ORDER—dated 10th January 1887, No. 36, Financial.

With their letter, No. 550, dated 9th November 1886, the Finance Committee forwarded a statement of local allowances granted in the Madras Presidency, with request for the opinion of the Madras Government on such of the items as seemed to the committee to be open to objection; and for careful examination of the remainder with a view to reduction. The reports of officers concerned having now been received and considered, the Government proceed to pass orders on the allowances in question.

2. It may be assumed, in all cases in which local allowances are granted for service in the hills, that the rates of pay drawn by the recipients are the same as they would draw if serving in the plains. The hill allowances sanctioned for the subordinate grades of the Police Department have been fixed from time to time with special reference to the unhealthiness of the climate or dearness of the necessaries of life. They have now been subjected to careful re-examination by the Inspector-General of Police, who is of opinion that the conditions of service in the localities in question have not materially altered since the allowances were sanctioned, and that these allowances are essential to the well-being of the men receiving them. The Government are accordingly not prepared to order any retrenchment.

Item 7.—The Assistant Apothecary in charge of the Police Hospital at Párvatipur is not required to proceed on duty to the hills. The allowance of Rs. 25 should therefore be discontinued with effect from the 1st April next.

Items 56, 57.—The only additional clothing supplied to these men is a pair of woollen trousers every two years. The batta they draw is stated to be necessary owing to extra expense of food, &c., and may be continued.

Items 74, 75, 92 to 95, 97 to 99 and 101.—These allowances are higher than in Ganjam and Godáviri, as provisions and other necessaries are much dearer in South-East Wynaad. They may be continued.

Item 83.—“Head constables” is a clerical error. It should be “constables.”

Item 85.—The word “each” should stand, and Rs. 3 be substituted for “Rs. 15.”

Items 88, 89.—Siradi, not Surada, is situated in Uppinangadi taluk at the foot of the ghát to Munjerabad in Mysore, and is one of the most feverish places in the district of South Canara.

Items 90, 91.—These allowances were granted as increased horse allowance to two inspectors at a time when dacoity was ripe in certain parts of the Malabar district. They are not now drawn.

Items 96 and 100.—Although Cochin is in the plains, some stations, such as Modul, Madda, and Chennambady, are considered very unhealthy. They are also infested by a criminal tribe (Muleers); who require specially close watching. Half the Wynaad rates of batta, viz., Rs. 5 for head constables and Rs. 3 for constables, have been granted. As they are reported to be still necessary, they may stand.

Item 102.—The sum of Rs. 100 has been granted as a local allowance to an inspector specially selected and employed for the suppression of dacoity, first, in South Arcot, where he was very successful, and then in North Arcot, where his services are still necessary. This officer is also employed on detective duty involving long journeys, and he is thus put to great expense, which the ordinary travelling allowances would not cover. It is probable that he will shortly retire on pension. The special allowance will then cease.

Items 103—107.—These allowances may stand so long as the men are not provided with public quarters.

Items 108, 109.—These allowances are met from hackney carriage fees.

Items 110, 111.—May stand.

Items 112, 113.—Should be dealt with as in the case of item 171.

Items 114—116.—May be continued on the scale prescribed for Wynaad allowances.

Item 117.—The Surgeon-General explains, in reply to the questions of the Finance Committee on these allowances, that Civil Hospital Assistants in subordinate charge of hospitals, i.e., serving under the immediate orders of a superior medical officer, are entitled only to the pay of rank, but when employed in independent charge of hospitals, they are entitled to a charge allowance in addition to pay of rank. The allowance is given in consideration of the increased responsibility of an independent over a subordinate charge. Charge allowance is granted according to the differing

circumstances of the several stations. In ordinary civil stations the rate is Rs. 10; in remote or unhealthy districts, Rs. 15; and in hill tracts, which are not only unhealthy, but where the cost of living, travelling, &c., is much enhanced, the rate is Rs. 25; to secure continuous and willing service, Hospital Assistants serving in the districts of Kurnool and Cuddapah, although not holding independent charges, are granted an allowance of Rs. 10 in addition to their pay, on account of the unhealthiness of the climate. No such allowance is granted in the South Arcot and South Canara districts. Item 117 may stand.

Item 118.—The nearest medical officer to the sub-district of Saidápet is the officer in civil medical charge of St. Thomas' Mount, and the most convenient, as well as the most economical, arrangement for providing for the medical duties of the sub-district, including the Agricultural College with its staff and pupils, has been to place the sub-district under the charge of that officer on an allowance of Rs. 30 per mensem to defray the extra cost of conveyance,—the distance between St. Thomas' Mount and Saidápet being from 3 to 4 miles. The allowance may stand under the designation of conveyance allowance.

Items 119 to 125.—These are admissible under special sanction or code rules, and as the necessity for them still exists, they may stand.

Item 126.—Assistant Surgeons are granted an extra allowance of Rs. 50, only when appointed as Assistants to District Medical and Sanitary Officers. The allowance is given (1) to compensate them for the loss of an equal amount which they were in the receipt of when withdrawn in 1883 from independent charge of civil dispensaries to become Assistants to District Medical Officers; (2) to cover all claims which Assistant Surgeons might otherwise prefer to allowances under section 57 (e) of the Acting Allowance Code, whenever they may take medical charge of the head-quarters of the district in the absence of the District Medical and Sanitary Officer on inspection or other duty.

Items 127—129.—These allowances may stand; the circumstances being the same as when they were sanctioned.

Item 130.—This has ceased.

Item 131.—Is in lieu of free rations, the grant of which had been taken into account in fixing the scale of pay. It may stand.

Items 132, 133.—These allowances are granted at the rate of Rs. 30 and Rs. 15, respectively, to Apothecaries and Hospital Assistants under the designation of “Asylum allowances,” as compensation for loss of private practice from which they are debarred, and as some inducement to accept positions involving, not only pecuniary loss, but also considerable risk from the violence of lunatics. The allowances may stand at the rates specified above.

Items 134, 135.—May be continued until free quarters are provided.

Item 136.—May be continued.

Items 137—140.—Will disappear with the Auxiliary Medical School, which is to be abolished.

Item 141.—The Assistant Apothecary attached to the Ramasawmy Moodelly's Lying-in Hospital holds that appointment as an extra charge, for which he receives a staff salary of Rs. 30 under the provisions of paragraph 9, clause 83, of India Army Circulars of 1884. The allowance may stand.

Items 142—144.—These are staff allowances granted for specific duties. They may stand.

Items 145, 146.—These allowances are granted, not for the performance of additional duties, but for the superior nature of independent medical charge. The allowances may stand. Those to Hospital Assistants are referred to against item 117 above.

Item 147.—Should stand.

Item 148.—May stand.

Items 149, 150.—The Government are not prepared to continue these allowances, which will accordingly be abolished with effect from the 1st April next.

Items 151—153.—May stand.

Items 154—158.—These allowances may stand as revised in G.O., No. 871, dated 27th July 1885, Revenue.

*Items 159, 160.*—The depôt at Vayitri having been closed, and the establishment dispensed with, these allowances are not now drawn. It is explained that even if the depôt is re-opened, and the staff re-entertained, the full cost, including the local allowances, will be recovered from the licensees.

*Items 161—165.*—May stand.

*Items 166—168.*—May be continued so long as free quarters are not provided.

*Item 169.*—This allowance, given at Rs. 125 in the statements received from the Finance Committee, was raised to Rs. 250 when the Income-tax Act was introduced. It has been proposed to reduce the allowance to Rs. 150 from next year (Board's Proceedings recorded in G.O., dated 27th October 1886, No. 926, Revenue). It is observed that the income-tax work in Madras Town is exceptionally heavy and responsible, and not to be compared with that which ordinarily falls on Collectors and their subordinates. The allowance should therefore be continued at the rate settled last October, viz., at Rs. 150 per mensem, commencing from the 1st April next.

*Item 170.*—The allowances may stand, pending final decision on the question of the management of the District Post grant.

*Item 171.*—This should be withdrawn if the incumbent of the post is a medical warrant officer, but may be continued to a Civil Apothecary or Hospital Assistant.

*Item 172.*—The clerical work required is foreign to the duties of Keeper of the European prison. The present incumbent having been found qualified to undertake the work, it has been entrusted to him on a local allowance of Rs. 10. The expense of a separate clerk is thus saved. The allowance may be continued so long as the Keeper does the work himself.

*Items 173, 174.*—May be continued until free quarters are provided.

*Items 175, 176.*—The Resident in Mysore has been communicated with in regard to these items.

*Items 177, 178.*—These allowances have been granted for the performance of extra duties, and should, in the opinion of Government, be continued. When a vacancy occurs in the appointment of French Translator, the question of employing a separate hand will be considered.

*Item 179.*—The allowance is necessary and may stand.

*Items 180—185* are not objected to, and may stand.

*Item 186.*—It is observed that in 1881, when the question of the pay of the Medical Inspector of Emigrants was under consideration, the Surgeon-General suggested that, looking to the average number of emigrants during the previous three years, the remuneration might be reduced to Rs. 150 per mensem. Since that time there has been a still further reduction in the numbers of coolies passing through the depôt; and the Surgeon-General is now of opinion that Rs. 125 per mensem would be a fair amount of remuneration for the duties required of the Medical Inspector. The allowance will be reduced accordingly with effect from the 1st April 1887.

With reference to the remark of the Finance Committee, that "the supervision of emigration operations appears to involve an annual loss," it is observed that the fact has frequently been brought to the notice of the Government of India, and that the subject has received much consideration from the local Government. Only recently a substantial reduction was effected by the amalgamation of the Pondicherry and Karikal Agencies. No further reduction of cost seems practicable at present.

*Items 187, 188.*—The entries "Port Officer" and "Ditto" are clerical errors. The pay and allowances of the Consular Agents were debited against "Emigration," but there is only one Consular Agent now, the two agencies having been recently amalgamated as stated above. At the time of amalgamation, the local allowance at Karikal was abolished, but application to the Government of India has since been made to raise the allowance attached to the amalgamated office from Rs. 250 (the old Pondicherry allowance) to Rs. 300.

*Item 189.*—Has ceased.

*Item 189-a.*—Should be discontinued. The officer entrusted with supervision of boats should perform the duty as part of his ordinary work without extra remuneration.

*Item 190.*—This should also cease to be paid, and the Port Officer, Cocanada, relieved at once of the supervision of groyne-extension work.

*Item 191.*—May stand in the absence of free quarters.

*Item 192.*—The taxing of costs is stated to have fallen to the Interpreter on the abolition of the appointment of Sub-Registrar in 1880, the Registrar and Deputy Registrar being at the same time responsible for general supervision. The allowance is excluded from the revised scheme of High Court establishments under consideration.

*Item 193.*—The Government concur with the Director of Public Instruction that the charge of the Oriental Manuscripts Library should be considered as part of the ordinary duties of the Professor of Sanscrit, but as Dr. Oppert was not informed of this when he entered the service, and has now been drawing the allowance for upwards of eleven years, His Excellency in Council is not disposed to withdraw it at present. It will not, however, be continued to Dr. Oppert's successor.

