is submitted, be asked to state whether the plan worked out above is correct in its details.

6. *Submitted that the Local and Municipal Department may be asked to send an early reply to this reference*, as the issue of orders on the consolidated plague estimates for the current quarter is being delayed. So long as the distribution of local expenditure amongst districts is in force, appendix F is absolutely necessary to ascertain the approximate amount of plague expenditure debitable, under present circumstances, to each district board in the current year. This information is required by Local and Municipal in order to assist it in distributing the three lakhs among local bodies a question which has been pending for some time.

LOCAL AND MUNICIPAL DEPARTMENT.

With reference to the Local and Municipal note [dated 7th August 1899] submitted by the First Assistant Plague, the Appendix F need not be altered in the ways suggested. The note misunderstands the position taken up by Finance. As I understand, the idea is that all frontier districts—viz., districts having a frontier running with foreign territory—Mysore, Bombay, Hyderabad or Bengal—shall only be charged one-third of their expenditure, the remainder being distributed. Districts having railway frontier inspection station will only be charged one-fourth and the remainder distributed.

This is correct enough, and the Appendix F is correct subject to the minor alterations suggested in the Financial note.

M. HAMMICK.

FINANCIAL DEPARTMENT.

For the Chief Secretary—

In view of the last note in Local and Municipal department the only change required in Appendix F is to enter one-third against Kistna instead of one-fourth (no expenditure is budgeted for in that district and there is nothing to distribute). The Chief Secretary has marked the draft order to *H. M.* For orders whether it may now circulate.

FORT ST. GEORGE,
ACCOUNTANT-GENERAL'S OFFICE,
20th July 1899.

T. HESKETH BIGGS,
Accountant-General.

From the Commissioner of Police, Madras, dated 17th July 1899, No. 65.

ORDER—No. , Financial, dated Angust 1899.

Appendices A, B and C to these proceedings contain the consolidated estimates of plague expenditure for the quarter ending the 30th September 1899 under PROVINCIAL, and Appendices D, E and G, the estimates under LOCAL (*Direct* and *Indirect*) and MUNICIPAL. Appendix F exhibits the expenditure to be borne by each District Board in 1899–1900 rateably to its receipts, and Appendix H shows the actual *direct* expenditure up to the 30th June 1899 under PROVINCIAL, LOCAL and MUNICIPAL and the *indirect* expenditure up to the 31st May 1899 under PROVINCIAL and LOCAL.

2. The estimates for the year as now framed are compared below with the allotments in the Civil Budget Estimate under PROVINCIAL and with the estimates accepted in G.O., No. 1259, Financial, dated 28th December 1898, for LOCAL and MUNICIPAL, as also with the last quarterly estimate.

* Sanctioned in G.O., No. 1259, Financial, dated 28th December 1898.

3. Provision has been made in the present estimates for *requirements based on present conditions*. This course should invariably be adopted in all future estimates submitted to Government. If Collectors and other officers find that their estimates as now passd are inadequate, it will be their duty to apply for extra grants. All officers have been already warned in paragraph 7 of G.O., No. 569, Financial, dated 3rd May 1899, that they must not re-appropriate or utilise for non-plague purposes the balances of allotments existing in their original plague budgets.

4. Owing to the amalgamation of the establishment of the Plague Commissioner's office with that in the Local and Municipal Department, the estimate under 18-H. GENERAL ADMINISTRATION has exceeded the original grant by about Rs. 9,000. An additional allotment of Rs. 10,000 will be re-appropriated from savings under 24-D. GRANTS FOR MEDICAL PURPOSES.

5. The increased allotment under 15. POST OFFICE will probably not be necessary in view of the fact that it is under contemplation to reduce the establishment in the Kurnool district. The Postmaster-General ~~should~~, however, report at an early date on this point.

6. The Board of Revenue will be requested to report as regards the provision under 11. FOREST, and the Sanitary Commissioner will forward a re-appropriation statement for the estimated expenditure under 24-C. SANITATION and VACCINATION.

7. The establishments of Additional Medical Officers and Special Plague Officers have been retained under PROVINCIAL pending the receipt of a reply from the Government of India to letter No. 724, Financial, dated the 23rd June 1899.

8. APPENDIX H. The Accountant-General will be requested to furnish details for the actual expenditure entered under 24-A. MEDICAL ESTABLISHMENT against Anantapur,

North Arcot, Coimbatore and Kurnool. These amounts should be transferred to Local if they represent the cost of additions to the establishment of District Medical and Sanitary Officers.

9. A sum of Rs. 24 has been shown as expenditure up to the 31st May 1899 under 15. Post Office in the Nilgiri district, while the monthly plague establishment list shows no establishment. This should be explained.

10. The details for Rs. 69-8-0 shown as actuals up to the 31st May 1899 under 19-A. Law and Justice against the Bellary district should also be furnished.

