Note by the Chief Engineer, Public Works Department.

I beg to submit herewith, for the orders of Government, an estimate, amounting to Rs. 6,000, for carrying out the requisite improvements to St. Thomas' Cemetery, Ootacamund. The estimate has been prepared from *data* supplied by Mr. Proudlock, with whom and with the Chaplain I have gone carefully into the matter. The estimate provides for labour for a working year, for purchase of the necessary tools, manure and seeds, and for remuneration to Mr. Proudlock. I believe it contains nothing that is not really necessary that for Rs. 6,000 the cemetery can be placed in thoroughly good order, and that the end to be attained is well worth the expenditure of that sum.

2. It will be seen that I have entered two sums as remuneration to Mr. Proudlock, one for 12 months' supervision of the improvements at Rs. 30 per mensem, and one for ditto for the year already passed at Rs. 10 per mensem. The former amount is the conveyance allowance allowed to upper subordinates in the Public Works Department, when they have a considerable amount of travelling at head-quarters. While the work is in progress, Mr. Proudlock will have to visit it once daily at least, and I certainly think that he should receive adequate remuneration for carriage hire. The second item is for his supervision of the Adam Memorial which he has been

attending to throughout the past year, *i.e.*, since October 1898, and for which he has received no remuneration. It is work entirely outside his proper duties, and I think he should be compensated for it. I have therefore entered Rs. 10 per mensem.

3. Of the Rs. 6,000 required for improvements, it is suggested that Rs. 2,000 may be allotted at once to enable the work to proceed immediately. The latter amount can be provided from the reserve with the Public Works Department under 45. Civil Works, and the balance can be provided by the Public Works Department next year.

4. The question of the future maintenance of the cemetery when it has been improved now remains to be considered. The Chaplain must, of course, remain in supreme control of the cemetery, but I think he should also have the assistance and advice of the Curator of Government Gardens, and an adequate staff of gardeners, if the cemetery is not to relapse into its present condition.

5. I have ascertained from the Chaplain that the present staff consists of—

	Pay.
	RS.
One sexton in charge	11
One head gardener	9
Two under gardeners	8 each,

or a total of Rs. 36 per month, of which Rs. 9 is paid by Government and Rs. 27 by private funds. He also informs me that the cemetery fees remitted to Government in 1898-99 amounted to Rs. 584-12-0, and from April to September 1899 (inclusive) to Rs. 259-14-0. Government therefore makes a profit out of the cemetery at present of about Rs. 400 per annum. I think it might forego this profit and add a small grant in-aid in addition, to enable a proper establishment to be maintained for the upkeep of the cemetery. The area of the latter exceeds 6 acres, and five gardeners seem the least number necessary for its maintenance. I give below the present and proposed staff:—

Report to accompany Estimate for Improvements to St. Thomas' Cemetery, Ootacamund.

The cemetery is now a wilderness of rough ground and tussocky grass. It is proposed to improve it by—

- (1) terracing where the ground is suitable;
- (2) sloping it uniformly where the ground is too steep for terracing;
- (3) removing rough unproductive soil and replacing with good soil;
- (4) sowing lawn grass seeds everywhere to produce a good sward;
- (5) realigning some of the existing paths and making some new ones.

It is proposed to place the work in charge of the Curator, Government Gardens, Ootacamund, he being an expert in such matters. It will also, it is thought, be necessary to place the cemetery, in future, under his general supervision, subject to the control of the Chaplain, to prevent its returning to its present condition.

ORDER—No. 160, Ecclesiastical, dated 23rd November 1899.

The Governor in Council approves of the proposals of the Chief Engineer in respect of the proposed improvements to St. Thomas' Cemetery, Ootacamund, except as regards the remuneration proposed to be paid to Mr. Proudlock for work done and to be done hereafter, to which the Curator is not entitled, the terms of his agreement requiring him to perform such duties as part of his legitimate work and without extra allowances. Government has no objection, however, to the Curator being given a

conveyance allowance of Rs. 15 per mensem under article 1198 of the Civil Service Regulations in respect of his supervision of the work of the establishment of St. Thomas' Cemetery, and to this allowance the necessary sanction of the Government of India will be requested. Subject to these remarks the estimate is sanctioned.