*Item 194.*—The Government contemplated the reduction of this allowance to Rs. 250 as a minimum, but subsequently allowed the amount to stand at the original figure. On the next change of incumbents, the question will be reconsidered.

*Items 195—198.*—These call for no remark.

*Items 199, 200.*—These allowances are not objected to, and may be continued.

*Item 201.*—This allowance is no longer drawn, it having ceased from October 1885.

*Items 202, 203.*—The circumstances are the same now as when these allowances were sanctioned. They may accordingly stand.

*Item 204.*—It is observed that in accordance with the terms of his agreement, entered into in 1877, the present Superintendent is entitled to free quarters. These were provided in Fort St. George until December 1881, when Mr. Stradiot was required to remove from the Fort and find house accommodation for himself. The allowance of Rs. 50 was granted in consequence, and may stand in the absence of free quarters, which cannot at present be found. The allowance is included in the civil estimate under "General Administration—Expenses connected with the Governor's Band." The Superintendent's pay is Rs. 220. The allowance is outside this sum.

*Item 205.*—Should be discontinued.

*Item 206.*—May be retained.

To

The Honorable H. C. Stokes,  
As Chief Secretary to Government,  
Marine Department,  
Fort St. George.

SIR,

In obedience to G. O. Financial, No. 1265, dated December 1<sup>st</sup> 1886, I have the honor to submit the following report.

2 Of the local allowances drawn by the Assistant Master Attendant, now designated Examiner of Marine and Port Fund Accounts, as per statement annexed to the above G. O., the sum of Rupees (50) fifty for checking the Madras Pier Accounts was stopped on the transfer of that structure to the Madras Harbour Trust in June last; and as regards the other for Boats' supervision, I cannot recommend any alteration, as the position remains the same as when G. O. No. 206, dated 9<sup>th</sup> June 1876, was passed.

Referring

3. Referring to the allowance paid to the Port Officer, Coconada, for superintending the extension of the Coconada groynes, it will be discontinued under G.O. Marine No 469, dated August 24<sup>th</sup> 1886, relieving that officer of the duty.

4. The house rent of Rupees (25) Twenty five granted to the Superintendent of the Madras Lighthouse is to compensate him for not being provided with free quarters, as is done to all other Superintendents of Lighthouses, and it cannot therefore be fairly withdrawn.

I have the honor to be

Sir,

No. 8240.

From

D. Duncan Esq. M. A. D. L.,  
H. B. GRIGG, Esq. M. A.,  
Acting DIRECTOR OF PUBLIC INSTRUCTION,  
Madras,

To

The Honble the Chief Secretary to Government,  
Fort St. George.

SIR,

Referring to G. O. No. 1265, Financial  
of the 1<sup>st</sup> instant, I have the honor to state  
that the charge of the Oriental Manuscript  
Library was entrusted to the Professor  
of Sanskrit, Presidency College, in 1869.  
In para 2 of their order No. 83 Educational,  
dated 15 March 1869, Government observed  
that "they are not prepared to award any  
special remuneration to the Professor of  
Sanskrit on whom the charge of the Manu-  
script would seem naturally to devolve."  
An additional allowance of Rs 50 per

manuscript

mensum was subsequently granted to Dr. Oppert - as will be seen from para 1 of G.O. No 65, Educational, dated 4 March 1874. But this remuneration was not drawn by Dr. Oppert - and in G.O. dated 5 February 1875 No 35 Educational, a monthly allowance of Rs 100 was granted to him for the charge of the Library. He has thus been drawing this amount for upwards of eleven years.

2. I am inclined to think that, as expressed in the first order of Government quoted above the charge of the Manuscript Library should be considered as part of the ordinary duties of the Professor of Sanskrit. But as Dr. Oppert was not informed that this was to be a part of his work when he entered the service as Professor of Sanskrit and as he has been enjoying the special remuneration for all these years, I beg

41  
to recommend that the allowance be continued to him. His Successor may, if it is deemed expedient - be required to do the work connected with the Library without any special remuneration.

3. The other items in the list received with the G.O. do not call for any special mention with reference to the remarks entered against them.

I have the honor to be,  
Sir,  
Your most obedient servant,  
J. Duncan  
Acting Director of Public Instruction

G. D. S.

NOTE FOR THE CHIEF SECRETARY.

The D.P.I. considers that the allowance of Rs 100 to the Professor of Sanskrit should draw with Dr. Appert, but proposes to continue it meanwhile.

Asst. Chief Secretary to Government  
Fort Saint George

Sir,

In reply to the Order of Govt<sup>y</sup>  
dated 1<sup>st</sup> December 1886, N<sup>o</sup> 12 65  
Financial, I have the honor to  
report that, the warm clothing  
allowance of Rupees 4/ monthly  
granted to the Assistant Apothecary  
attached to the European Prison  
at Ootacamund is necessary;  
on account of exceptional  
local circumstances, and has  
been drawn by that Officer  
for the past twenty two  
years.

Not the same  
man throughout  
this period?  
HJ

2. The allowance of Rupees 10.  
a month to the keeper of the  
European Prison, was granted,  
as the work is foreign to his  
duties as keeper; a saving is  
effected by this allowance,  
otherwise a clerk would  
have to be employed on a  
higher rate of salary.

3. The house rent of Rupees  
12, a month, granted to each  
of the five Wardens of Her  
Majesty's Penitentiary at Madras,  
and to the wardens attached to  
the Penitentiary Press, is absolutely  
necessary, until Quarters are  
provided for them in the  
vicinity of that prison.

The construction of these Quarters  
has already been sanctioned,  
but, the work has not been  
commenced

Commenced, as funds are at  
present not available. 53

CURRENT NO. 1766

From

H. J. Ross, Esquire,

Registrar of the High Court of  
Judicature at Madras.

To

The Honorable H. E. Stokes,

Acting Chief Secretary to Government,

Fort Saint George.

Sir,

In reply to G.O., dated 1<sup>st</sup> instant,  
No. 1265, Financial, I am to state that,  
no Taxing Clerk having been included  
in the old scale of establishment for  
the Appellate Side, the immediate super-  
-vision of the taxing of costs devolved,  
till December 1878, on the Sheristadar who  
drew a salary of Rs. 140 per mensem. When  
the post of Sheristadar was abolished and  
the office of Native Sub-Registrar on  
Rs. 500 per mensem was created (G.O.,  
24<sup>th</sup> January 1879, No. 146, Judicial,) the  
work of supervising the taxation of costs,  
with immediate responsibility for  
accuracy in taxing, became a part of  
the

the Sub-Registrar's duties. It was when  
the Office of Sub-Registrar was abolished  
(G.O.'s, 3<sup>rd</sup> July and 14<sup>th</sup> September 1880,  
Nos 1582 and 2226, Judicial,) that  
the Head Interpreter was granted an  
extra allowance of Rs. 30 for the work  
in respect of taxing costs which had  
previously fallen on the Sub-Registrar;  
but this in no way relieved the  
Registrar and Deputy-Registrar of the  
duty of general supervision.

2. I am to add that in the  
scheme for re-organizing the Office  
establishment on the Appellate  
Side proposed in my letter No 3213,  
dated 2<sup>nd</sup> instant, to Government, and  
previously intimated to the Finance  
Committee, the allowance in question  
has been omitted.

I have the honor to be,  
Sir,

Your Most Obedient Servant,

E. M. S.

Registrar,  
Appellate Side.

Answers to the Questions of the Finance  
Committee Contained in G. O. No 1265 —  
Dated 1<sup>st</sup> December 1886 J. Department.

Question 13 —

Civil Hospital  
Assistants in Subordinate  
Charge of Hospitals — that is,  
when serving under the  
immediate orders of a  
Superior Medical Officer, —  
are entitled only to pay of  
rank.

When employed in  
independent charge of  
Hospitals, they are entitled  
to a charge allowance in  
addition to pay of rank.  
The allowance is given  
in consideration of the  
increased responsibility  
of an independent over  
a subordinate charge.

Charge allowance  
is graduated according  
to the differing circumstan-  
ces of the several Stations.  
In Ordinary Civil Stations  
the rate is 10 rupees; in  
remote or unhealthy  
districts, 15 rupees; and

in hill tracts, which are not only unhealthy but where the cost of living, travelling &c is much enhanced, the rate is Rs 25, to secure continuous and willing service.

Hospital assistants serving in the unhealthy districts of Kurnool and Suddapet, although not holding independent charges, are granted an allowance of 10 rupees in addition to their pay on account of the unhealthiness of the climate. No such allowance is granted in the South Arcot and South Canara districts.

#### Question 19

The nearest medical officer to the Sub-District of Suddapet is the officer in Civil Medical Charge of St Thomas' Mount, and the most convenient

as well as the most economical arrangement for providing for the medical duties of the Sub-District including the Agricultural College with its staff and pupils has been found to be to place the Sub-District under the charge of that Officer on an allowance of Rs 30 per mensem. The amount was originally Rs 100, then reduced to 50, and finally to Rs 30 by Order of the Government of India No 2583 dated 27 August 1878 (Madras G.O. No 1361 of 9 September 1878 Public). The distance between St Thomas Mount and Suddapet is from 3 to 4 miles and the allowance of Rs 30 may be regarded more as a conveyance allowance than as remuneration for the extra medical

Question 21

Charge of the sub-District Assistant Surgeons are granted an extra allowance of Rs 50, only when appointed as assistants to District Medical and Sanitary Officers. The allowance is given (1) to compensate them for the loss of an equal amount which they were in the receipt of when withdrawn in 1883 from independent charge of civil Dispensaries to become assistants to District Medical Officers. (2) Also to cover all claims which Assistant Surgeons might otherwise prefer to allowances under Section 57(e) of the Acting Allowance Code, whenever they may take medical charge of the head quarters of the district in the absence of the District Medical and Sanitary Officers on inspection or other duty.

Question 29

Question 30

73  
This question has been referred to the Chemical Examiners whose reply will be forwarded when received.

A sum of Rs 100 per mensem was formerly allowed to the Station Superintendent of the General Hospital as ration allowance. There is no ration allowance given to the present Station Superintendent who draws a Consolidated Salary of Rs 300. agreeably to the Proceedings of the Madras Government in the Public Department No 1390 dated 17 June 1885.

The Nurses of that Hospital receive a ration allowance of Rs 15 per mensem in lieu of free rations, the grant of which had been taken into account in fixing the Scales of pay.

Question 31

Apothecaries and Hospital

Assistants attached to Lunatic Asylums are granted Rs 30 and 15 respectively under the designation of "Asylum allowance" as compensation for loss of private practice from which they are practically debarred; and as some inducement to accept positions involving not only pecuniary loss, but also considerable risk and danger from the violence of lunatics.

Question 32—

The Assistant Apothecary attached to the Ramasawmy Mudalliyas Lying-in Hospital holds that appointment as an extra charge. His primary work is in connection with the Auxiliary Medical School from which institution he draws his pay. For

Question 34—

Extra Charge of the Lying-in Hospital he receives a Staff Salary of Rs 30/- under the provisions of para 9 Clause 83 of India Army Circulars of 1884.