11. In view of obtaining an approximately correct revised estimate of Plague expenditure for inclusion in the preliminary edition of the Civil Budget Estimate for 1900-1901, which is forwarded to the Government of India, the next plague estimates should be submitted so as to reach Government on the 15th November and should show (1) actual expenditure up to the ~~30th~~ October 1899, (2) estimate for November and December 1899, (3) estimate for the last quarter of the official year, and (4) total estimate for the year. All officers concerned will submit with these estimates an estimate of expenditure for the year 1900-1901 based on the conditions existing at the time of framing the estimates. The Accountant-General will be requested to furnish all officers with forms for the annual estimate, which need not provide for each quarter of the year separately. The submission of quarterly estimates in October will be unnecessary; but, as already pointed above, officers will be held responsible for promptly obtaining additional grants, should there be any likelihood of any excess over the estimates accepted in these proceedings.

P.S. No. 9069 17-8-99.

Appendices A, B, and C to these proceedings contain the consolidated estimates of plague expenditure for the quarter ending 30th September 1899 under PROVINCIAL, and Appendices D, E and G, the estimates under LOCAL (Direct and Indirect) and MUNICIPAL. Appendix F exhibits the expenditure to be borne by each District Board in 1899-1900 rateably to its receipts, and Appendix H shows the actual direct expenditure up to the 30th June 1899 under PROVINCIAL, LOCAL and MUNICIPAL and the indirect expenditure up to the 31st May 1899 under PROVINCIAL and LOCAL.

2. The estimates for the year as now framed are compared below with the allotments in the Civil Budget Estimate under PROVINCIAL and with the estimates accepted in G.O.No.1359, Financial, dated 28th December 1898 for LOCAL and MUNICIPAL, as also with the last quarterly estimate.

Note. In Appendix F only such districts as have at present Ry. Inspection Stations have been so marked. L. & M. may be asked to check the frontier and railway inspection districts shown in that appendix ?

3. Provision has been made in the present estimates for requirements based on present conditions. If Collectors and other officers find that their estimates as now passed are inadequate, it will be their duty to apply for extra grants. All officers have been already warned in para.7 of G.O.569,Finl., dated 3rd May 1899, that they must not reappropriate or utilize for non-plague purposes the balances of allotments existing in their original Plague budgets.

This course should be adopted invariably in all future estimates submitted to Govt

Note.
This para has been added with reference to C's remarks (Flag R)

4. Owing to the amalgamation of the establishment of the Plague Commissioner's Office with that in the L.& M. department the estimate under 18 H. GENERAL ADMINISTRATION has exceeded the original grant by about Rs.9,000. An additional allotment of Rs.10,000 will be

Note
This para has been agreed with reference to G's 782 12-5-99 (Flag M)

be reappropriated from savings under 24-D.GRANTS FOR MEDICAL PURPOSES.

5. The increased allotment under 15 POST OFFICE will probably not be necessary in view of the fact that it is under contemplation to reduce the establishment in the Kurnool district. The Postmaster-General will be requested to report at an early date on this point.

6. The Board of Revenue will be requested to report as regards the provision under 11-FOREST and the Sanitary Commissioner will forward a reappropriated statement for the estimated expenditure under 24-C. SANITATION and VACCINATION.

7. The establishments of Additional Medical Officers and Special Plague Officers have been retained under PROVINCIAL pending the receipt of a reply from the Government of India to Letter No. 724,Finl., dated 23rd June 1899.

8. APPENDIX Y. The Accountant-General will be requested to furnish details for the actual expenditure entered under 24-A MEDICAL ESTABLISHMENT against Anantapur, North Arcot, Coimbatore and Kurnool. These amounts should be transferred to Local if they represent the cost of additions to the establishment of District Medical and Sanitary Officers.

9. A sum of Rs. 34 has been shown as expenditure up to the 31st May 1899 under 15 POST OFFICE in the Nilgiri district

district while the monthly plague establishment list shows no establishment under that head. This should be explained.

10. The details for Rs.60-8-0 shown as actuals up to the 31st May 1899 under 19 A LAW & JUSTICE against the Bellary district should also be furnished.

11. In view of obtaining an approximately correct revised estimate of Plague expenditure for inclusion in the preliminary edition of the Civil Budget Estimate for 1900-1901 which will be forwarded to the Govt. of India, the next plague estimates should be submitted so as to reach Govt. on the 5th November and should show (1) actual expenditure up to the 30th October 1899, (2) estimates for November and December 1899, and (3) estimate for the last quarter of the official year, and (4) total estimate for the year. All officers concerned will submit with these estimates an estimate of expenditure for the year 1900-1901 based on the conditions existing at the time of framing the estimates. The Accountant-General will be requested to furnish all officers with forms for the annual estimate, which need not be divided into quarters. The submission of quarterly estimates in October will be unnecessary; but as already pointed out above, officers will be held responsible for promptly obtaining additional grants should there be any likelihood of any excess over the estimates accepted in these proceedings.