2. With reference to the proposals for increasing the establishment for the future upkeep of the cemetery, the Chief Engineer's attention will be drawn to paragraph 2 (ii) of the Resolution of the Government of India, No. 6—370—382, Ecclesiastical, dated 9th November 1876, printed in the additional appendix to G.O., No. 29, Ecclesiastical, dated 23rd February 1898, under which the establishment which may be maintained for this cemetery is limited to one mali chowkidar and one assistant coolie. The pay at present drawn from Government by this establishment is Rs. 5 and Rs. 4 respectively. These amounts will now be increased to Rs. 10 and Rs. 9, respectively, with effect from the date of this order.

3. The following letter will be addressed to the Government of India.

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

I am directed to request the sanction of the Government of India to the grant of a conveyance allowance of Rs. 15 per mensem, under article 1198 of the Civil Service Regulations, to the Curator of the Government Botanical Gardens at Ootacamund for the supervision of the upkeep of the St. Thomas' Cemetery of that station. The cemetery, which is about one mile distant from the gardens themselves, in which the Curator's residence is situated, is about to be newly laid out at considerable expense, and the Curator has been ordered to supervise this work. He will have to visit the cemetery at least once daily during the progress of the work, and at regular intervals, after completion, of sufficient frequency to keep the cemetery grounds in thorough order. Under these circumstances, I am to say, the conveyance allowance now asked for appears to His Excellency in Council reasonable and is recommended for sanction.

I have the honour to be,

Sir,

Your most obedient servant,

The P. W. Dept.
transfers a note by the
Chief Engineer, submitting
proposals & an estimate
for improving St. Thomas
Canal, Oahu.

2. The estimate amounts
to \$6,000, and the "Report"
attached to it explains
the nature of the work to
be done. So much of
the estimate as provides
for labor & the implement
& machines for planting &
seem unobjectionable, &
may be sanctioned under
Rule (d) on the first page.

29 Rs. dated 23.2.98. There are two items in the estimate shown which require consideration. It is proposed to pay Mr. Pundlock Rs. 120, at Rs. 10 a month, for 12 months in 1898-99 for his supervision of the Adm. Memorial, and Rs. 360, at Rs. 30 a month for 12 months for supervising the improvements to be now carried out. Mr. Pundlock's pay as Curator of Govt Parks and Gardens is Rs. 250-10-350, and under Art. 93(1) C.S.R., no addition can be made to his pay without the sanction of the Govt. of India. It would perhaps be open to the Govt. to deal with these payments under Art. 89 C.S.R., in that case, the remuneration of Rs. 120 for 1898-99 might be granted in a lump sum as an honorarium, & included in the payment of Rs. 360 for supervising the work to be now done might be granted in a lump sum as a bonus.

For Mr. Pundlock's duties in the G.O. Rev. dated 6th Feb 1899. He is with a copy of his appointment with the Govt. of Madras will be found in the file.

vacuum after the completion of the work. It will be necessary however for the head of Mr. Pundlock's dept. (the Collector of the Nilgiris) to certify that the work was done outside the ordinary course of his duties, & that it did not interfere with the discharge of those duties.

3. The Chief Engr's note further contains proposals for the future maintenance of the Cemetery, & the staff required for the purpose. It is stated that the present staff consists of, -

- 1 Scavenger on Rs. 11 per m.
- 1 Head Gardener n. 9-11-
- 2 Under Gardener on Rs. 8 each - 16-11-
- Total Rs. 36-

and that of this sum, Rs. 9 is paid by Govt. & Rs. 27 from private funds. It is proposed that the Chaplain should have the assistance of the Curator of Govt. Parks, & Gardens.

in the future upkeep of the Cemetery, & that in consideration of the fact that Govt. makes a profit of about Rs 400 a year out of the Cemetery, in Cemetery fees, the staff should be paid on the following scale:-

1 Curator on Rs 20 per m = 240 m.a.	
1 Station on " 16 " " " 192 " "	
1 Asst Gardener on " 10 " " " 120 " "	
2 under gardeners on 12 9 each = 18 " " " 216 " "	
2 do on 12 9 each = 16 " " " 192 " "	
Sum total	480 " "

Total Rs 480

It is proposed that this expenditure should be met from the following sources:-

Cemetery fees . . .	Rs 500
Private funds . . .	" 324
Govt. Grant . . .	" 176

Rs 1000

4. It has first to be observed that for the reasons given in para 2, page 2 of this note, the payments of Rs 20 a month to Mr. Proudhon cannot be

It may be pointed out that the work is quite outside his duties as Curator.

