	RS.	RS.
Road Fund	1	
Endowment Fund	703	610
General Fund	89,369	45,850

3. The increase is not explained. The balance according to the Accountant-General's latest account is taken by them at Rupees 89,810, while the correct figure is 29,758—*vide* statement in G.O., 22nd January 1879, No. 103, Financial. The balances as revised by the Board and as they ought to be are:—

	Board's Figures.	According to the Accountant- General's.
	RS.	RS.
Road Fund	—262	—60,314
Endowment Fund	+703	+703
General Fund	+89,369	+89,369

4. The large deficit under Road Fund which has resulted from the adoption of the latest revised account furnished by the Accountant-General, requires immediate explanation; for it is strange that a circle in which apparently no famine works were carried out of a Local Fund character should have been permitted to lapse into deficit; and that the Board should have been so unconscious of the true state of affairs as to permit allotments to be made meanwhile from the reserve. The Board have omitted to notice the deficit in their Proceedings, dated 1st February 1879, No. 262, recorded in G.O., 25th February 1879, No. 348. They will now report on the point.

5. The Government are glad to learn that the differences between the Municipal and Local Fund Boards have been adjusted; and that the arrears* of Tolls have been agreed to be paid up by the former; and those on account of the contribution for the Dispensary by the latter. The increase in the Public Works provision

in the current year's regular estimate over the Budget grant appears to be due to allotments from the Road Fund Reserve above referred to. The opening deficit due to the adoption of the Accountant-General's latest figure leaves a minus balance of Rupees 43,652 under Road Fund according to the regular estimate given in the above abstract. A transfer from the General Fund of Rupees 25,000 will be made to reduce this deficit.

6. These changes disturb the opening balances shown in the Budget for 1879-80; and the expenditure allotments have therefore to be reduced not only to remove the deficits noted in the above abstract, but also, if possible, to secure a small amount as reserve for emergent and unforeseen expenditure under Road and General Funds. The Government cannot pass a Budget with a deficit of Rupees 34,662. The allotment for New Works and for other items should be reduced so as to leave a plus balance at the close of the year. The Board will accordingly revise their proposals and submit fresh estimates for the early sanction of Government. It is desirable that in future Budgets the demand, arrears, and current, on account of Land-cess should be separately shown with the anticipated collections under each. The Board of Revenue will report the change of form which will be necessary in the accounts now submitted to supply this information.

7. The Government sanction the transfer of the endowments proposed in paragraph 6. The increase proposed to be given to the Inspecting Schoolmasters is sanctioned except as regards the maximum Rupees 40 advocated, which is opposed to G.O., 24th October 1871, No. 321. The reasons adduced for the change do not appear sufficient to alter the general decision arrived at after due consideration. The Board's remarks in paragraphs 15 and 17 are approved. The Board will revise the Budget proposals with reference to the foregoing remarks. The Vice-President's observations in paragraph 33 of his letter have not been noticed by the Revenue Board.

Sir,

I have the honor by desire of the Surgeon General, to report to your Board that the provision made for the six Dispensaries in grant III of the 1879-80 Local Fund Budget. Estimate of the Guntur Circle is the same as the current year's grant and calls

calls for no remarks.

2. It is to be observed that this Department will not be in a position to provide Medical subordinates for the three unopened Dispensaries for some time.

2. The opening balances according to the Local Fund Report of the Circle for 1877-78 as revised in this office are as indicated in the margin; but

Regular Estimate
for 1878-79.
Road Fund Rs 703
Endowment Do 703
General Do 89369

according to the latest report from the Accountant General the balance amounts to Rs 89810. Assuming in the absence of details that the difference is caused by the adjustment of charges appertaining to the Road fund, the opening balances should be as follows:

Road Fund - 262
Endowment Do + 703
General Do + 89369
89,810

Land Cess is expected to yield Rs 1,40,000 against Rs 1,20,000 in the budget and against Rs 1,53,615 the actual of 1877-78. As shown by the President, the estimate seems fair.