The Charge allowance sanctioned for civil Apothecaries and civil Hospital Assistants is not given for the performance of additional duties but for the Superior nature of independent medical charge involving responsibilities which do not belong to the Subordinate medical charge under the orders of a Superior medical Officer. In independent charge Apothecaries and

hospital assistants  
fill the position of  
medical officers; in  
the other, of medical  
subordinates.

Office Note

In reply to G.O., dated  
1<sup>st</sup> December 1886, N<sup>o</sup> 1265  
Financial, the Superintendent,  
Govt Press, begs to state that,  
in consequence of the steady  
increase of work in the Con-  
fidential Department, since  
its formation in 1864, he  
thinks the retaining fee given  
to the compositors could be  
safely dispensed with. The  
men are still paid double  
rates for all plain matter  
set up.

(2) Under the rules sanctioned  
in 1864, it was suggested that  
a Rough Reader should be  
engaged on double pay; but  
when in 1882 it was found  
necessary to employ a proof  
reader constantly in the depart-  
ment, Mr. Thays advised an  
Examiner

Examiners being appointed, ~~the~~  
giving him this small allowance.  
The undersigned cannot therefore  
recommend any satisfactory  
change as regards this item,  
and solicits its retention.

From  
H. F. Hoggston Esq.  
Accountant General

To  
The Chief Secretary  
to Government,  
Financial Department,  
Fort Saint George.

Sir,

In reply to Proceedings of  
Government N<sup>o</sup> 1265 Financial dated the  
1<sup>st</sup> instant directing me to report on the  
necessity or otherwise of the continuance  
of the grant of local allowances to the  
Assistant Accountant General as Inspec-  
tor of Local Fund Accounts, and to the  
Deputy Collector in charge of the Treasury  
Malabar as Officer in charge of Paper  
Currency, Calicut, I have the honor to  
report as follows.

2. The circumstances under which  
a local allowance of Rs. 150 per mensem  
was granted to the Assistant Accountant  
General who holds the post of Inspector  
of Local Fund Accounts are detailed  
in letter from the Government of India  
to

to this Government dated 22<sup>nd</sup> July 1882  
N<sup>o</sup> 2538 Financial Department. In para<sup>4</sup>  
of that letter, the grant of a local allow-  
ance was suggested by the Government of  
India as being suitable in consideration  
"of the special nature of the appointment."  
The duties of the appointment involve fre-  
quent and lengthy absences from head  
quarters, and the necessity of travelling  
over the whole of the Presidency, and the  
work is of a highly responsible nature.  
In addition to the work for which the  
appointment was originally created, the  
Inspector is now required to audit the  
accounts of Municipalities, and also of  
the following funds, which in this Presi-  
dency go under the designation of Special  
Funds.

The Village Service Fund

The Pound Fund

The Canal and Ferry Fund and

The Irrigation Cess Fund.

3. During the past three years,  
the Inspector has been absent from Head  
Quarters for the following periods.

1883-84 — 224 days

1884-85 — 204 — " —

1885-86 — 143 — " —

4. The whole cost of the appointment in-  
cluding the local allowance is defrayed from  
Local

Local Funds.

5. The local allowance of Rs. 100 per mensem for charge of the Paper Currency, Calicut, was granted to the Deputy Collector in charge of the Treasury, Malabar, in letter of the Government of India N<sup>o</sup> 1142 Financial De-  
partment dated 5<sup>th</sup> March 1866, as a remuneration for the additional duties which the charge of the Paper Currency would impose upon him. The additional duties were always considerable in amount, and of a very responsible nature, and the large increase which has taken place since 1865 in the currency note circulation has of course increased the work and the responsibility.

I have the honor to be,

Sir,  
Your most obed<sup>t</sup> Serv<sup>t</sup>  
H. Legrain  
Accounts General.

Memorandum

1. The Assistant Apothecary in charge of Police Hospital at Idavatipore is not required to proceed on duty to the Hills. The allowance of Rupees 25-- was granted as Residential allowance on account of the unhealthiness of the locality as in the case of Hospital assistant attached to the Senior Assistant Collector's Establishment.

May stand?

2. The only additional clothing supplied to these men is a pair of woollen trousers every 2 years. The batta they draw is necessary owing to extra expense of food &c.

May stand?

3. The reason why these allowances are higher than in Ganjam and Godavari is that provisions and other necessities are much dearer in South East Wynad than anywhere.

May stand?

anywhere else in the Madras Presidency.

4. It is an error. It ought to be Constables.

5. It is an error also. The entry of Rupees 15-0-0 should be Rs 3-0-0. The word "each" should stand.

President, Board of Examiners.

No. 1497.

1800/133  
OFFICE OF THE BOARD OF EXAMINERS,  
Madras, 13<sup>th</sup> December — 1886.

From

THE PRESIDENT,

BOARD OF EXAMINERS,

MADRAS,

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,

FORT ST. GEORGE.

SIR,

I have the honor, in reply to G. O.  
dated 1<sup>st</sup> December 1886, No 1265, Financial,  
to enclose a brief statement of the examinations  
which I, as President of the Board of Examiners,  
have to conduct.

2. It does not seem necessary to point  
out that there is, in connection with these  
examinations, a very considerable amount  
of correspondence to be carried on, mainly it  
is true of a routine character, but by no  
means always so — the average of the last  
three years is 500 letters received and 1000 despatches  
and

and that the making of the necessary arrangements beforehand, with committees, sub-committees and candidates, with the heads of the different departments, to which those candidates belong, with the Press in the matter of printing the examination papers, and in the case of certain examinations, with Government, entails upon some one the necessity of no small amount of forethought and preparation.

3. That some one is my Secretary; it could hardly be myself, for the reason, if for no other, that I have not the time to spare for the mere manual labour of drafting the necessary letters; it could not be my clerk, for there is something more than mere drafting required, and it could not be an impersonal Board of Examiners, for, besides that a large part of the examinations is viva voce and

135  
and colloquial. The duties of the post include the general superintendence and supervision of newly landed and unpassed Assistants, and for this some personality is required.

4. The work of itself is not sufficient to take up the whole time of a special officer of the Class that is required for it, and for that reason it has hitherto usually been added to the work of some existing officer and the pay for it has taken the form of a local allowance: but this must not blind Government to the fact that there actually is a considerable amount of responsible and troublesome work to be done, and that the officer doing this work is not overpaid at the rate of Rs. 100 a month. The fact that the post of Secretary to the President is at the present moment being held by an officer entirely unconnected with the Educational Department may perhaps

perhaps make it more easily realizable  
that there is, in the addition of that  
post, additional work, both to be done  
and to be paid for.

For a general resume of the  
work of the Board of Examiners, I beg  
to refer you to the Madras Manual of  
Administration, Vol. I, page 557.

I have the honor to be

Sir

Your most obedient servant

J. Grose

President, Board of Examiners.

Sir,

In reply to the Board's reference dated  
the 4<sup>th</sup> Instant on their Government Register No.  
4808 of 1886, I have the honor to state that the  
Vayitri depot of issue has been closed. There is  
therefore no necessity to consider the question  
of granting local allowances to the officers noted  
in column 1 of the statement forming an en-  
closure to the paper under reference. But even  
should a depot be opened hereafter, the full  
cost including the local allowance, entailed by the  
employment of an officer of the rank of Sub-  
Inspector will be recovered from the licensee.

## Resolution

The Board beg to submit the reports received from the Superintendent of Survey and the Commissioner of Abkari Revenue.

2. With regard to the Sub-Inspector and peon at Vayiti, the Commissioner of Salt and Abkari Revenue reports that the depôt has been closed and the Establishment dispensed with. Even if the depôt is reopened and the Staff is re-entertained, the full cost including the local allowances will be recovered from the licensees.

### 3. Survey Department

The Superintendent states that the existing allowances should be continued. The Board, however, do not understand why Presidency allowances should be given

to

151  
to Survey Officers. There is nowadays very little difference in prices in Madras and elsewhere, and in most Mofussil Stations a conveyance is just as necessary as in Madras, though it may not cost so much. The Board think these allowances may certainly be halved and called conveyance-allowances or else abolished.

### 4. Postal Department

No reply has been received from the Postmaster General.

### 5. Wynaad Allowances

The allowance of Rs 150 to the Wynaad Deputy Collector was first sanctioned in G.O. dated 15<sup>th</sup> January 1876 No 130. The Government of India in their Resolution dated

X not recd  
in the fund  
dept.

18<sup>th</sup> June 1879 No 205 reiterated their

opinion

opinion that the existing allowance need not be interfered with.

# 6. Head Assistant Collectors' Establishment

The Establishment as revised in G.O. dated 27<sup>th</sup> July 1885 No 871 stands as follows:-

| Designation            | Pay   | allowance | Total   |

| 1 Head Clerk           | Rs 50 | Rs 25     | Rs 75   |

The Establishment allowed for the Head Assistant Collector in the plains is as follows:-

|                        |       |
|------------------------|-------|
| 1 Head Clerk           | Rs 70 |
| 1 Clerk                | 25    |
| 2 Clerks on Rs 15      | 30    |
| 1 Mucki                | 10    |

| 1 Masalji              | 6     |
| Total                  | 177   |

The Board think the allowances should be continued.

The Finance Committee have not noticed the allowances granted to the Wynaad Tahsildar, the Gudalar and Vayitri Deputy Tahsildars and their establishments as well as the establishment of the Wynaad Deputy Collector in the G.O. of 27<sup>th</sup> July 1885 No 871 above referred to

It is observed that the Gudalur Deputy Tahsildar was formerly drawing Rs 150 and the Vaythri Deputy Tahsildar Rs 125 a month. Their salaries were reduced to Rs 100 each and an allowance of Rs 50 each was sanctioned. The pay of some of the menials (peons &c) was reduced and 50 percent of the reduced amount, granted as Wymad allowance.

Considering the unhealthy nature of the locality and the very great difficulty experienced in spite of the allowance in securing good men. The Board think the allowance should be continued.

## 7. Sayer Superintendent and his Staff.

The allowance is in lieu of provision of quarters at the expense of Government. As the Sayer men are required to live on the Station premises, it seems fair that the allowance should be continued.

## 8. Allowances to the Deputy Collector in Madras.

The allowance noted in the Statement from Government Rs 125, is for License Tax Work. This was raised to Rs 250 when the Income Tax Act was introduced. Next year, it is proposed to reduce this allowance to Rs 150 (Board's Proceedings recorded in G.O. 27<sup>th</sup> October 1886, No 926). With reference to the remark No 16 in the enclosure to the letter from the Secretary to the Finance Committee, the Board think the whole allowance may be dispensed with.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following G.O., dated 1st December 1886, No. 1265, Financial.

Read—the following paper :—

From STEPHEN JACOB, Esq., C.S., Secretary, Finance Committee, to the Secretary to the Government of Madras, Financial Department, dated Calcutta, 9th November 1886, No. 550.

