No. 1,495.

PROCEEDINGS OF THE BOARD OF REVENUE dated 18th June 1874.

Read again Board's Proceedings, dated 30th and 31st March 1874, Mis. Nos. 2,186, and 2,225.

Read also the following letters :—

From W. D. HORSLEY, Esq., President of the Local Fund Boards, Cuddapah District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 29th April 1874, No. 282.

I HAVE the honour to reply to the questions asked by the Board, in their Proceedings, Miscellaneous No. 2,186, dated 30th March 1873.

1stly.—The Goovalchervoo Bungalow was used by the Department Public Works as an Inspection Bungalow.

2ndly.—It was handed over by that department to the Local Fund Board on no authority.

3rdly.—The Circle Board propose to utilize the bungalow for the accommodation of District Officers and travellers, and to charge fees for its occupation. A copy of the Circle Board's resolution on the subject is enclosed.

2. As I have said in another letter on the subject of bungalows generally, this bungalow will almost entirely be occupied by District Officers when travelling on duty. *Boná fide* travellers are rarely, if ever, to be met with in the Madanapalli Circle.

ENCLOSURE No. 1.—Extract from Proceedings of Local Fund Board.

From the same Officer, dated 5th May 1874, No. 311.

I HAVE the honour to acknowledge the receipt of Board's Proceedings, Miscellaneous No. 2,225, dated 31st March 1874.

2. Enclosed is a list of the bungalows which the Local Fund Board, Madanapalli Circle, wish to be placed under their control.

3. Of these bungalows that at Raichoty was the only one in use as a public bungalow when the Local Fund Board was instituted. Those at Gurramkondah and at Kalkudda were closed as public bungalows and transferred as tool-sheds to the Department Public Works by the Government orders quoted in the list. The rest of the bungalows named were purely Department Public works Inspection Bungalows, or as they are sometimes termed tool-sheds.

4. Seldom or never are any of the bungalows mentioned in the list required by the public. District Officers may be said to be the only persons who ever make use of them. I am still of opinion that public money should not be expended in the up-keep of these bungalows. If I make an exception it will be in favour of the buildings at Raichoty and Gurramkondah, in favour of the former because it was originally erected for the purposes of a public bungalow, and for the latter because it is an old palace and too large to be supported by private funds. Both these bungalows are on the road between Cuddapah and Madanapalli. Strictly speaking public money should not be spent [illegible] them. They accommodate District Officers when travelling on duty and when proceeding from Cuddapah to Madanapalli during the hot weather.

5. I should mention that there are a number of Department Public Works Inspection Bungalows in the Cuddapah Circle. That Board have very properly taken no step[illegible] provide accommodation for District Officers when travelling. An arrangement whereby these bungalows were to

be supported by private funds having fallen through, it is now a question what is to be done with them. I fail to see why an exception should be made in favour of the Madanapalli bungalows. I would have interfered in the matter, but I did not consider that I would be justified in doing so, as I had already submitted the subject for the orders of Government, which orders I hoped would have set the question at rest. I leave it, however, for the Board to say whether the Government having in their Order No. 935, dated July 5th 1873, prohibited the *erection* of bungalows from public money because the officers for whose benefit they were designed received a sufficiently liberal tentage and travelling allowance, it may not be inferred that the Government would also prohibit the *maintenance* of existing bungalows used almost entirely for the same purpose, and in the maintenance of which the general public is in no way interested.

ENCLOSURE No. 1.

List of Bungalows which the Local Fund Board, Madanapalli Circle, wish to have transferred to them under their control.

Name of the Bungalow.	Whether Public or Inspection Bungalows.	Date of Government Order closing the Bungalows.	Remarks.
1. Raichoty	Public.	G. O., dated 31st August 1872, No. 1,153.	Transferred to Local Fund Board, Madanapalli Circle.

4. Sambepalli	Do.	......	
5. Kalkudda	Public.	G. O., No. 153 of 18th January 1866.	Transferred to Department Public Works.
6. Peelair	Inspection.	......	
7. Gurramkondah	Public.	G. O., No. 153 of 18th January 18 6.	Transferred to Department Public Works.
8. Kadiri	Inspection.	......	

