Municipal—Bye-laws.

No. 100. Read the following letter from J. H. MASTER, Esq., President of the Municipal Commission, Bellary, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Adoni, 29th January 1876, No. 7 :—

The Commissioners of the Bellary Municipality desire me to submit, for the sanction of Government, the accompanying draft bye-law.

2. In doing so, I would mention that the Government, in their Proceedings of 17th August 1870, No. 1043, declined to sanction a similar bye-law proposed by the same Municipality on the score that it entailed undue and unnecessary interference.

3. The object of the Commissioners in resubmitting the proposed bye-law is to put a stop to the practice referred to, which is calculated to frighten horses and to cause thereby danger to life. The Vice-President remarks that one or two accidents have recently occurred from this cause.

4. Considering that Bellary is a large military station, where necessarily a large number of horses is used, it seems necessary that some such restriction should be enforced.

5. The bye-law, as at present worded, is somewhat different from the one previously submitted, but the object of both appears to be identical.

DRAFT BYE-LAW.

“No bullock or buffalo shall be driven or ridden within municipal limits with any bells or other noisy ornaments upon them. Offence punishable with fine not exceeding 10 Rupees.”

No. 101. ORDER THEREON, 10th February 1876, No. 291.
The Government cannot sanction this bye-law.