I am directed to enclose a copy of a statement drawn up in the Financial Department of the Government of India and forwarded for examination to this Committee, showing the local allowances granted in the Madras Presidency, and to request that the Finance Committee may be favored with the opinion of the Madras Government with reference to the remarks entered against the items which seem open to objection, and which are numbered in black type with figures corresponding to those remarks. The other items do not seem to the Committee, with the present information, subjects for criticism; but in case that any of them may have been sanctioned under conditions (such as unhealthiness, inaccessibility or dearness of prices) which no longer exist, the Committee trust that the Madras Government will be so good as to submit them to a careful examination, and to state whether, in their opinion, any of these are capable of reduction.

ENCLOSURE.

*I.—Local allowances granted in consideration of exceptional local circumstances, viz., unhealthiness or expensiveness of the locality.*

1. Is this officer required to proceed on duty into the hills? Párvatipur itself is in the plains.

*N.B.*—In this and in all other cases in which local allowances are granted for service in the hills (Ganjam and Vizagapatam Maliahs, Jeypore, Rumpa, Bhadrachalam, Wynaad, &c.), it is assumed that the rates of pay drawn by the recipients are the same as they would draw if serving in the plains. If there are any cases in which this is not so, it is requested that particulars may be given.

2. Are these men supplied with warm clothing? If so, is any further concession necessary? Rámandrug is but a few miles up a hill of moderate height.

3. These allowances appear very high when compared with those granted in the Ganjam and other notoriously expensive and unhealthy hill tracts. Can no reductions be made?

4. It is presumed that "head constables" is a clerical error for "constables."

5. It is presumed that the word "each" has been inserted by mistake, and that the entry of Rs. 15 is erroneous.

6. Please state where Suvada is.

7. Pálghat is in the plains, and is not known to be particularly dear or unhealthy. Please state the necessity of these allowances.

11. Same remark as on item 7.
12. Same remark as on item 3.
13. Are civil hospital assistants allowed charge allowance in ordinary cases; and if so, why and at what rates? What are the special circumstances under which these allowances are granted in the Kurnool, Cuddapah, South Arcot and South Canara districts?

II.—Local allowances granted for the performance of special duties.

14. The charge of the Oriental Manuscript Library would appear to be part of the ordinary duties of the Professor of Sanskrit. Why should he receive an additional allowance?
15. Cancelled.
16. This allowance appears to have been superseded by the allowance of Rs. 250 per mensem granted under G.O., dated 18th March 1886, No. 200, Revenue, for the work connected with the income-tax. The duty of making income-tax assessments is one which ordinarily attaches to Collectors and their subordinates. Why, therefore, was an additional allowance granted in this instance? Is it intended to continue it after the completion of the first assessments; and if so, at what rate?
17. It is presumed that this allowance is no longer paid, now that a special officer has been appointed to the charge of the Museum.
18. Can no reduction be made here? The supervision of emigration operations appears to involve an annual loss.
19. Please state the nature and necessity of this allowance.
20. The entries "Ditto" (*i.e.*, Port Officer) are assumed to be clerical errors. The pay and allowances of the Consular Agents are understood to be charged under the head of Emigration, and the two agencies have been recently amalgamated. At the time of this amalgamation, was any change made in these allowances?
21. For what additional duties, extra to those for which the officers receive their pay, are these allowances granted?
22. What is the special detective duty on which this officer is employed, and how long is it expected to last? Detection being one of the ordinary duties of Police officers, why was it necessary to grant this additional allowance?
23. Is the clerical work required of this officer foreign to his duties as keeper of the European prison? If not, why should he receive additional remuneration for performing it?
24. It is understood that the Government of Madras proposes to retain the management of the District Post grant, in order to its use in the interests of the rural population and for the purposes of official correspondence where the arrangements are otherwise insufficient (*vide* paragraph 238 of the Finance Committee's note on the Madras Provincial contract). If so, it is presumed that the management of the grant will be entrusted to some official other than an officer of the Postal department, and that this allowance will be withdrawn. If not, why should an allowance be granted to an officer of the Postal department for the performance of duties which, in that case, will be purely departmental and part of his ordinary work?
25. Could not the appointments in the Secretariat be so arranged as to obviate the necessity for these special allowances?
26. What are the circumstances which led to the grant of this allowance in 1882? Were free quarters provided previously? Is the item included in the Civil estimate under "General Administration" expenses connected with the Governor's Band? The bandmaster's pay is believed to be Rs. 220. Is this allowance outside of that sum?
27. Please state the necessity of this allowance. Is it not the duty of the Registrar and Deputy Registrar to supervise the Accounts and Taxing Departments, as well as the rest of the offices of the High Court, Appellate Side?
28. It is presumed that these allowances are paid from fees.
29. Why is this allowance granted? It is unusual to grant house-rent to assistants in offices.
30. Please state the reason of the grant of these allowances. Were they in lieu of free rations the grant of which had been taken into account in fixing the scales of pay?
31. Have these officers any other duties? If not, why should they receive these allowances for what would appear duty of a kind that would naturally be assigned to medical officers?
32. Similar remark as to item No. 31.
33. Similar remark as to item No. 25.
34. Similar remark as to item No. 21.

READ—the following letter from W. A. WILLOCK, Esq., Acting Commissioner of Salt and Abkari Revenue, to the Secretary to the Board of Revenue, dated Madras, 6th December 1886, No. 15546:—

In reply to the Board's reference, dated the 4th instant, on their Government Register No. 4808 of 1886, I have the honor to state that the Vayitri depôt of issue has been closed. There is, therefore, no necessity to consider the question of granting local allowances to the officers noted in column I of the statement forming an enclosure to the paper under reference. But even should a depôt be opened hereafter, the full cost, including the local allowance, entailed by the employment of an officer of the rank of Sub-Inspector will be recovered from the licensees.

READ—the following letter from Colonel C. C. SARGEANT, Superintendent, Madras Survey, to the Secretary to the Board of Revenue, dated Madras, 8th December 1886, No. 81-B:—

With reference to Board's reference on Government Register No. 4808, dated 4th December 1886, I have the honor to forward the report called for.

2. The allowances \* for Assistant Superintendent and Deputy Superintendent on duty at the Presidency town are certainly not more than they ought to be.

|                                                                                    |     |

| * Assistant Superintendent of Revenue Survey on duty at the Presidency town ... .. | 100 |
| Deputy Superintendent of Revenue Survey on duty at the Presidency town ... ..      | 60  |

(a) The expense of living in Madras is considerably greater than that of living upcountry.

(b) The Assistant or Deputy Superintendent must keep a carriage to convey him to and from office,

and he draws no travelling allowance. The allowances of these officers cannot, therefore, be considered unnecessary.

Revenue Survey subordinates employed in the excluded tracts, North Coimbatore, Anamalai, Wynad, portions excluded from village circuits in Nilgiri district, Tinnevely, Travancore and Madura, Travancore boundaries, hill ranges along the Vernasenad (Varsanad) valley, Jawaji and Kateryan (Kalrayan) hills and villages lying at the foot of them in the South Arcot district, extending from the junction of the Nalūr (Pólūr) taluk of North Arcot, Tiruvannamalai of South Arcot and Tirujatur (Tirupatūr) of Salem district, to that of Kallakurichi of South Arcot and Atūr of Salem district:—

(a) Full scale and zemindari forest boundaries, forest reserves under estates within their limits.

(b) Half scale.

Revenue Survey subordinates engaged on topographical or other special survey—

Pálni Hills: (a) full scale.

Revenue Survey subordinates engaged on Topographical or other special survey—

Lower Pálnis: (b) half scale.

3. These allowances are necessary for the following reasons:—

(a) The great dislike subordinates have to working in these localities.

(b) The difficulty of procuring supplies.

(c) The unhealthiness of the localities.

(d) The extra expenses of living.

#### RESOLUTION—dated 15th December 1886, No. 2705.

The Board beg to submit the reports received from the Superintendent of Survey and the Commissioner of Abkári Revenue.

2. *Salt and Abkári Department.*—With regard to the sub-inspector and peon at Vayitri, the Commissioner of Salt and Abkári Revenue reports that the depôt has been closed and the establishment dispensed with. Even if the depôt is reopened and the staff is re-entertained, the full cost, including the local allowances, will be recovered from the licensees.

3. *Survey Department.*—The Superintendent states that the existing allowances should be continued. The Board, however, do not understand why Presidency allowances should be given to Survey officers. There is nowadays very little difference in prices in Madras and elsewhere, and in most mofussil stations a conveyance is just as necessary as in Madras, though it may not cost so much. The Board think these allowances may certainly be altered and called conveyance allowances or else abolished.

4. *Postal Department.*—No reply has been received from the Postmaster-General.

5. *Wynad allowances.*—The allowance of Rs. 150 to the Wynad Deputy Collector was first sanctioned in G.O., dated 15th January 1867, No. 130. The Government of India, in their resolution, dated 18th June 1879, No. 205, reiterated their opinion that the existing allowance need not be interfered with.

6. *Head Assistant Collectors establishment.*—The establishment as revised in G.O., dated 27th July 1885, No. 871, stands as follows:—

| Designation.                 | Pay. | Allowance. | Total. |
|------------------------------|------|------------|--------|
|                              | RS.  | RS.        | RS.    |

| 1 Do. ... ..                 | 20   | 10         | 30     |

| 1 Sweeper ... ..             | 5    | 2½         | 7½     |
| Total ...                    | 141  | 70½        | 211½   |

The establishment allowed for the Head Assistant Collectors in the plains is as follows:—

|                                |     |
|--------------------------------|-----|
|                                | RS. |
| 1 Head Clerk ... ..            | 70  |
| 1 Clerk ... ..                 | 25  |
| 2 Clerks on Rs. 15 each ... .. | 30  |
| 1 Muchi ... ..                 | 10  |
| 1 Attender ... ..              | 8   |
| 4 Peons on Rs. 7 each ... ..   | 28  |
| 1 Masalji ... ..               | 6   |
| Total ...                      | 177 |

The Board think the allowances should be continued.

The Finance Committee have not noticed the allowances granted to the Wynad Tahsildar, the Gúdalūr and Vayitri Deputy Tahsildars and their establishments, as well as the establishment of the Wynad Deputy Collector in the G.O. of 27th July 1885, No. 871, above referred to.

It is observed that the Gúdálúr Deputy Tahsildar was formerly drawing Rs. 150, and the Vayitri Deputy Tahsildar Rs. 125, a month. Their salaries were reduced to Rs. 100 each, and an allowance of Rs. 50 each was sanctioned. The pay of some of the menials (peons, &c.) was reduced, and 50 per cent. of the reduced amount granted as Wynaad allowance. Considering the unhealthy nature of the locality and the very great difficulty experienced, in spite of the allowance, in securing good men, the Board think the allowance should be continued.

7. *Sayer Superintendent and his staff.*—The allowance is in lieu of provision of quarters at the expense of Government. As the Sayer men are required to live on the station premises, it seems fair that the allowance should be continued.

8. *Allowance to the Deputy Collector in Madras.*—The allowance noted in the statement from Government, Rs. 125, is for license-tax work. This was raised to Rs. 250 when the Income Tax Act was introduced. Next year it is proposed to reduce this allowance to Rs. 150 (Board's Proceedings recorded in G.O., dated 27th October 1886, No. 926). With reference to the remark No. 16 in the enclosure to the letter from the Secretary to the Finance Committee, the Board think the whole allowance may be dispensed with.

