GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper:—

From H. BRADLEY, Esq., I.C.S., Acting Superintendent of Stationery, to the Chief Secretary to Government, dated Madras, 17th August 1899, Dis. No. 1967.

I have the honour to submit, in triplicate, the estimate for Europe articles of stationery required in 1900–1901 for use in 1901–1902.

2. The estimate is, as usual, generally based upon the average requirements of two years determined upon the actuals of the past three years. The quantity on hand, together with that due from England on the last indent, and the probable requirements of the current year have been duly considered.

3. The total cost of the articles estimated amounts to £10,395–18–5 against £12,755-4–3 in the previous year.

4. The decrease is chiefly due to the omission in the estimate of the articles mentioned in the margin. Under G.O., No. 743, Financial, dated 29th June 1899, goose quills are to be issued in place of steel pens during the current and the succeeding year. Remington typewriters are to be procured from local agents instead of through the Secretary of State—*vide* G.O., No. 463, Financial, dated 29th March 1899. Red-ink powder of local manufacture has been substituted for the European liquid ink hitherto obtained from England (G.O., No. 621, Financial, dated 20th May 1899).

	£.
Steel pens and penholders	900
Blackwood's red ink	25
Typewriters	250
Total ..	1,175

5. Provision has been made for 100 dozen of screw top ink-bottles, the supply of which has been sanctioned in G.O., No. 571, Financial, dated 4th May 1899, to gazetted officers in receipt of Rs. 200 and upwards who have to travel frequently. Endeavours made to obtain these by local purchase in Madras, Bombay and Calcutta, to obviate the inconvenience of waiting till the receipt of the home supply next year, have not been successful. Provision has also been made for various articles such as beads, coloured thread, glazed paper, woollen thread, large needles, &c., for supply to Government girls' schools for kindergarten and fancy needle-work.

6. Articles for which suitable substitutes of local manufacture are possible are omitted from the estimate.

7. The details of the estimate are given in the annexed statement marked A.

Order—No. 986, Financial, dated 14th September 1899.

The estimate will be forwarded to the India Office.
