SEPTEMBER.

Thermometer Shed.

Recording Proceedings, Public Works Department, on letter from the Government of India sanctioning an assignment of Rs. 31 to the Provincial Revenues of Madras on account of the transfer of the — of the Madras Meteorological office to the charge of the Public Works Department, Madras.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper :—

G.O., No. 2083 W., dated 8th August 1899.

Read—the following papers :—

From the Meteorological Reporter to the Government of Madras, dated 10th October 1898, No. 801.

I have the honour to forward herewith a copy of letter No. 2848, dated 28th August 1898, received from the Meteorological Reporter to the Government of India, and to request the favour of your kindly arranging to have the thermometer shed of the Madras Meteorological office and the fencing around it repaired and painted by the Public Works Department similarly to those of mufassal observatory buildings. As the thermometer shed and its enclosure requires immediate repairs I shall feel extremely obliged by your issuing the necessary orders as early as possible.

ENCLOSURE.

From the Meteorological Reporter to the Government of India, to the Meteorological Reporter to the Government of Madras, dated 28th September 1898, No. 2848.

With reference to your letter No. 689, of the 9th September 1898, I have the honour to request that application may be made to the Public Works Department to have the petty repairs to the Madras Observatory building made.

2. The building was being constructed when the scheme for the transfer of the several observatory buildings in the Public Works Department list was already before the Government and was not therefore included in the Public Works Department list sanctioned by the Government.

From the Consulting Architect to Government, dated 15th November 1898, No. 2575.

In returning the papers received with your endorsement No. 4552-C., dated the 15th October 1898, I have the honour to state that the cost of maintaining the meteorological shed at Madras will amount to Rs. 25 per annum. Arrangements are made to carry out the repairs referred to in paragraph 2 of the memorandum under reply.

From the Government of India, Public Works Department, dated 9th February 1899, No. 129-C.W.B.

In reply to your letter No. 3095 W., dated the 2nd December 1898, I am directed to say that the Government of India sanction the transfer of the thermometer shed of the Madras Meteorological office to the charge of the Madras Public Works Department.

2. As regards the increase in the Provincial assignment I am to say that the special adjustment of Rs. 600 has ceased with the revision of the Provincial settlement with effect from 1st April 1897, but if His Excellency the Governor in Council

desires a fresh adjustment now of Rs. 31 only for the remaining period of the current settlement, the Government of India in the Finance Department will issue the necessary instructions in ordinary course.

From the Government of India, Finance and Commerce Department, dated 20th February 1899, No. 818-A.

In continuation of the letter from the Government of India in the Public Works Department, No. 129-C.W.B., dated the 9th February 1899, I am directed to convey sanction to an assignment of Rs. 31 to the Provincial Revenues of Madras on account of the transfer of the thermometer shed of the Madras Meteorological office to the charge of the local Public Works Department.

Endorsement thereon in the Revenue Department, dated 6th March 1899, Mis. No. 932.

Transferred to the Public Works Department.

Order—No. 2083 W., dated 8th August 1899.

Communicated to the Consulting Architect who will take charge of the shed in question and maintain it from Provincial funds.

(True Extract.)

Financial Department.

Note

India transferred from 1st April 1896 to the local P.W.D. certain Second and third class Meteorological Observatories, and enhanced the adjusting Provincial assignment by Rs. 600.

In letter No. 3095 W., d/2-12-98 India was requested in the P.W.D. to sanction transfer to the charge of the P.W.D. of the Thermometer shed of the Madras Meteorological office and to increase the assignment of Rs. 600 made in 1896 by Rs. 31 for charges connected with the repair of the shed. India sanctions the transfer of the shed and as regards the assignment draws attention to the fact that the special adjustment of Rs. 600 ceased with the revision of the Provl. Settlement from the 1st April 1897. It is stated that if the Madras Govt. desires to ~~it~~ a fresh assignment of Rs. 31 each year for the remaining period of the current contract will be made. The amount which India will have to give is about Rs. (4x31) = 124 and it is submitted that it not worth while asking for an adjustment of this small account.

2. If the P.W.D. letter No. 3095 W., d/2-12-98 had been sent to Financial for counter-initials the fact as regard the

Lapse of the
 the assignment of Rs. 600 would have been
 pointed out. It seems undesirable that
 other departments of the Secretariat
 should, without consulting Financial,
 address India on points such as this.
 The head of Adjustments under I LAND
 REVENUE is really one of the few heads
 in the budget with which the Finl
 Dept. is alone concerned.

I fully agree.
 Every Dept. affected
 by a G.O. should
 have the file or
 notes referred to
 it before issue of this
 order. Quite a number
 of cases have occurred
 in wh. the observance
 of this rule by the
 Dept. concerned w.
 have been desirable.