The 31st should have been 4th by the way - written in a slip CWS

Why the 30th Oct. instead of the 31st. Are the accounts closed on the 30th - I doubt whether this is possible for Collectors to send in their estimates by the 5th now (a Sunday), but leave it the C.S. to decide.

NOTE FOR THE Secretary.

With reference to the marginal note against para 1 of the financial draft order received from C. it is submitted that the districts containing railway inspection stations are correctly shown in App 7 (Stage III). As to frontier districts, it is submitted that only some of them (viz., South Canara, Cuddapah, Sanjam, Godavari, Kurnool, Malabar and the Niljris) are shown as such, other frontier districts such as North Arcot, Bellary, Anantapur, Combatore, Salem &c not being so marked. The reason is not understood.

2. In para 3 of the draft order it is stated that provision has been made in the present estimates for requirements based on present conditions & the stations in the estimates

extra grants should be
applied for. The Financial
Dept. when passing orders
on the estimate of the Com
Dept reduced the provision
under "Office expenses," without
taking into account the
actuals of the previous

NOTE FOR THE Secy, Lt m

This office Estimate. The amount
entered by this office under
Office Expenses & Miscellaneous
was Rs 2500 but the Fin Dept cut
it down to Rs 1209, considering the
past actuals of the Lt m Secretariat.
But during the same period, the Mayne
Comsr spent Rs 565 under the same
head & as the Mayne Comsr's work
is now done in the Secretariat it
is submitted that his "actuals"
also should have been taken into
Consideration. From this point of
view, there seems no ground for the
reduction. But there is no necessity
for any immediate revision of the
Fin order, as the provision can be
raised during the next quarter.

Appendix 7 (Pay III)

2 This seems to require revision.
It is based on Govt Rs 547 Fin dy
18-6-98. When that Govt was passed
the only frontier D.C within the meaning
of that order were Bellary & Kurnool
in which Land observation Schemes had
been introduced. In North Arcot
& Cuddapah only railway inspection

Stations were then working & ~~they worked the~~ these Dts were not then treated as "frontier Dts proper" because there was then no plague near them. Consequently it was decided that while Bellary & Kurnool should bear ~~a~~ one-third of the cost of the plague measures taken in those Dts, N. Arcot & Coimbatore should bear one-fourth; & the remaining portion of the expenditure was divided among the remaining Dts on the sole ground that the measures also benefited them.

23. In August 1898, the State of Mysore became infected with plague & Land observation schemes were introduced in consequence in all the bordering Dts, namely Anantapur, Cuddapah, N. Arcot, Salem, Coimbatore, the Nilgiris, Malabar & S. Canara. All these districts now became "frontier districts proper" within the meaning of G.O. No 547 Fin dy 18-6-98 and the proportion of expenditure should have been altered accordingly. At present these

there are no observation sc
in Kurnool, Anantapur, Cu
& South Canara. The Land Co
Dts had no land observation sch
at any time.

At the same time, it was thought
the land observation schemes of ne
Dt benefitted indirectly the whol
of the Presidency, & for that rea
reason, the charges were ordere
to be distributed among all the
in certain proportions. But
view has now been given up &
it has been decided that "Road
frontier inspection Stations & thei
circles afford protection which
is local in its character while
Rly inspection Stations protect
the Presidency in general" and
that "expenditure in connection
with the former will therefore be
treated as local or municipal
according to the area in which the
inspection or observation circles
are situated" - vide G.O. No 615 Fin
dy 17-5-99. What the Govt wish
what was now considered to benefit
the whole Presidency & therefore to
be debitable to the whole Presidency

...request ...ding as affording protection ...particular area in which ...measures are taken, & must therefore ...restricted to that area alone & ...the whole Presidency. Or ...ofty, G.O. No. 615 Fin dy 17-5-99 ...d be considered as superseding ...No 547 Fin dy 18-6-98.

There is another reason why ...pendix F should be given up ...gether - d. its letter No 262 Fin ...8-2-99, the Govt of Madras has ...presented to the Govt of India that ...Provincial and Local funds ...annot in justice be burdened with ...plague expenditure & that this ...penditure should be met from a ...ecial assignment from the Imperial ...unds. From this point of view, the ...distribution of charges incurred by the ...Local Board among others seems quite ...unnecessary, when the whole of the ...charges have to be paid by a ...third party.

Note for the CS

It has already been decided that the question of distribution of the expenditure under Local among other local boards should be let alone and should not be opened. The Secy. of the L. & M. Dept. has already remarked that this is a matter in which the L. & M. Dept. need not interfere and that, if Financial thinks that Frontier Local Fund Board expenditure on plague should be distributed on all Boards, L. & M. need not object.