SIR,

Enclosures.

In reference to official Memo:  
No 2058 C dated 15<sup>th</sup> December 1886, I  
have the honor to report that the  
assumption of the Finance Committee  
that the rates of pay drawn by  
recipients of local allowances in the  
Police Department are the same as  
they would draw if serving in the  
plains is correct and as there are  
no cases in which this is not so

S

I could not furnish particulars  
as requested in the A. P. of the  
Finance Committee's queries. The  
other allowances which have not been  
Specially challenged were all, with  
the exception of house rent granted  
to European and Eurasian officers of  
the Madras City Police, granted  
for service in hill tracts where the  
dearness of the necessaries of life  
and the unhealthiness of the localities  
rendered extra allowances absolutely  
necessary. Having gone very carefully  
through the list I can only report  
with regard to these that the conditions  
of service in these localities have  
not materially altered and I

Consider,

Consider the allowances are essential  
to the well being of the men  
receiving them and as enabling  
them to maintain health and

is as much to the interest of

In his reply to G.O.

of local allowances, the  
Inspector General of Police  
writes to state the following

N.B. In this, and all  
other cases in which local  
allowances are granted  
for service in the hills  
(Ganjain and Vizagapatam  
Mahals, Jeypur, Rumpu,  
Bhednachalam, Wypand. &c.)  
it is assumed that the  
rates of pay drawn by the  
recipients are the same  
as they would demand if  
serving in the plains. If  
there are any cases in  
which this is not so, it  
is requested that particulars  
may be given. The

The required information  
should now be supplied  
without delay.

The Inspector General  
has also omitted to notice  
the numerous other allowances  
which have not been  
specially challenged by the  
Finance Committee, although  
in the case of these, it was  
desired that a careful

made in view of existing

now be done and the  
result reported.

These instructions should  
receive immediate attention.

Proposed draft of the orders to be included  
in the consolidated draft.

2. It may be assumed,  
in all cases in which local  
allowances are granted  
for service in the hills, that  
the rates of pay drawn by  
the recipients are the same  
as they would draw if  
serving in the plains. The  
hill allowances sanctioned  
for the subordinate grades  
of the Police Dept. have been  
fixed from time to time  
with special reference to  
the unhealthiness of the  
climate or dearth of the  
necessaries of life. They have  
now ~~undergone~~ been subjected  
to careful re-examination  
by the I. G. of Police, who  
is of opinion that the  
conditions of service in the  
localities in question have  
not materially altered  
since the allowances were  
sanctioned, and that these  
allowances are essential to  
the well being of the men

receiving them. The Govt  
are accordingly not pre-  
pared to order any retrench-  
ment.

Item 7. The Asst Apothecary  
in charge of the Police Hospital  
at Parvathipore is not required  
to proceed on duty to the hills.  
His allowance of Rs 25 has been  
granted as residential allowance  
on account of the unhealthiness  
of the locality.

This is doubtful  
orders requested  
10/7

Items 56-57. The only additional  
clothing supplied to these  
men is a pair of wollen  
trousers every two years.  
The bath they draw is  
necessery owing to extra

Expenses of food &c  
~~74 to 75~~ 72 to 75 and 77 to 79 and 101.

Items 74-75. These allowances  
are higher than in Ganyan  
and Godavery as provisions  
and other necessaries are  
much dearer in South East  
Wynad.

Item 83. "Head Constables"  
is a clerical error. It should  
be Constables.

Item 85. The word "each" should  
stand, and Rs 3 substituted  
for "Rs 15".

2. Items 88-89. Sriedi, who  
Savada, is situated in Uppin-  
angadi Taluk at the foot of  
the ghats to Mangalore in  
Mysore, and is one of the most  
feverish places in the district  
of South Canara.

Items 90-91. These allowances  
were granted as increased  
horse allowance to 2 Inspectors  
at a time when dacoity was  
rife in certain parts of the  
Malabar district - They are not  
now necessary.

~~Item 92-95. Vide remarks  
against Item 74-75.~~

Items 96-100. Although Cochin is  
in the plains, some stations  
such as Madal, Maddur and  
Chennambady are considered  
very unhealthy. They are also  
infested by a criminal tribe  
(Muleers) who require specially  
close watching - Half the  
Wynad rates of bath - viz  
Rs 5 per Head Constable and  
Rs 3 per Constable, have been  
granted - As they are reported  
to be still necessary, they  
may stand.

~~Item 97-99. Vide remarks against  
Item 74-75.~~

Item 102. The sum of Rs 100 has been granted as a local allowance to an Inspector specially selected and employed for the suppression of dacoity first in South Arcot where he was very successful, and then in North Arcot where his services are still necessary. This officer is also employed on detective duty involving long journeys, and he is thus put to great expense which the ordinary travelling allowance would not cover. It is probable that he will shortly retire on pension. The special allowance with them is as follows.

Items 103 to 107. These allowances may stand so long as the men are not provided with public quarters.

Items 108, 109. These allowances are met from Hackney Carriage fees.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper :—

From STEPHEN JACOB, Esq., C.S., Secretary, Finance Committee, to the Secretary to the Government of Madras, Financial Department, dated Calcutta, 9th November 1886, No. 550.

I am directed to enclose a copy of a statement, drawn up in the Financial Department of the Government of India and forwarded for examination to this committee, showing the local allowances granted in the Madras Presidency, and to request that the Finance Committee may be favored with the opinion of the Madras Government with reference to the remarks entered against the items which seem open to objection, and which are numbered in black type with figures corresponding to those remarks. The other items do not seem to the committee, with the present information, subjects for criticism; but in case that any of them may have been sanctioned under conditions (such as unhealthiness, inaccessibility or dearness of prices) which no longer exist, the committee trust that the Madras Government will be so good as to submit them to a careful examination, and to state whether, in their opinion, any of these are capable of reduction.

ENCLOSURE.

I.—Local Allowances granted in consideration of exceptional local circumstances, viz., unhealthiness or expensiveness of the locality.

1. Is this officer required to proceed on duty into the hills? Párvatipur itself is in the plains.

N.B.—In this and in all other cases in which local allowances are granted for service in the hills (Ganjam and Vizagapatam Maliahs, Jeypur, Rumpa, Bhadrachalam, Wynad, &c.), it is assumed that the rates of pay drawn by the recipients are the same as they would draw if serving in the plains. If there are any cases in which this is not so, it is requested that particulars may be given.

2. Are these men supplied with warm clothing? If so, is any further concession necessary? Rámandrug is but a few miles up a hill of moderate height.

3. These allowances appear very high when compared with those granted in the Ganjam and other notoriously expensive and unhealthy hill tracts. Can no reductions be made?

4. It is presumed that "head constables" is a clerical error for "constables."

5. It is presumed that the word "each" has been inserted by mistake, and that the entry of Rs. 15 is erroneous.

6. Please state where Suvada is.

7. Pálghat is in the plains, and is not known to be particularly dear or unhealthy. Please state the necessity of these allowances.

8. Same remark as on item 3.

9. Similar remark to that on item 7.

10. Same remark as on item 3.

11. Same remark as on item 7.

12. Same remark as on item 3.

C.S.

13. Are Civil Hospital Assistants allowed charge allowance in ordinary cases, and, if so, why and at what rates? What are the special circumstances under which these allowances are granted in the Kurnool, Cuddapah, South Arcot and South Canara districts?

II.—Local Allowances granted for the performance of special duties.

14. The charge of the Oriental Manuscript Library would appear to be part of the ordinary duties of the Professor of Sanskrit. Why should he receive an additional allowance?

15. Cancelled.

16. This allowance appears to have been superseded by the allowance of Rs. 250 per mensem granted under G.O., dated 18th March 1886, No. 200, Revenue, for the work connected with the income-tax. The duty of making income-tax assessments is one which ordinarily attaches to Collectors and their subordinates. Why, therefore, was an additional allowance granted in this instance? Is it intended to continue it after the completion of the first assessments, and, if so, at what rate?

17. It is presumed that this allowance is no longer paid, now that a special officer has been appointed to the charge of the Museum.

18. Can no reduction be made here? The supervision of Emigration operations appears to involve an annual loss.

19. Please state the nature and necessity of this allowance.

20. The entries "Ditto" (i.e., Port Officer) are assumed to be clerical errors. The pay and allowances of the Consular Agents are understood to be charged under the head of Emigration, and the two agencies have been recently amalgamated. At the time of this amalgamation, was any charge made in these allowances?

21. For what additional duties, extra to those for which the officers receive their pay, are these allowances granted?

22. What is the special detective duty on which this officer is employed, and how long is it expected to last? Detection being one of the ordinary duties of Police officers, why was it necessary to grant this additional allowance?

23. Is the clerical work required of this officer foreign to his duties as Keeper of the European prison? If not, why should he receive additional remuneration for performing it?

24. It is understood that the Government of Madras proposes to retain the management of the District Post grant in order to its use in the interests of the rural population and for the purposes of official correspondence where the arrangements are otherwise insufficient (vide paragraph 238 of the Finance Committee's note on the Madras Provincial contract). If so, it is presumed that the management of the grant will be entrusted to some official other than an officer of the Postal Department, and that this allowance will be withdrawn. If not, why should an allowance be granted to an officer of the Postal Department for the performance of duties, which, in that case, will be purely departmental and part of his ordinary work?

25. Could not the appointments in the Secretariat be so arranged as to obviate the necessity for these special allowances?

26. What were the circumstances which led to the grant of this allowance in 1882? Were free quarters provided previously? Is the item included in the Civil Estimate under "General Administration—Expenses connected with the Governor's Band?" The bandmaster's pay is believed to be Rs. 220; is this allowance outside of that sum?

27. Please state the necessity of this allowance. Is it not the duty of the Registrar and Deputy Registrar to supervise the Accounts and Taxing Departments, as well as the rest of the offices of the High Court, Appellate Side?

28. It is presumed that these allowances are paid from fees.

29. Why is this allowance granted? It is unusual to grant house-rent to assistants in offices.

30. Please state the reason of the grant of these allowances. Were they in lieu of free rations, the grant of which had been taken into account in fixing the scales of pay?

31. Have these officers any other duties? If not, why should they receive these allowances for what would appear duty of a kind that would naturally be assigned to medical officers?

32. Similar remark as to item No. 31.

33. Similar remark as to item No. 25.

34. Similar remark as to item No. 21.

For Orders

See if there are any 'notes' in the  
 draft of G.O. 21 Nov 81, 1579, on  
 2 Feb 82, 127. I am disposed to  
 think that the med. inspection  
 pay may be reduced, this not  
 to Rs 50. I take it that the  
 charge is about equivalent  
 to that of a jail & the medical  
 allowance for a central jail is  
 only 100 Rs. ascertain the no of  
 vessels inspected in the last  
 5 years.

- under the Indian Immigration Act, 83  
 the work to be done is: -
- § 43, 44 To inspect depots at least  
 once a week, when there are emigrants  
 there.
  - § 49 To see if each emigrant arriving  
 at depot is fit to emigrate.
  - § 61 To inspect <sup>a person</sup> emigrant ships.
  - § 62 To see that those embarking are  
 still fit.