13/1/11

made without the sanction of the Govt. of India. A permanent monthly payment cannot be dealt with as an honorarium, & must be treated as an addition to salary. The Govt. of India would probably inquire why Mr. Proudhon should not do the work as part of his regular duties - if so,

5. With regard to the Cemetery fees, attention is invited to Rule 4, page 2 Appendix A to G.O. No 29, dated 29.2.98, where it is clearly ruled that no portion of such fees can be retained for expenditure, & that the fees must be dealt with as P.W. revenue. Separate provision must be made in the P.W. budget for expenditure on cemeteries.

Mr. Clerk
13/1/11

6. With reference to the scale of salaries proposed, it is stated in the Ch. Secy's note that the are

of the cemetery exceeds 6 ann.
In the Orichedum's letter
No 4889 date 30.1.99, the
said area was given as 6 ann.
In a cemetery of
this extent, the only estate
that is allowed at the expense
of Govt. by the Rules. Rules
is one mali. chowkidar &
one asst. coolie, i.e. one
hand & one under gardener.
The rates of pay are left to
the local Govt. to decide.
Please see Rule 2, page 2,
appendix A to the Rules. Rules.
It is stated that the amount
now paid by Govt. towards
the estate is Rs 9 per mensem.
In G.O. No 19 dated 7.14.2.89,
the employment of an asst.
coolie or gardener for this
cemetery, on Rs 4 per mensem,
was sanctioned. If this
sum is included in the
Rs 9, the amount drawn
from Govt. towards the hand-
gardener's pay must be only
Rs 5 per mensem, the actual

pay given to the man is made
up from private funds. It
is open to Govt. to increase
the rates of pay for two
gardeners to any figures
considered reasonable. The
amount drawn towards the
hand gardener's pay might
be increased to Rs 9 per
mensem, & that towards the
undergardener's pay to Rs
6 per mensem, - or Rs 15 -
a month in all, which
would be slightly more
than the Govt. Grant of
Rs 176 a year asked for
by the Ch. Darg. Anything
more than this would be
beyond the powers of this
Govt. It is doubtful
whether an application
to the Govt. of India for
an estate in cases of
this - allowed by the Rules
would be successful.
for a precedent would
be established for similar
applications.

of the cemetery.

7. The points on which orders are required are, -
- (1) whether the estimate of Rs 6000 for improvement may be approved, & if so,
 - (2) whether the two payments of Rs 120 & Rs 360 to Mr. Pondlock may be dealt with as honoraria under Art. 89, C.S.R.
 - (3) whether the sanction of the Govt. of India should be applied for to the payment of a special monthly allowance of Rs. 20 to Mr. Pondlock for assisting the Chaplain in the upkeep of the cemetery
 - (4) whether the sanction of the Govt. of India should be applied for to the employment in St. James' Cemetery of an assistant in cases of that allowed by the Govt. also. If so, some special reasons must be given for treating this cemetery differently from the other cemeteries.

For P. Khan.

Mr. Frankland's duties are defined in para 3 of his agreement which is filed D in G. O. Rev. No 4680 of 6th Feb 97. Under the terms of that agreement it seems to me that the point of extra

remuneration to Mr. Frankland for looking after the St. Thomas Cemetery, is unnecessary & if not impossible.

NOTE FOR THE C. S.

There is no objection to the proposals referred to in the notes below, so far as they have been approved by His Ex: the Governor, except that it seems ^{very} doubtful whether the change will entail on the Curator the "large amount of travelling" contemplated in § 1175 of the C.S. ~~For the Curator's account~~
~~which is not to be paid~~

of the Govt. Botanical Gardens at Ootacamund for the supervision of the upkeep of the St. Thomas' Cemetery of that station. The Cemetery, which is about one mile distant from the gardens themselves, in which the Curator's residence is situated, is about to be newly laid out at considerable expense and the Curator has been ordered to supervise this work. He will have to visit the cemetery at least once daily during the progress of the work and at regular intervals, after completion, of sufficient frequency to keep the cemetery grounds in thorough order. Under these circumstances, I am to say, the conveyance allowance now asked for appears to His Excellency in Council reasonable and is recommended for sanction.
