LETTER—from

THE CHIEF SECRETARY TO THE GOVERNMENT OF FORT ST. GEORGE,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA, HOME DEPARTMENT.

SIR,

I am directed to acknowledge the receipt of your letter, dated 2nd February 1887, No. 208, and to state in reply that, in the opinion of His Excellency the Governor in Council, it is not expedient to amalgamate the office of Inspector-General of Registration with any other appointment. The work of supervising the Registration Department is considerable and quite sufficient if properly done to occupy the time of one officer. The addition of the duties of any other office with which the appointment might be combined would, in present circumstances, merely result in both being badly done.

2. At the same time His Excellency the Governor in Council is prepared to accept the reduction of the salary attached to the appointment from Rs. 1,500 to Rs. 1,250, but this should not take effect until a vacancy occurs.

3. With reference to paragraph 2 of your letter, I am directed to enclose a copy of the proceedings of this Government in which the proposal of the Finance Committee is fully dealt with.

I have the honor to be,
Sir,
Your most obedient servant,

FORT ST. GEORGE,
*26th March* 1887.

SIR,

page 199 of blue book portion.

With reference to para: 88 of the Note by the Finance Committee on the future Provincial Contract with Madras, so far as it relates to Registration, I am directed to request that the Government of India may be favoured with the views of His Excellency the Governor in Council on the proposal therein made as to the expediency of either amalgamating the appointment of the Inspector General of Registration with some other appointment, or of reducing the pay of the post.

I

2) I am to add that the Government of India agrees with the views of the Finance Committee expressed in para: 97 of its note that it would be inadvisable to close any registration office which meets a clearly ascertained public want merely because it does not yield a profit, but that every effort should be made to minimize such losses as cannot altogether be avoided.