This note might be sent to Dr.  
 Bidie for perusal & an expression  
 (D.O.) of his opinion whether these  
 duties are not really lighter than the  
 medical charge of a Central Jail.

The Finance Committee  
 have not taken any exception  
 to the allowances drawn by  
 the several Translators to  
 Government and that  
 drawn by the Protector of  
 Emigrants at Madras.

As regards the allowance  
 drawn by the Medical  
 Inspector of Emigrants it  
 is asked whether no re-  
 duction can be made  
 here. The question of reducing  
 this allowance was raised  
 by the Government of  
 India in para 3 of their  
 letter

letter recorded in G. O. No. 1228 dated 12<sup>th</sup> September 1881. After considering the question this Government were unwilling to reduce the allowance. But the Government of India, though leaving the matter to the discretion of this Government, remarked that "the Governor in Council is not convinced that there are sufficient grounds for modifying the opinion already expressed that the allowance seems disproportionately high if a comparison be made between the amount of work done by the Medical Inspector at Calcutta and that devolving on the corresponding officer at Madras."

Local allowances

(1) Confidential Allowance Rs 50

(2) French Translation — 40.

The Confidential allowance was originally <sup>proposed</sup> ~~sanctioned~~ in 1857 when the Govt deemed it necessary to constitute a Confidential Dept of the Secretariat for conducting its correspondence on Political matters of importance. It was subsequently explained to the Govt of India that what was intended was an extra remuneration of Rs 25 each to 2 Clerks selected from the Establishment of the Govt office for the purpose of transcribing papers of importance in any of the Departments where secrecy should be necessary. The money is at present drawn by the Head Clerk <sup>(in addition to his salary of Rs 200)</sup> Rs 25, and the Confidential Clerk proper - Rs 25.

Confidential papers have of necessity, frequently

G.O. 538d/15-7-57

No. 782d/16 Sep. 57

The allowances were accordingly sanctioned by India (G.O. 229.11.57 No. 977). Subsequently first one & then the other of these allowances were stopped by this Govt. (G.O. 222.11.61 No. 1534 & 30.4.63 No. 506), but they were again sanctioned in G.O. of 27.10.67 No. 1314 & 22.7.75 No. 1517.

Mr. J. Jainsford - pay as an ordinary clerk Rs 50. at present draws Rs 60 as a Cashkeeper

to pass through the hands of the Head Clerk, but he is not expected to "transcribe" such papers. His work, as well as the registry, issue, and custody, of the papers devolves on the Confidential Clerk, who should be submitted to receive the allowance, the reasons for the grant of which are as strong now as when the allowance was first sanctioned.

The Head Clerk occupying a position of responsibility and should not perhaps receive extra remuneration for what must be regarded as his legitimate duties.

French Translators Allowance  
Prior to 1820, the salary attached to the post of French Translator was Rs 87½. The appointment subsequently fell into abeyance. The required translations being prepared in the Secretary's office. The Clerk who did the work about the year 1847 got an addition

I should like Mr. Master to settle this point. The Chief Secretary is certainly the best judge of the allowances are required but prima facie there is a good deal in the remark that the Head Clerk is ex officio bound to secrecy & owes his promotion to that office to the belief that he is trustworthy and that only the 25 Rs. paid to <sup>fully employed in</sup> these junior clerks for transcribing confidential papers is continued.

I am in favor of continuing present arrangements. The Head Clerk has extra responsibilities in the matter & deserves some consideration.

Submitted that both allowances should be continued.

say about 80 papers translated in the year - pay 400 Rs. or 600 Rs. a paper & the work is done in office hours. If 25 Rs. is not suffice. Let Mr. Master decide.

We must have such a man & the pay is little enough. Proposed to continue. Let it stand when a vacancy occurs employ a separate clerk.

addition of Rs 10. to his salary of Rs 100. This was afterwards increased to Rs 40. This is the amount still paid. The duties at present devolve on Mr. J. Pemberton, Supt. of the General Record Dept. who draws the remuneration in addition to his pay of Rs 150. His work is not sufficient to take up the whole time of a Clerk, and the appointment has not therefore been sanctioned as a separate one, but the duties are similar to those of the Vernacular translators of whom there are three in the office, whose salaries are not treated as local allowances.

The translators attached to the Chief Secretary's office translate for all the Departments of the Secretariat.

Submitted that the ~~allowance for French translation work~~ should be continued does very little work for the money. a statement showing the number of papers trans. listed this year is per R.A. 11/12.

## GOVERNMENT OF MADRAS.

## FINANCIAL DEPARTMENT.

READ—the following paper :—

From STEPHEN JACOB, Esq., C.S., Secretary, Finance Committee, to the Secretary to the Government of Madras, Financial Department, dated Calcutta, 9th November 1886, No. 550.

I am directed to enclose a copy of a statement, drawn up in the Financial Department of the Government of India and forwarded for examination to this committee, showing the local allowances granted in the Madras Presidency, and to request that the Finance Committee may be favored with the opinion of the Madras Government with reference to the remarks entered against the items which seem open to objection, and which are numbered in black type with figures corresponding to those remarks. The other items do not seem to the committee, with the present information, subjects for criticism; but in case that any of them may have been sanctioned under conditions (such as unhealthiness, inaccessibility or dearness of prices) which no longer exist, the committee trust that the Madras Government will be so good as to submit them to a careful examination, and to state whether, in their opinion, any of these are capable of reduction.

## ENCLOSURE.

I.—Local Allowances granted in consideration of exceptional local circumstances, viz., unhealthiness or expensiveness of the locality.

1. Is this officer required to proceed on duty into the hills? Párvatipur itself is in the plains.

N.B.—In this and in all other cases in which local allowances are granted for service in the hills (Ganjam and Vizagapatam Maliahs, Jeypur, Rampa, Bhadráchalum, Wynaad, &c.), it is assumed that the rates of pay drawn by the recipients are the same as they would draw if serving in the plains. If there are any cases in which this is not so, it is requested that particulars may be given.

2. Are these men supplied with warm clothing? If so, is any further concession necessary? Rámandrug is but a few miles up a hill of moderate height.

3. These allowances appear very high when compared with those granted in the Ganjam and other notoriously expensive and unhealthy hill tracts. Can no reductions be made?

4. It is presumed that "head constables" is a clerical error for "constables."

5. It is presumed that the word "each" has been inserted by mistake, and that the entry of Rs. 15 is erroneous.

6. Please state where Suvada is.

7. Pálghat is in the plains, and is not known to be particularly dear or unhealthy. Please state the necessity of these allowances.

8. Same remark as on item 3.

9. Similar remark to that on item 7.

10. Same remark as on item 3.

11. Same remark as on item 7.

12. Same remark as on item 3.

C. 14/12.  
R. 16/12.

C. 17/12.  
R. 18/12.

13. Are Civil Hospital Assistants allowed charge allowance in ordinary cases, and, if so, why and at what rates? What are the special circumstances under which these allowances are granted in the Kurnool, Cuddapah, South Arcot and South Canara districts?

*II.—Local Allowances granted for the performance of special duties.*

14. The charge of the Oriental Manuscript Library would appear to be part of the ordinary duties of the Professor of Sanskrit. Why should he receive an additional allowance?

15. Cancelled.

16. This allowance appears to have been superseded by the allowance of Rs. 250 per mensem granted under G.O., dated 18th March 1886, No. 200, Revenue, for the work connected with the income-tax. The duty of making income-tax assessments is one which ordinarily attaches to Collectors and their subordinates. Why, therefore, was an additional allowance granted in this instance? Is it intended to continue it after the completion of the first assessments, and, if so, at what rate?

17. It is presumed that this allowance is no longer paid, now that a special officer has been appointed to the charge of the Museum.

18. Can no reduction be made here? The supervision of Emigration operations appears to involve an annual loss.

19. Please state the nature and necessity of this allowance.

20. The entries "Ditto" (*i.e.*, Port Officer) are assumed to be clerical errors. The pay and allowances of the Consular Agents are understood to be charged under the head of Emigration, and the two agencies have been recently amalgamated. At the time of this amalgamation, was any change made in these allowances?

21. For what additional duties, extra to those for which the officers receive their pay, are these allowances granted?

22. What is the special detective duty on which this officer is employed, and how long is it expected to last? Detection being one of the ordinary duties of Police officers, why was it necessary to grant this additional allowance?

23. Is the clerical work required of this officer foreign to his duties as Keeper of the European prison? If not, why should he receive additional remuneration for performing it?

24. It is understood that the Government of Madras proposes to retain the management of the District Post grant in order to its use in the interests of the rural population and for the purposes of official correspondence where the arrangements are otherwise insufficient (*vide* paragraph 238 of the Finance Committee's note on the Madras Provincial contract). If so, it is presumed that the management of the grant will be entrusted to some official other than an officer of the Postal Department, and that this allowance will be withdrawn. If not, why should an allowance be granted to an officer of the Postal Department for the performance of duties, which, in that case, will be purely departmental and part of his ordinary work?

25. Could not the appointments in the Secretariat be so arranged as to obviate the necessity for these special allowances?

26. What were the circumstances which led to the grant of this allowance in 1882? Were free quarters provided previously? Is the item included in the Civil Estimate under "General Administration—Expenses connected with the Governor's Band?" The bandmaster's pay is believed to be Rs. 220; is this allowance outside of that sum?

27. Please state the necessity of this allowance. Is it not the duty of the Registrar and Deputy Registrar to supervise the Accounts and Taxing Departments, as well as the rest of the offices of the High Court, Appellate Side?

28. It is presumed that these allowances are paid from fees.

29. Why is this allowance granted? It is unusual to grant house-rent to assistants in offices.

30. Please state the reason of the grant of these allowances. Were they in lieu of free rations, the grant of which had been taken into account in fixing the scales of pay?

31. Have these officers any other duties? If not, why should they receive these allowances for what would appear duty of a kind that would naturally be assigned to medical officers?

32. Similar remark as to item No. 31.

33. Similar remark as to item No. 25.

34. Similar remark as to item No. 21.

Surgeon General with the  
Government of Madras  
Fort Saint George.

SIR,

With reference to your letter N<sup>o</sup> 6271  
dated 8<sup>th</sup> December 1886 and in reply to question  
N<sup>o</sup> 29 of the Finance Committee I have the  
honor to state that the appointment of Assistant  
Chemical Examiner was made in G. O. Public  
N<sup>o</sup> 739 dated 12<sup>th</sup> August 1882 and the present  
scale of salary and house rent was then fixed.

It may be observed that the duties of this  
officer have increased not only in amount, on  
account of a large general increase of work in the  
Chemical Examiner's Department, during the past

4575/96  
1887/5

five years, but also in responsibility, as under the  
new Code of Criminal Procedure, certificates signed  
by him are receivable as evidence in courts of law  
and he is held personally accountable for such  
medico-legal analyses as are entrusted wholly  
or partly by him.

I consider therefore that his present  
allowances have been fixed at the lowest —  
commendable limit. If the item of "house rent"  
be objectionable, it could be incorporated with  
his salary.

