His Excellency the Governor in Council has re
by the above note to the care and efficiency w
maintenance of the Madras Railway.

with satisfaction the testimony borne
mark generally the management and

2. It is to be regretted that the fairly on the South-west line have not been secured. Efficiency is of as great, if not more, importance.

3. With regard to paragraphs 20 and 21, effort is being made to put an end to the mail train service on the Madras Railway in India.

4. The difficulties arising from the line to these delays the more desirable.

5. His Excellency would observe passengers of all classes on a railway in India remunerative to the Company.

6. The Consulting Engineer will refer paragraphs 22 and 23.

7. The Agent's attention should be directed to paragraph 25.

8. With regard to paragraphs 27 and 28, Companies will endeavour by every means to break of gauge at their junctions. His Excellency trusts that the co-operation of the Companies will receive his careful attention.

9. Paragraphs 29, 30, 31 will be dealt with in due course.

10. Paragraphs 32, 33, 36 will be referred to the Chief Engineer of the Public Works Department for early consideration.

11. His Excellency has no doubt that the Madras Railway is to be mainly looked for in meeting the public and to lessen the cost of transport. He would urge upon the Agents the importance of bringing the subject to the notice of Government, for such reasons.

To the Consulting Engineer for Railways
" Chief Engineer, Public Works Department.

RESOLUTION—dated 14th November 1884.

The Presidents of Local Fund Boards are requested to submit, at an early date, two statements: one showing the roads constructed or improved since 1871, and the other showing the roads to be improved, with the probable amount of expenditure. The statements should be prepared in consultation with the Local Fund Boards for an expression of their views on the roads to be shortly undertaken from Local Fund. The statements should be submitted to the Board of Revenue.
