JANUARY.

Budget Grant.

Assigning a — of 22.16 lakhs to the Public Works Department for expenditure under
45. Civil Works in 1899-1900.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers:—

MEMORANDUM No. 5184 C.

The accompanying budget estimate of expenditure for 1899–1900 on Provincial Civil Works in charge of the Public Works Department is forwarded to the Financial Department.

2. With reference to G.O., No. 792, Financial, dated 14th September 1898, it is observed that the grant of Rs. 30,00,000 proposed for 1899–1900 represents the total of the demands as brought forward by Heads of Civil Departments, Superintending Engineers and the Consulting Architect to Government; and that, as the Public Works expenditure can be restricted to the available grant, it is open to the Financial Department to fix such assignment as the finances may permit.

3. Any reduction in the usual assignment will entail the postponement of several works, but the cost of establishment will remain the same.

MADRAS,
21st November 1898.

A. S. RUSSELL,
Under Secretary to Government, P.W.D.

ENCLOSURES.

BUDGET Estimate of Provincial Civil Works in charge of the Public Works Department
(Buildings and Roads Branch) for 1899–1900.

Details.	Budget estimate, 1899–1900.	Revised * estimate, 1898–99.	Budget estimate, 1898–99.	Actuals, 1897–98.

BUDGET estimate of Provincial Irrigation Works in charge of Public Works Department, 1899–1900.

Details.	Budget estimate, 1899–1900.	Revised estimate, 1898–99.	Budget estimate, 1898–99.	Accounts, 1897–98.	Remarks.
EXPENDITURE.	RS.	RS.	RS.	RS.	
43. Irrigation—Minor Works and Navigation.					
Works for which Capital and Revenue accounts are kept.					
Capital—					
Lower Coleroon anicut	1,81,635	1,48,537	87,000	90,332	Under Capital the revised estimate for the current year for the Lower Coleroon Anicut system is more and for other works less than the budget estimate for the year. The increase in the former case is due to additional funds to the Lower Coleroon from other heads for proceeding with the improvements to the Lower Coleroon anicut, for which an estimate of Rs. 3,87,900 was sanctioned in G.O., No. 516 I., dated 27th July 1898. The decrease in the latter case is due to the surrender of funds from the grants for the Sangam anicut system, Munneyaru and Chopaund projects owing to rains or absence of revised estimates.
Other works	2,20,365	2,41,523	3,48,000	3,73,685	The details of the demand for next year for other works are shown below:—
Total	4,02,000	3,90,060	4,35,000	4,64,017	
Revenue—					
Buckingham Canal	79,735	97,532	81,050	80,506	RS.
Other works	2,32,265	2,38,566	2,27,050	1,92,421	40,000
Total	3,12,000	3,36,098	3,08,110	2,72,927	23,000
Works for which neither Capital nor Revenue accounts are kept.					50,000
Old maintenance charges	4,38,183	4,39,074	4,39,074	4,40,809	8,000
					3,000
					10,000
					500
					3,650
					5,000
					30,000
					2,450
					3,680
					Total .. 1,79,280
					Establishment .. 40,085
					Tools and plant .. 1,000
					Total .. 2,20,365

The large amount proposed for the Lower Coleroon anicut system provides Rs. 1,00,000 for the improvements to the Lower Coleroon anicut sanctioned in G.O., No. 516 I., dated 27th July 1898.

Under "Revenue Account" the increase in the revised estimate for the current year for the Buckingham Canal represents the additional funds allotted for the extensive clearance rendered necessary owing to the failure of the north-east monsoon and the closing of the bars of the canal. The increase for other works is chiefly due to the grants for the Madras water-supply and irrigation extension, the Thadapalli, Arankota and Kalngoroyen channel systems having been augmented as the amounts originally provided were found to be inadequate.

Budget estimate of Provincial Irrigation Works in charge of Public Works Department, 1899-1900—cont.

Details.	Budget estimate, 1899-1900.	Revised estimate, 1898-99.	Budget estimate, 1898-99.	Accounts, 1897-98.	Remarks.
EXPENDITURE—cont.					
43. Irrigation—Minor Works and Navigation—cont.					
Works for which neither Capital nor Revenue accounts are kept—cont.					
Ordinary Works—					
Major ..	1,20,009	1,16,456	82,480	1,38,146	The increase in the revised estimate for the current year over the budget estimate is due to additional funds having been transferred from other heads for works and repairs as the budget grants were found to be insufficient. The amount proposed for 1899-1900 is about Rs. 11,000 in excess of the current year's revised estimate and is required for the execution of works and repairs considered absolutely necessary.
Minor ..	1,58,400	1,76,528	1,27,295	69,898	
Repairs ..	4,04,400	3,80,608	3,85,700	3,47,219

Other Works	2,20,365	24,1523	3,48,000	3,73,685
Total	4,02,000	39,0060	4,35,000	4,64,017

The increase in the revised estimate over the budget estimate for the current year represents the anticipated receipts from the sale of river banks for cultivation. The decrease in the budget estimate for next year as compared with the current year's revised estimate is due to a probable falling off in the navigation receipts of the Buckingham Canal.

Under Capital the revised estimate for the current year for the Lower Coleroon Ancient system is more and for other works less than the budget estimate for the year. The increase in the former case is due to additional funds having been provided from other heads for proceeding with the improvements to the Lower Coleroon Ancient, for which an estimate of Rs 387,000 was sanctioned in G.O. No 516 J, dated 27th July 1898. The decrease in the latter case is due to the surrender of funds from the grants for the Sanjam Ancient system, Mungaru and Chopand projects owing to rains or absence of revised estimates.

The details of the demand for next year for other works are shown

Barur tank project .. 3,680

Total Rs. 1,79,280

Establishment 40,085

Tools & plant 1,000

Total 220,365

The large amount proposed for the Lower Coleroon Ancient System provides Rs. 1,00,000 for the improvements to the Lower Coleroon Ancient sanctioned in G.O. No 516 I dated 27th July 1898.

Under "Revenue Account" the increase in the revised estimate for the current year for the Buckingham Canal represents the additional funds allotted for the extensive clearances rendered necessary owing to the failure of the North-East monsoon and the closing of the bars of the Canal. The increase for other works is chiefly due to the grants for the Madras Water Supply and Irrigation extension, the Thadapalli, Arkenkota and Kalinjaroyen channel systems having been augmented as the amounts originally provided were found to be inadequate.

Remarks

(a) The increase in the revised estimate for the current year over the budget estimate is due to additional funds having been transferred from other heads for works and repairs as the budget grants were found to be insufficient. The amount proposed for 1899-1900 is about Rs 11,000 in excess of the current year's revised estimate and is required for the execution of works and repairs considered absolutely necessary.

(b) The decrease in the current year's revised estimate was necessitated owing to a want of subordinates in the early part of the year in some of the divisions. The increase in the budget estimate for next year as compared with the revised estimate for the current year is due to provision having been made for a more vigorous prosecution of works there being a larger No. of sanctioned estimates to work out, execution not having kept pace with investigation.

(c) The increase of the revised estimate for the current year over the budget estimate was provided for by transfers from the grants for works under other heads. The amount required for 1899-1900 for expenditure on these works will be met from the grant placed at the disposal of the Board of Revenue as usual.

(d) The decrease in the revised estimate as compared with the budget estimate for the current year is due to a portion of the grant having been diverted to meet demands for additional funds under other heads. The increase in the budget estimate for next year over the current year's revised estimate is due chiefly to provision having been made for raising the left flood bank of the Distna River.