I have the honor to be  
Sir

Statement of Local Allowances.

No. 170

Office of Surgeon-General  
with the Government of Madras,

Fort St. George, 21<sup>st</sup> Decr 1886.

Dear Stokes

I have gone carefully  
over the papers referred to me  
under your D.O. no: 529 D of  
20<sup>th</sup> December 1886. I find  
that in 1881 when the question  
of the pay of the Medical Inspector  
of Emigrants was under  
consideration Dr Cornish  
G.O. no: 1579 of 21<sup>st</sup> November 1881  
suggested that, looking to the

average number of  
Emigrants during the  
previous 3 years, the  
remuneration might be  
reduced to Rs. 150 per  
manum.

Since that time there  
has been a still further  
reduction in the numbers  
of Coolies passing through  
the Depot, and I am  
of opinion that Rs. 125 per  
manum would be a fair

221B.  
amount of remuneration  
for the duties required  
of the Medical Inspector.

Yours truly  
Liddle

Order — C)

With their letter N<sup>o</sup> 550, dated  
9<sup>th</sup> November 1886, the Finance Committee  
forwarded a statement of local  
allowances granted in the Madras  
Presidency with request for the  
opinion of the Madras Government  
on such of the items as seemed to the  
Committee to be open to objection;  
and for careful examination of the  
remainders with a view to reduction.  
The reports of officers concerned, having  
now been received and considered, the  
Government proceed to pass orders  
on the allowances in question. —

2. It may be assumed, in all cases in  
which local allowances are granted  
for service in the hills, that the rates  
of pay drawn by the recipients are  
the same as they would draw if  
serving in the plains. The hill al-  
lowances sanctioned for the subordinate  
grades of the Police Department  
have been fixed from time to time

with special reference to the unhealthiness of the climate or dearness of the necessaries of life. They have now been subjected to careful reexamination by the Inspector-General of Police, who is of opinion that the conditions of service in the localities in question have not materially altered since the allowances were sanctioned, and that these allowances are essential to the well-being of the men receiving them. The Government are accordingly not prepared to order any retrenchment.

Mem 7. The Assistant Apothecary in charge of the Police Hospital at Parvatipore is not required to proceed on duty to the hills. The allowance of Rs. 25 has been granted as residential allowance on account of the unhealthiness of the locality.

Items 56, 57. - The only additional clothing supplied to these men is a pair of woollen trousers every two years. The batta they draw is <sup>stated to be</sup> necessary owing to extra expense of food etc. and <sup>may be continued.</sup>

Items 74, 75, 92 to 95, 97 to 99, and 101. These allowances are higher than in Gajam and Godavery as provisions and other necessaries are much dearer in South-East Wynad. They may be

<sup>continued -</sup>  
Item 83. - "Head Constables" is

This is doubtful. Orders requested.

2P 225

a clerical error. It should be "constables".  
Item 85. - The word "each" should stand, and Rs. 3 <sup>be</sup> substituted for "Rs. 15".  
Items 88-89. - Siradi, not Smada, is situated in Uppinangadi Taluk at the foot of the ghat to Mysore, and is one of the most feverish places in the district of South Canara.

Items 90, 91. These allowances were granted as increased ~~house~~ allowance to 2 Inspectors at a time when dacoity was rife in certain parts of the Malabar district. They are not now drawn.

Items 96 and 100. - Although Cochin is in the plains, some stations such as Madul, Madda, and Chennambady are considered very unhealthy. They are also infested by a criminal tribe (Muleers) who require specially close watching. Half the Wynad rates of batta, viz., Rs. 5 for Head Constables, and Rs. 3 for constables, have been granted. As they are reported to be still necessary, they may stand.

Item 102. - The sum of Rs. 100 has been granted as a local allowance to an Inspector specially selected and employed for the suppression of dacoity first in South arcot, where he

was very successful, and then in North Arcot where his services are still necessary. This Officer is also employed on detective duty involving long journeys, and he is thus put to great expense, which the ordinary travelling allowances would not cover. It is probable that he will shortly retire on pension. The special allowance will then cease.

Items 103 to 107. - These allowances may stand so long as the men are not provided with public quarters.

Items 108, 109. - These allowances are met from Hackney Carriage fees.

Items 110-111 - may stand.

Items 112, 113. - Should be ~~discontinued~~ <sup>dealt with</sup> as in the case of item 171.

Items 114-116. - may be continued on the scale prescribed for Mysore allowances.

Item 117 - The Surgeon-General explains in reply to the questions of the Finance Committee on these allowances that Civil Hospital Assistants in subordinate charge of Hospitals, i.e., serving under the immediate orders of a superior medical officer, are entitled only to the pay of rank, but when employed in independent charge of Hospitals, they are entitled to a charge allowance

3P227  
in addition to pay of rank. The allowance is given in consideration of the increased responsibility of an independent over a subordinate charge. Charge allowance is granted according to the differing circumstances of the several stations. In ordinary civil stations the rate is 10 Rupees; in remote or unhealthy districts, 15 Rupees; and in hill tracts which are not only unhealthy, but where the cost of living, travelling, etc, is much enhanced, the rate is 25 Rupees; to secure continuous and willing service. Hospital Assistants serving in the districts of Purnool and Ludhiana, although not holding independent charges are granted an allowance of 10 Rupees in addition to their pay, on account of the unhealthiness of the climate. No such allowance is granted in the S. Arcot and S. Canara districts. Item 117 ~~may~~ <sup>may stand</sup>.  
Item 118. - The nearest medical officer to the sub-district of Saidapet is the officer in civil medical charge of St. Thomas' Mount, and the most convenient as well as the most economical arrangement for providing for the medical duties of the sub-district, including the Agricultural College with its staff and pupils, has been ~~found~~ <sup>found</sup> to place the sub-district under the charge of that officer on an

allowance of Rs. 30 per mensem to defray  
the extra cost of conveyance, — the  
distance between St. Thomas' Mount  
and Saidapet being from 3 to 4  
miles. The allowance may stand  
under the designation of conveyance  
allowance.

Items 119 to 125. — These are admissible  
under special sanction or code rules,  
and as the necessity for <sup>them</sup> still exists, they  
may stand.

Item 126. — Assistant Surgeons are  
granted an extra allowance of Rs. 50,  
only when appointed as assistants  
to District Medical and Sanitary Officers.  
The allowance is given (1) to com-  
pensate them for the loss of an equal  
amount which they were in the receipt  
of when withdrawn in 1883 from  
independent charge of Civil Dispen-  
saries to become Assistants to District  
Medical Officers; (2) to cover all claims  
which Assistant Surgeons might otherwise  
prefer to allowances under section  
57(e) of the Ag. allowance Code,  
whenever they may take medical  
charge of the head quarters of the  
district in the absence of the District  
Medical and Sanitary Officer on  
inspection or other duty.

Items 127-129 — These allowances  
may stand; the circumstances  
being the same as when they were  
sanctioned.

Item 130. This has ceased.

48229  
Item 131 — Is in lieu of free rations,  
the grant of which had been taken into  
account in fixing the scale of pay. It  
may stand.

Items 132, 133. — These allowances  
are granted at the rate of Rs. 30 and  
Rs. 15 respectively to apothecaries and  
Hospital Assistants under the designation  
of "Asylum allowances" as compensation  
for loss of private practice from  
which they are debarred, and as some  
inducement to accept positions involving  
not only pecuniary loss, but also  
considerable risk from the violence  
of lunatics. The allowances may  
stand at the rates specified above.

Items 134, 135. — May be continued  
until free quarters are provided.

Item 136 — May be continued.

Items 137-140. Will disappear with  
the Auxiliary Medical School which  
is to be abolished.

Item 141. The Assistant Apothecary  
attached to the Ramaswamy Moodelley's  
Lying-in-Hospital holds that appointment  
as an extra charge, for which he receives  
a staff salary of Rs. 30 under the pro-  
visions of para 9, clause 83 of India  
Army Circulars of 1884. The al-  
lowance may stand.

Items 142-144. These are staff  
allowances granted for specific duties.  
They may stand.

Items 145, 146. These allowances  
are granted not for the performance

of additional duties, but for the superior nature of independent medical charge. The allowances may stand. Those to Hospital Assistants are referred to against item 117 alone.

Item 147 - Should stand.

Item 148. May stand.

Items 149, 150. - The Government are not prepared to continue these allowances, which will accordingly be abolished with effect from the 1<sup>st</sup> April next.

Items 151-153 - may stand.

Items 154-158. These allowances may stand as revised in G.O. 871, dated 27<sup>th</sup> July 1885, Revenue.

Items 159, 160. The depôt at Vagithi having been closed, and the establishment dispensed with, these allowances are not now drawn. It is explained that even if the depôt is reopened, and the staff re-entertained, the full cost, including the local allowances, will be recovered from the licensees.

Items 161-165 may stand

Items 166-168. may be continued so long as free quarters are not provided.

Item 169. This allowance, given at Rs. 125 in the statements received from the Finance Committee was raised to Rs 250 when the Income Tax act was introduced. It has been proposed to reduce the allowance

\*

Orders are requested on this point

to Rs. 150 from next year (Board's Proceedings recorded in G.O. 27<sup>th</sup> October 1886, No 926, Revenue). The Board are of opinion with reference to the remarks of the Finance Committee (vide Note 16 printed with G.O. 1265 Financial, dated 1<sup>st</sup> December 1886) that the whole allowance may be abolished.\*

Item 170. The allowances may stand, pending final decision on the question of the management of the District Post grant.

Item 171. - This should be withdrawn if the incumbent of the post is a medical warrant officer, but may be continued to a civil apothecary or Hospital assistant.

Item 172 - The clerical work required is foreign to the duties of keeper of the European prison. The present incumbent having been found qualified to undertake the work, it has been entrusted to him on a local allowance of Rs. 10. The expense of a separate clerk is thus saved. The allowance may be continued so long as the keeper does the work himself.

Items 173, 174. May be continued until free quarters are provided.

Items 175, 176. - The Resident in Mysore has been communicated with in regard to these items.

Items 177, 178. - These allowances have

have been granted for the performance of extra duties, and should in the opinion of Government be continued. When a vacancy occurs in the appointment of French Translator, the question of employing a separate hand will be considered.

Item 179 - The allowance is necessary and may stand.

Items 180-185 are not objected to and may stand.

Item 186 - It is observed that in 1881, when the question of the pay of the Medical Inspector of Emigrants was under consideration, the Surgeon General suggested that, looking to the average number of Emigrants during the previous three years, remuneration might be reduced to Rs 150 per mensem. Since that time there has been a still further reduction in the numbers of coolies passing through the depot, and the Surgeon General is now of opinion that Rs 125 per mensem would be a fair amount of remuneration for the duties required of the Medical Inspector. The allowance will be reduced accordingly, with effect from

the 1<sup>st</sup> April 1887. 233

With reference to the remark of the Finance Committee that "the supervision of Emigration operations appears to involve an annual loss", it is observed that the fact has frequently been brought to the notice of the Government of India, and that the subject has received much consideration from the local Government. Only recently a substantial reduction was effected in the amalgamation of the Pondicherry and Karikal Agencies. No further reduction of cost seems practicable at present.

