V. Narasimachariar,
Assistant Secretary to Government

GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

24th November 1880, No. 2207.

Municipal—Medical.

Read the following paper :—

No. 145. *From A. T. ARUNDEL, Esq., Acting President of the Municipal Commission, Madras, and Surgeon-General W. R. CORNISH, F.R.C.S., C.I.E., with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 19th October 1880, No. 464.*

With reference to Order of Government, No. 1228, of 23rd June 1880, we have the honor to submit the following recommendations :—

- (a.) That the pay and allowances of Honorary Surgeon Moideen Sheriff Khan Bahadur be treated as a Provincial charge, his primary duties being to afford professional aid to the Mahomedan community of Triplicane, and his attendance on out-patients of the Triplicane Hospital being simply a public convenience to the poorer portion of the Mahomedan community.
- (b.) That the maintenance of the Triplicane Hospital including establishment be a Municipal charge.
- (c.) That the cost of the out-patient department of the Black Town Dispensary be a Municipal charge.
- (d.) The President considers that, having regard to the financial embarrassments of the Municipality, the foregoing charges alone should be met from Municipal funds. If, however, the Government decide that a further charge should be made in consideration of the benefits arising to the native community of Madras from the out-patient departments of the General Hospital and Women and Children's Hospital, as well as other Medical Institutions, like the Lying-in Hospital and Eye Infirmary, maintained at the Presidency by Government, we recommend that the Municipal contribution on this account be fixed at a yearly sum not exceeding Rs. 20,000.

This is about the sum now paid by the Municipality for the charges connected with the Women and Children's Hospital, Vepery; but, as this institution is practically a branch of the General Hospital, maintained in a separate building for want of accommodation in the General Hospital itself, we are of opinion that it would be more fair and equitable to the Municipality and Government if the contribution to be imposed be made by the former in aid of hospital expenses generally at the Presidency, instead of, as at present, throwing the entire support of the Vepery Hospital on Municipal resources.

2. The hospitals named in (b) and (c) of the foregoing paragraph should be entirely under the control of the Municipal Commissioners in regard to establishments and expenditure, but in regard to the fixed contribution for medical relief (if imposed), the institutions for which the grant is made would remain, as at present, under the administration of the Government Medical Department.

3. As, however, it is desirable to recognise the principle that Municipal supervision should accompany Municipal expenditure, and to secure the interest of the Commissioners in the purposes for which the Municipal fund is expended, we would recommend that, if the charge of Rs. 20,000 be imposed, the President of the Municipality be appointed by Government *Ex-officio* Visitor of the General Hospital and of the other Government Medical Institutions, and that the annual reports on their working be forwarded for the information of the Commissioners.

No. 146. ORDER THEREON, 24th November 1880, No. 2207.

The Government approve and sanction the proposals contained in the above letter, which involve a saving to the Municipality of Rs. 2,277 in the present charges for the Vepery Hospital and of Rs. 3,300 in those for the Triplicane Dispensary; the pay and allowances of Dr. Moideen Sheriff being treated as a Provincial charge, as already ordered by G.O., dated 31st August 1880, No. 1663.