9
fair and may be accepted. The current year's income from tolls is estimated at Rs 3,300 being one-third of the tolls levied by the Guntoor Municipality. It is stated that the Municipality having met with difficulties in the collection of the Professional Tax failed to remit the Local Fund share of the Municipal tolls for the last two years and that the Circle Board consequently withheld their contribution to the Municipal Dispensary. The President reports in a separate communication, which is now before the Board, that the differences that existed between the two bodies with regard to these payments have been settled and that the Municipality have agreed to pay up the arrears due viz Rs 7242. The Local Fund Board promising to contribute Rs 597-2-2 on account of the Dispensary for

for three years commencing from 1875-76. Credit will therefore be taken in the Regular Estimate for arrears to be paid by the Municipality. The income from school fees shows a decrease of Rs 250 compared with the Budget Estimate and this is due to the fact that out of the 25 schools provided for, only two are now at work and that the rest have not yet been opened. The total receipts amount to Rs 2,45,340 as follows:

	Rs
Road Fund.	1,06,513
Endowment Do.	1,053
General Do.	137,511
	<u>245,077</u>

Statement B,
Expenditure.

The expenditure on New Works, Communications, is estimated at Rs 32,750 and that on Road repairs at Rs 36,720 against Rs 33,851 and Rs 36,270 the amounts allotted to date under the respective heads. The

Contribution as per Budget for 1876-77, 1877-78 and 1878-79. Rs 5500.
Contribution amount of clothing being Rs 209 during the period in 1878. 5709

The estimates may be accepted with reference to the expenditure incurred during the first five months of the current year and in the last seven months of 1877-78. The allotment for Tools and Paints at 2 1/2 per cent of the probable outlay on works should be Rs 1884. The non-establishment of many of the schools budgetted for is the cause of the reduced provision for Local Fund Schools under Grant II. For contribution to the Municipal Dispensary at Guntur Rs 5710 as per margin are provided under Grant III, but the Local Fund Board have agreed to contribute Rs 5957 for the past three years as remarked in the preceding para. This amount together with Rs 2000 as per Budget for the current year will

will be entered in the Regular Estimate. The total proposed expenditure as altered by the Board amounts to Rs 146,665,

leaving a balance of Rs 98,412 as

Road Fund	Rs 16,399
Endowment	Do 893
General	Do 81,120
	98,412

 per margin which will be taken to the Budget for 1879-80.

4. The Cess on Land is estimated Budget for 1879-80 at Rs 110,000 against Rs 120,000 for the current year, but the President is of opinion that Rs 115,000 may be realized from this source. The Vice President's estimate being a safer one as remarked by the President it will be adopted. Tolls are estimated at Rs 3000 against Rs 3300 in the Regular Estimate.

5. Rs 330 are shown as the Educational receipts against Rs 60 in the current year's budget. The increase is due chiefly to the transfer to Local Funds, under G. O. R.D dated 10th April 1878 No 567 of the past

13.
past year's assessment of Kattampudi Charitable Inam and partly to the credit taken for the assessment due on the Inams at Chinna Ganjam and Begalpuram to be devoted to the maintenance of schools in those villages as per G. O. R.D. dated 22nd August 1877 No 2553.

6. The Local Fund Board consider the establishment of a school at the petty village of Kattampudi unnecessary and propose to transfer the endowment to the already existing school at Ponnur which is within two miles of Kattampudi. It is further observed that the income from the Charitable Inams at Chinna Ganjam and Begalpuram is so trifling that it will be wholly inadequate in itself to maintain schools at these places or even

even to afford them any appreciable assistance. There is already a combined system school at Chinna Ganjam maintained out of Local Funds and to establish one at Befalpuram will cost the Local Fund Board Rs 246 which is out of all proportion to the income expected from the Inam. The Local Fund Board propose accordingly to assign these two small Inams to the Ponnur School, thereby making one endowed school for the whole circle. The President approves these proposals which are recommended for the sanction of Government. The receipts put down under "Choultries" include Rs 10 from the assessment of the Inam in Duggurpand assigned for the repairs of a drinking water tank in the village.

7. The total receipts amount to Rs 216,640 as follows:

Road Fund.	Rs 15
Endowment Do.	96,080
General Do	1520
	<u>119,040</u>
	216,640

Statement II, Road
Fund.