Items 187-188. The entries "Port Officer" and "ditto" are clerical errors. The pay and allowances of the Consular Agents were debited against

Emigration, but there is only one Consular Agent now - the two agencies having been recently amalgamated as stated above. At the time of Amalgamation, the local allowance at Karikal was abolished, but application to the Government of India has since been made to raise the allowance attached to the Amalgamated office from Rs 250 (the old Pondicherry Allowance) to Rs 300.

Item 189. - Has ceased.

Item 189 a. - Should be discontinued. The officer entrusted with supervision of boats should perform the duty as part of his ordinary work without extra remuneration.

Item 190. - This should also cease to be paid, and the Port Officer, Cocanada, relieved at once of the Supervision of groynes - extension work.

Item 191. May stand in the absence of free quarters.

Item 192. - The taxing of costs is stated to have fallen to the Interpreter on the abolition of the appointment of Sub Registrar in 1880, the Registrar and Dy. Registrar being at the same time responsible for general supervision. The allowance is excluded from the revised scheme of High Court establishments under consideration.

Item 193. - The Government concurs with the Director of Public Instruction that the charge of the Oriental Manuscript Library should be considered as part of the ordinary duties of the Professor of Sanskrit, but as Dr. Appert was <sup>not</sup> informed of this when he entered the service, and has now

been drawing the allowance for upwards of eleven years, His Excellency in Council is not disposed to withdraw it at present. It will not, however, be continued to Mr. Offert's successor.

Item 194. The Government contemplated the reduction of this allowance to Rs. 250 as a minimum, but subsequently allowed the amount to stand at the original figure. On the next change of incumbents, the question will be reconsidered.

Items 195-198. - These call for no remark.

Items 199-200. - These allowances are not objected to and may be continued.

Item 201. This allowance is no longer drawn, it having ceased from October 1885.

Items 202 & 203. The circumstances are the same now as when these allowances were sanctioned. They may accordingly stand.

Item 204. It is observed <sup>that</sup> in accordance with the terms of his agreement, entered into in 1877, the present Superintendent is entitled to free quarters.

These were provided in Fort St. George until December 1881, when Mr. Stradist was required to remove from the Fort

and find house accommodation for himself. The allowance of Rs. 50 was granted in consequence, and may stand in the absence of free quarters, which cannot at present be found. The allowance is included in the civil estimate under "General Administration" - Expenses connected with the Governor's Band - The Superintendent's pay is Rs. 220. The allowance is outside this sum.

Item 205 - Should be discontinued.

Item 206. May be retained.

READ—Replies to G.O., No. 1265, Financial, date 1st December 1886, and statement of local allowance.

ORDER—dated 10 January 1887, No. 550, dated 9th November 1886, the Finance Committee forwarded a statement of local allowances granted in the Madras Presidency, with request for the opinion of the Madras Government on such of the items as seemed to the committee to be open to objection; and for a careful examination of the remainder with a view to reduction. The reports of officers having now been received and considered, the Government proceed to reduce the allowances in question. It is assumed, in all cases in which the allowances are granted for similar services, that the allowances are the same as they are in the other branches of the service.

on account of the unhealthiness of the locality.

Items 56, 57.—The only additional clothing on account of the uncleanliness of the  
woollen trowsers every two years. The balance  
owing to extra expense of food, &c., and many  
other things, is \$74.75, 92 to 95, 97 to 99 and 101.

*Item 85.*—The word "each" should st

“Rs. 15.”

Items 88, 89.—Siradi, not Surada, is situated the ghât to Munjerabad in Mysore, and is on district of South Canara.

Items 90, 91.—These allowances were granted to two inspectors at a time when dacoity was rife. They are not now drawn.

2

243

Items 96 and 100.—Although Cochin is in the plains, some stations, such as Modul, Madda, and Chennambady, are considered very unhealthy. They are also infested by a criminal tribe (Muleers), who require specially close watching. Half the Wynaad rates of batta, viz., Rs. 5 for head constables and Rs. 3 for constables, have been granted. As they are reported to be still necessary, they may stand.

Item 102.—The sum of Rs. 100 has been granted as a local allowance to an inspector specially selected and employed for the suppression of dacoity, first, in South Arcot, where he was very successful, and then in North Arcot, where his services are still necessary. This officer is also employed on detective duty involving long journeys, and he is thus put to great expense, which the ordinary travelling allowances would not cover. It is probable that he will shortly retire on pension. The special allowance will then cease.

Items 103—107.—These allowances may stand so long as the men are not provided with public quarters.

Items 108, 109.—These allowances are met from hackney carriage fees.

Items 110, 111.—May stand.

Items 112, 113.—Should be dealt with as in the case of item 171.

Items 114—116.—May be continued on the scale prescribed for Wynaad allowances.

Item 117.—The Surgeon-General explains, in reply to the questions of the Finance Committee on these allowances, that Civil Hospital Assistants in subordinate charge of hospitals, i.e., serving under the immediate orders of a superior medical officer, are entitled only to the pay of rank, but when employed in independent charge of hospitals, they are entitled to a charge allowance in addition to pay of rank. The allowance is given in consideration of the increased responsibility of an independent over a subordinate charge. Charge allowance is granted according to the differing circumstances of the several stations. In ordinary civil stations the rate is Rs. 10; in remote or unhealthy districts, Rs. 15; and in hill tracts, which are not only unhealthy, but where the cost of living, travelling, &c., is much enhanced, the rate is Rs. 25; to secure continuous and willing service, Hospital Assistants serving in the districts of Kurnool and Cuddapah, although not holding independent charges, are granted an allowance of Rs. 10 in addition to their pay, on account of the unhealthiness of the climate. No such allowance is granted in the South Arcot and South Canara districts. Item 117 may stand.

Item 118.—The nearest medical officer to the sub-district of Saidápet is the officer in civil medical charge of St. Thomas' Mount, and the most convenient, as well as the most economical, arrangement for providing for the medical duties of the sub-district, including the Agricultural College with its staff and pupils, has been to place the sub-district under the charge of that officer on an allowance of Rs. 30 per mensem to defray the extra cost of conveyance,—the distance between St. Thomas' Mount and Saidápet being from 3 to 4 miles. The allowance may stand under the designation of conveyance allowance.

Items 119 to 125.—These are admissible under special sanction or code rules, and as the necessity for them still exists, they may stand.

Item 126.—Assistant Surgeons are granted an extra allowance of Rs. 50, only when appointed as Assistants to District Medical and Sanitary Officers. The allowance is given (1) to compensate them for the loss of an equal amount which they were in the receipt of when withdrawn in 1883 from independent charge of civil dispensaries to become Assistants to District Medical Officers; (2) to cover all claims which Assistant Surgeons might otherwise prefer to allowances under section 57 (c) of the Acting Allowance Code, whenever they may take medical charge of the head-quarters of the district in the absence of the District Medical and Sanitary Officer on inspection or other duty.

Items 127—129.—These allowances may stand; the circumstances being the same as when they were sanctioned.

Item 130.—This has ceased.

Item 131.—Is in lieu of free rations, the grant of which had been taken into account in fixing the scale of pay. It may stand.

Items 132, 133.—These allowances are granted at the rate of Rs. 30 and Rs. 15, respectively, to Apothecaries and Hospital Assistants, and the designation of "Asylum allowances," as compensation for loss of private practice from which they are debarred, and as some inducement to accept positions involving, not only pecuniary loss, but also considerable risk from the violence of lunatics. The allowances may stand at the rates specified above.

Items 134, 135.—May be continued until free quarters are provided.

Item 136.—May be continued.

Items 137—140.—Will disappear with the Auxiliary Medical School, which is to be abolished.

Item 141.—The Assistant Apothecary attached to the Ramasawmy Moodelly's Lying-in Hospital holds that appointment as an extra charge, for which he receives a staff salary of Rs. 700 under the provisions of paragraph clause 83, of India Army Circulars of 1884. The allowance may stand.

Items 142—144.—These are staff allowances granted for specific duties. They may stand.

Items 145, 146.—These allowances are granted, not for the performance of additional duties, but for the superior nature of independent medical charge. The allowances may stand. Those to Hospital Assistants are referred to against item 117 above.

Item 147.—Should stand.

Item 148.—May stand.

Items 149, 150.—The Government allowance which will accordingly be abolished with

Items 151—153.—May stand.

Items 159, 160.—In the depot at Vayalpur, as long as free quarters are not provided, these allowances are not dispensed with, and the staff re-entered, and the full cost, including the local allowances, will be recovered from the Government.

Items 161—165.—May stand.

Items 166—168.—May stand.

Item 169.—This allowance of Rs. 250 per month, when the Income-tax Act was introduced, was raised to Rs. 150 from next year (Board's Proceedings recorded in G.O., dated 27th October 1886, No. 926, Revenue). (The Board of the Finance Committee (vide Note 16 printed with G.O., No. 1265, Financial, dated 1st December 1886), that the whole allowance may be abolished.)

\* Orders are requested on this point.

Item 170.—The allowances may stand, pending final decision on the question of the management of the District Post grant.

Item 171.—This should be withdrawn if the incumbent of the post is a medical warrant officer, but may be continued to a Civil Apothecary or Hospital Assistant.

Item 172.—The clerical work required is foreign to the duties of Keeper of the European prison. The present incumbent, having been found qualified to undertake the work, it has been entrusted to him on a local allowance of Rs. 10. The expense of a separate clerk is thus saved. The allowance may be continued so long as the Keeper does the work himself.

Items 173, 174.—May be continued until free quarters are provided.

Items 175, 176.—The Resident in Mysore has been communicated with in regard to these items.

Items 177, 178.—These allowances have been granted for the performance of extra duties, and should, in the opinion of Government, be continued. When a vacancy occurs in the appointment of French Translator, the question of employing a separate hand will be considered.

Item 179.—The allowance is necessary and may stand.

*It is observed that the Income tax was submitted that the Income tax was in Madras Town is exceptionally heavy & impossible, & not to be compared with Madras which originally falls on Calcutta which is not so heavy. (What) The allowance should be continued, (It must be continued) at the rate settled last Oct viz at Rs 150 per mensem commencing from the 1st April next.*

*Items 180—185 are not objected to, and may stand.*

*Item 186.*—It is observed that in 1881, when the question of the pay of the Medical Inspector of Emigrants was under consideration, the Surgeon-General suggested that, looking to the average number of emigrants during the previous three years, the remuneration might be reduced to Rs. 150 per mensem. Only recently a substantial reduction was effected by the amalgamation of the Pondicherry and Karikal Agencies. No further reduction of cost seems practicable at present.

At the time of amalgamation, the local allowance at Karikal was abolished, but application to the Government of India has since been made to raise the allowance attached to the amalgamated office from Rs. 250 (the old Pondicherry allowance) to Rs. 300.

*Item 189.*—Has ceased.

*Item 189-a.*—Should be discontinued. The officer entrusted with supervision of boats should perform the duty as part of his ordinary work without extra remuneration.

*Item 190.*—This should also cease to be paid, and the Port Officer, Cocanada, relieved at once of the supervision of groyne-extension work.