2. In para 5 of the L & M. note it is stated that appendix F should be given up altogether as the Govt. of Madras has represented to the Govt of India that plague expenditure debitable to Provl. and Local Funds should be met from a special assignment from Imperial funds. Submitted that as the Govt. of India has not yet accepted this position, matters must be dealt with as they stand at present.

2. The following are the districts in which Railway inspection is in force:--

Districts	Ry. Inspection Stations
Anantapur	Guntakal, Hindupur
Bellary	Hospet Tungabhadra
Coimbatore	Podanur
Salem N.Arcot	Jalarpet Arkonam

8

The ~~portion of the~~ LOCAL plague expenditure in these five districts will be distributed in the ratio of one fourth to the districts themselves, the remaining three fourths being contributed by the other districts of the Presy. rateably to ~~other~~ their annual receipts.

3. There is plague at present in ~~four villages in the Hosur taluk~~ of the Salem District. Outside the Madras Presy. there is plague in (1) the districts of Mysore, Kolar and Bangalore in the Mysore Province and the Civil and Mily. Station of Bangalore (2) the districts of Lingsugur, Naldrug and Gulbarga in the Hyderabad state (3) Bombay Presy. including Sind (4) the city of Calcutta (5) the district of Howrah in Bengal and (6) the districts of Jullundur, Hoshiarpur and Rawalpindi in the PUNJAB.

Of the districts not mentioned above, the following border the Mysore Province:-- The Nilgiris, Cuddapah, S.Canara & Malabar. The districts of Kistna, Kurnool and Godavari border the Hyderabad State. The district of Salem is itself surrounded by the Trichinopoly & S.Arcot districts. In these frontier districts, one third of the Local plague expenditure will be borne by the districts themselves, the remaining two-thirds being contributed by the other districts of the Presy. rateably to their annual receipts.

4. Comparing the principles followed in working out appendix F with those enunciated above, the following alterations will now have to be made:-

Kistna $\frac{1}{4}$ should be corrected into Kistna $\frac{1}{3}$

(N.B. This does not make any difference as there is no expenditure in Kistna)

~~The expenditure in~~ 34 S.Arcot and Trichinopoly will have to be distributed in the proportion of ~~1/3~~ 1/3rd the districts themselves, the remaining two-thirds being contributed by the other districts The L. & M. Dept. may, it is submitted be asked to state whether the ~~plan~~ is correct in its details worked out above ~~may be followed~~:

5. Submitted that the L. & M. Dept. may be asked to send an early reply to this reference, as the issue of ~~the~~ orders on consolidated plague estimates for the current quarter is being delayed. So long as the distribution of local expenditure amongst districts is ~~in force~~, Appendix F is absolutely necessary to ascertain the approximate amount of plague expenditure debitable, under present circumstances, to each Dt. Board in the current year. This information is required by L & M. in order to assist it in distributing the 3 lakhs among local bodies, a question which has been pending for some time.

G.O.No.1128 F,d/24-7-99 Hay XVII

G.O. No 527 Rev d/16.6.98 Hay 2

and it is for orders whether Trichinopoly & S. Arcot should be therefore treated as frontier districts. It is thought not as they are not frontier districts so far as the Presidency taken as a whole is concerned

G.O. 527 Rev d/16-6-98 Hay 2

Gumsur should also be treated as a frontier district as there is plague in the Bengal Presidency

are to be treated as frontier districts then Local expenditure

With reference to the 4th M. Note
Submitted by the Bombay Plague
the Appendix F. need not be
altered in the ways suggested -
The note misunderstands the
position taken up by Finance -
As I understand, the idea is that
all Frontier Districts - viz Districts
having a Frontier running with
Foreign territory - Mysore, Bombay,
Hyderabad or Bengal - shall only
be charged 1/3 of their expenditure
the remainder being distributed -
Districts having Railway Frontier
Inspection Stations will only be charged
1/4 & the remainder distributed -
This is correct enough - and
the Appendix F. is correct subject to
the minor alterations suggested in the
Finance note.

Financial Department

Note

In f.o. No 803 Financial dated 17th July/21 the Inspector-G's estimate for each of the current and succeeding quarters (Rs 2,000) has been accepted and the total estimate under 20 C. Distributive Forces placed at Rs 19,500. The Inspector was also requested to submit a statement showing the distribution of the provision for each quarter among the districts of the Presidency.

In reply the Inspector forwards a statement placing the total provision for the current quarter at Rs 3,000 instead of at Rs 2,000 and requests that the allotments for the last three quarters may be entered at Rs 15,500 each, the total provision of Rs 49,500 not being exceeded.

Submits that the Inspector-General's proposal may be approved and that the provision for each of the last three quarters may be placed at half the cost of the establishment in each district at present sanctioned