8. The share of the cost of general management chargeable to the Road Fund and the allotment for Tools and Plant at 2½ per cent of the proposed outlay on works should be Rs 1010 and Rs 1590 respectively. The total Road Fund expenditure amounts to Rs 907 20 leaving a balance of Rs 5360.

Statement III
Part I, New
works.

9. Part I contains 14 items with an aggregate allotment of Rs 47,530 of which Rs 29,530 are charged to the Road Fund and the remainder to the General Fund. None of the items entered under "Communications" call for remark. All the 9 items shown under "Civil Buildings" are unsanctioned. The President is requested to obtain estimates for the first eight works and

and submit them at an early date

10. For Road repairs Rs 34120
are assigned against Rs 32770
in the budget for the current
year. The allotment for them
No 9 is increased and at No
5 in the Appendix is a
new entry.

11. Grant I is

Road Fund.	Rs 89710
General Do.	28970

12. There are six Inspecting
Schoolmasters attached to the
Circle as per margin. At the
instance of the Deputy Inspector
of schools the Local Fund
Board propose to raise the
pay of the Inspecting school-
master of the Guntoor Taluk from
Rs 35 to 40 and to raise the
pay of the last mentioned officer
from Rs 20 to Rs 25 per mensem.
The Board see no objection to the
latter proposal but the former is

October 1871 No 321 in which
Government decided that the
maximum salary viz Rs 35 allow-
ed to Inspecting school-masters
was a proper one and intimated
that they were not disposed to
sanction higher rates.

13. The cost of Local Fund
schools is estimated at Rs 7960
against Rs 8160 in the current
year's Budget. The decrease is
due to the omission of the Kat-
tampudi school as explained in
para 5 supra. It is proposed
to change the sites of three
schools.

14. Grant II is

Endowment Fund.	Rs 250
General Do.	19420
	19670

15. The current year's grant
for Hospitals and Dispensaries
viz Rs 10780 is repeated. Of the six
Dispensaries

Dispensaries provided for, only three are now at work the rest not having been opened as yet for want of Medical Subordinates. As the Surgeon-General intimates that his Department will not be able to provide men for these Dispensaries for sometime, the President should endeavour to procure the services of pensioned Medical men or duly qualified private practitioners. For Vaccination Rs 210 are provided in excess of the current year's grant to meet the proposed payment of batta to the Dy Inspector of Vaccination and his peon. The Local Fund Board propose to pay batta to the peon at the rate of one and half anna per diem while the rate recommended in Board's Proceedings dated 21st December 1878 at Rs 3486 is one anna per diem. The proposed increased rate of batta should not be allowed. The contribution to the Medical college should be Rs 1000.

16. Grant III is

Endowment Fund	Rs 100
General Do	54710
	<u>54810</u>

Grant IV
Miscellaneous.

17. The contribution for the controlling establishments at the Presidency should be Rs 590. The Local Fund Board's establishment and the increases proposed are shown below:

	Present	Proposed
	Rs	Rs
1 Head Clerk	40	55
1 Asst Do	10	15
1 Peon	7	8

The Board do not see the necessity for raising the salaries of the Head Clerk or of the peon but think that the salary of the Assistant Clerk should be raised to Rs 15 and accordingly recommend that the increase be sanctioned.

The contribution for the dispensary by the latter. The increase in the Public Works provision over the Budget grant appears to be due to allotments from the Road Fund Reserve above referred to. The opening deficit due to the adoption of the Accountant General's latest figure leaves a minus balance balance of Rs 43652 under Road Fund according to the Regular Estimate given in the above abstract. A transfer from the General Fund of Rs 25,000 will be made to reduce this deficit.

These changes disturb the opening balances shown in the Budget for 1879/80; and the expenditure allotment have therefore to be reduced not only to remove the deficit noted in the above abstract, but also if possible to secure a small amount as reserve for emergent and unforeseen

expenditure under Road and
General Funds. The Board
will accordingly revise their
proposals and submit fresh
estimates for the early sanction
of Government. It is desirable that in future Budgets the demands
