OF THE

FOR THE YEAR 1897-98.

TABLE OF CONTENTS.

Schedules referred to.	Particulars.	Pages.
	Memorandum on Finance Accounts	i & ii
	Finance Accounts	1 to 3
A	Detailed account of Expenditure, Irrigation Branch	4 & 5
B	Do. of Expenditure on Works and Repairs, Buildings and Roads Branch.	6 & 7
C (b)	Do. of Establishment, Famine Relief Works	8
D (c)	Do. of Tools and Plant, Famine Relief Works	9

was, under existing code rules, charged off against the ordinary heads of account concerned, leaving a net debit of Rs. 65,69,653 as representing famine outlay charged against the Provincial Public Works grant of the Madras Presidency. Under orders conveyed in Government of India (No. 19 B.O./A.C.W., dated 22nd March 1898) the latter sum was transferred from *Provincial* to *Imperial* in the accounts of the year under review.

5. A complete list of works carried out during 1896-97 and 1897-98 is given as annexure A to this memorandum.

6. The nature of the famine-relief works carried out by the Public Works Department may be classified as under —

- (1) Collection of ballast for the East Coast Railway.
- (2) Important irrigation works in Ceded districts.
- (3) Repairs and improvements to minor irrigation works.
- (4) Formation of new roads.
- (5) Repairs and improvements to minor roads.
- (6) Excavating and improving drinking-water tanks and wells.
- (7) Silt-clearing.

7. By far the largest portion of the outlay (about 53 lakhs) was incurred on classes (4) and (5), *i.e.*, road works.

8. In addition to the debits shown in the accompanying accounts, the percentage charges noted in the margin which are actually charges appertaining to Famine have been recorded under appropriate heads of account in accordance with the rule V, contained in paragraph 104, chapter IX, volume I of the Public Works Code.

Establishment	...	...	...	Rs.
Tools and Plant	...	...	...	5,935

O. No. 5440.

In his memorandum accompanying the Finance Accounts of Famine Relief Works in charge of the Public Works Department for 1897-98 ~~the~~ the Examiner of Public Works Accounts makes two assertions which deserve to be noticed.

(1) "The Local Government and the Accountant-General, P.W.D. were kept apprised of the state of affairs from time to time. It was not, however, until after the real pressure was over, i.e. on the 14th of January 1898, that the Examiner was informed by the Secretary to Govt. that the provision for famine-relief works in Madras during 1897-98 had been enhanced to Rs. 60,86,000, this being the provision made in the revised estimate."

(2) "Thus far no distribution of the above figure by divisions, districts or heads of accounts has been ~~obtainable~~ ^{hence} and ~~no~~ no detailed comparison between grant and outlay is possible."

* i.e. on 26-10-98

* Rs. 67,19,000 at which figure the final estimate was placed.

2. In G.O.No.511 W, dated 22nd February 1897 the Public Works Dept. directed Superintending Engineers to submit with the least possible delay, statements in ~~the~~ prescribed forms to enable Government to frame as accurately as possible the estimates of charges for 1896-97 and 1897-98 under 33 Famine Relief. In the preliminary issue of the budget estimate for 1897-98 the estimate under this head was placed at 10.41 lakhs as advised by the Govt. of India, and ~~the~~ ^{is} amount was allotted by the P.W.D. to the several divisions. Superintending Engineers were at the same time requested ^{by the P.W.D.} "to lose no time in furnishing" the Government with revised lists in the "form adopted in the budget with full information as regards the classification, amounts of estimate, and the authority for the same."

3. In June 1897 the Examiner brought to the notice of the P.W.D. that the letter of credit issued by him had by far exceeded the grant of 10.41 lakhs and requested that some limit might be prescribed up to which he was to continue issuing credits. He even reported that the Accountant-General, P.W.D. had instructed him to abstain from issuing further credits without the distinct authority of the Local Govt. The Examiner ^{was} no information before Govt. to fix the limits within which

G.O.No.501, Finl., d/25-3-98. B

credits might be issued, and that definite orders would issue on receipt of the information called for from the Superintending Engineers, and he was in the meantime to issue letters of credit as applied for by the Executive Engineers. The fact of the credits issued by him having by far exceeded the grant was again brought prominently to the notice of the P.W.D. by the Examiner and Govt. directed the Chief Engineer to look into the matter.

4. So early as June 1897 the P.W.D. was requested by the Financial Dept. to report on the sufficiency of the grant for 1897-98. This order was recorded in the P.W.D. with reference to the orders in which the Superintending Engineers were called upon to submit detailed estimates for the allotments to the several divisions. In spite of repeated calls for this information, the returns were not received in the P.W.D. till March - April 1898, and the official year having by that time closed, the P.W.D. thought that it would serve no useful purpose to issue the final budget estimate under 33 Famine Relief for 1897-98. ^{Receipt} The Examiner was authorised to pass all outlay up to the extent of 67.19 lakhs, this being the final grant fixed by the Financial Department, and he was asked to apply for sanction to Govt. to admit

expenditure if any in excess of the grant.

5. As regards the allotment by districts which the Examiner states was not carried out, reference is requested to the following G.Os. on the matter.

G.O. No.	Date	Estimate for P.W.D.	Lacs.	Distributed by districts.
470	12-8-97	O	10.41	
920	11-11-97	P	60.00	Do.
1090	30-12-97	A	66.80	Do.
