FURTHER PAPERS.

G.O.	No.	Department.	Date.

Copy of letter from the Inspector-General of Police, Madras, No. 3053, dated 4th August 1899:-

With reference to para.3 of G.O.No.1077, J.D., dated 7th July 1899, I have the honour to submit plans and estimates amounting to Rs.33,335 for the construction of the following district buildings for the additional police in the Tinnevely Police

	Rs.
1. Quarters for the Asst. Superintendent with out-houses...	3,915
2. Assistant Superintendent's office...	625
3. Quarters for 3 European Inspectors with out-houses ...	3,175
4. Three guard-rooms... with out-houses	6,690
5. Quarters for 6 European Hd. Constables and 3 Buglers...	6,960
6. Huts for 300 constables, 12 Hd. Constables & 3 Buglers..	52,440
7. Six latrines...	1,230
8. Three drainage channels with cisterns and wells...	3,300
Total Rs.	85,335

2. The accommodation proposed for European Inspectors and European Constables is slightly in excess of that usually provided for this class of officers, and two rooms may, if considered necessary, be omitted in each case. It is possible to reduce the total cost of the buildings by erecting all the native Head Constables and Constables' huts and the out-houses attached to the European Officers' quarters with mud walls and whitewashing them instead of walls of brick in mud.

The roofing for the quarters of European Inspectors and European Head Constables may, perhaps, be constructed of pan-tiles over bamboo reapers and palmyrah rafters in lieu of flat and pan-tiles over congoo-wood reapers provided in the estimate and chunam painting instead of plastering might be substituted for the walls.

3. In view, however, of the fact that the incidence of taxation on the inhabitants will be light and that it is expedient that this special Force should be properly housed, I beg to recommend that the Superintendent's plans and

3 41
estimates may be accepted in their entirety. The estimates have been checked in my office and corrected in certain particulars.

4. The Superintendent reports that necessary steps are being taken to acquire or hire sites for these buildings. Their cost will be reported to Government in due course.

5. I solicit the ~~esa~~ early orders of Government to commence the construction of the buildings.

6. In order to meet the cost of the buildings and the pay of the additional force I beg that an additional provision of one lakh of rupees may be made under 20 Police for the current year.

NOTE FOR THE C5.

The A.G. appears to
be technically correct as
regards the non-existence of
the General Police Fund. When,
however, Govt. came to the
decision that the fund was
unnecessary since it had
not been actually established
prior to 1864, the regulation
of financial matters was as
on an altogether different basis. ~~from~~
~~the~~ ~~that~~

Orders are solicited as
to the reappropriation of
the one lakh required for
the Timmerly Punitive force.
The A.G. points to the provision
for plague & it is really the
only head available

Cur. Technically we can

4/11

appropriate - the 1.00. was
 required from the Police provision
 The circumstances of this provision
 are peculiar. The assessment
 has been increased by the amount
 and the provision has been put
 on the expenditure side also.
 India has undertaken to pay
 all police expenditure within
 the limit of 6,41,000. What
 will happen next year in framing
 the Budget is that if the Police
 expenditure comes to say 7,52,000
 India will reduce the assignment
 by 3,91,000 (6,41,000 - 2,50,000)
 Hence any new appropriations
 which we now make from
 the Police head will have in
 fact to come out of next
 year's income. As however
 the Provision Police will be
 self supporting this will not
 matter so much but the
 Dist Magr Mr. I think he
 told to push on his collection
 organization and to get in
 the money without delay.
 I think the H. E.iff proposal must be accepted.