(Signed) W. D. HORSLEY,
President.

SUBMITTED for the orders of Government.

2. The Madanapalli Local Fund Board having applied for small allotments to be spent in repairing the Goovalchervoo and Gurramkondah bungalows the Board enquired when, and under what authority, they had been given to the Local Fund Board. It appears that in a Resolution, dated the 5th July 1873, the Local Fund Board decided after reading a letter from the District Engineer that they would take charge of seven Inspection Bungalows. Apparently they thought that the bungalows were attached to the roads and that no application to Government was necessary. In this they were wrong, and the question now is whether Government will authorize the transfer.

Goovalchervoo, Sanepoy, Sambepalli, Kalkudda, Peelair, Gurramkondah and Kadiri.

3. In the letter recorded with G. O., Financial Department, dated 5th July 1873, No. 935, the President of the Cuddapah Local Fund Boards submitted a resolution of the Madanapalli Local Fund Board in favour of repairing the Gurramkondah bungalow and building three new Inspection Bungalows. The President represented that it was wrong to spend Local Fund money not only in building but also in repairing bungalows of this sort, because they are meant entirely for the convenience of European District Officers, but made an exception with regard to the Gurramkondah bungalow, as being larger than usual and used formerly as a public bungalow. The Board in submitting this question to Government dealt only with the question whether cheap Inspection Bungalows should be built from the Local Fund, and Government decided against it.

4. It remains to decide whether Local Fund Boards shall be authorized, if they please, to ep up existing bungalows of this sort. The President is of the contrary opinion. He urges that the buildings are scarcely ever used except by district officers, and that the Cuddapah Local Fund Board have refused to take charge of similar bungalows in their circle. He makes exceptions in the cases of the Raichoty public bungalow which was transferred to the Local Fund Board by G. O., Financial Department, 31st August 1872, No. 1,153, and need not be further mentioned, and the Gurramkondah Inspection Bungalow which is alluded to above.

5. As in the case submitted to Government in Board's Proceedings, dated 19th March 1874, No. 632, the Board think that Inspection Bungalows already in existence should be handed over to Local Fund Boards, and that Local Fund Boards should be allowed to keep them in repair if they choose to do so.

Sir,

With reference to Board's Proceedings, No: 1264 of 16th May 1876. I have the honor to inform the Revenue Board that the Bungalow at Guvulcheruvu had been omitted by oversight in this office letter No: 173 of 19th March 1876. The bungalow is exactly similar to the other inspection bungalows referred to.

Nilgiris	Wellington Bungalow in Cantonment close to Reservoir	Not known	-	20			This bungalow was erected when the Barracks were built & was generally occupied by an Overseer. It was enlarged and improved. by a Mr Newman who was continually allowed to occupy it for some time. Its present value would be about Rs 2000. It is used chiefly by the District Engineer. It is very desirable that it should remain in the sole possession of
		-	-	20	-	-	
Nilgiris		-		20	-	-	the DPW as it commands the Reservoir, & owing to the few houses existing at Wellington there is no other place of abode where an Officer could reside in the event of his presence being constantly required at Wellington on completion of New Barracks or other important work. The Military Authorities would object to its being made a general District Public bungalow. But of course it could be occupied at times on special occasions
	Kotagherry Bungalow near the Kotagherry Bazar	500		30			Sanctioned in G.O. No 1399 of 29 April /69. This bungalow is used by all district officers of every Dept when required. Kotagherry possesses very limited accommodation and the climate does not admit of tents being used. A bungalow for Officers & Overseers of every department is therefore absolutely necessary. It is in the hands of the Department of Public Works.

Nilgiris	Iron shed on Khoonda near Mail Khoonda and Pir Mund	500	-	10		1	This small iron shed was erected when the trace to the Khoondas was opened. It is situated in a part of the District where there are no houses of any description and where the climate does not admit of tents being pitched. The shed is moveable & can be utilized in other parts of the District if so required. It does not afford much accommodation & has been used only by officers of the D.P.W. The cost of this shed was charged to the Khoonda road
