With reference to the Government Order read above the Board begs to report that of the estimate of Rs.5,910-0-0 shown as Indirect Plague Charges for the current year under 5 and 7, Salt and Excise, Rs.4000 may be met from the difference between the sanctioned and Revised estimates under "Salaries, Establishment and Contingencies" which was reported in para 2 of Board's Proceedings No.304, dated 7th October 1898, to be available as Savings and the balance from the further savings likely to be effected in the provision made for "Excise licensees' works".

2. The Board is not aware of the details of the amounts

(Rs. 5,910 and Rs. 628) shown under Budget estimate for ^{the} current official year, and under actuals upto the end of July 1898 respectively, against 5 and 7, Salt and Excise, in pages 16 and 19 of Appendix A to Government Order No. 883, Financial, dated 13th October 1898; but if, as it presumes, they represent the pay of the peons of the Salt, Abkari and Customs Department deputed for Plague duty, it would respectfully enquire whether any special transfer of funds from the Salt and Excise budget is necessary, seeing that it has already been decided that the pay of these men should not be treated as an Indirect Plague Charge. NOTE

In the estimates of plague ex-
penditure passed in G.O. No. 885, Finl.,
dated 15th October 1898, a provision
of Rs. 5,910 was made under 5 and 7

SALT and EXCISE and the Revenue De-

partment was requested to issue orders

in regard to the reappropriation of

the necessary funds. The Board of

Revenue now reports that the amount

can be met from savings in the Salt

budget. The provision has since been

reduced to Rs. 775 in the estimates

for November passed in G.O. No. 1123,

dated 28th November 1898 and has

again been raised to Rs. 4,600 in the

revised estimates now under prepara-

tion. The Board has however raised

the question as to whether any

special transfer of funds from the

SALT and EXCISE budget is necessary,

if, as it presumes, the provision ~~represents~~

represents the pay of the peons of

the Salt, Abkari and Custom depart-

ment deputed for plague duty, ~~and~~

~~since~~ It has been decided that the

pay

pay of these men should not be treated as an indirect plague charge. The Board refers to para. 1 of the "General Instructions" in the appendix to G.O. No. 698, Financial, dated 15th August 1898, and is correct in its presumption that the provision ~~made~~ represents the pay of peons of the Salt, Abkari and Custom department deputed on plague duty. No reappropriation will be necessary if no additional establishment has been entertained in the room of that transferred to plague duty. It is not clear ~~how~~ how exactly the case stands and it is submitted that the Board may be requested to report further on this point before any action is taken in regard to the reappropriation of funds.

The Board of Revenue is correct in its presumption that the provision of Rs. 5910 made in G.O. No. 885 Financial, dated 13th October 1898, represents the pay of peons of the Salt, Abkari and Customs Department deputed on plague duty. which ~~has~~ ^{has} since been reduced to Rs. 4600 in the revised estimates, passed in G.O. No. 1246, dated 17th December 1898. Unless additional ^{in place} establishments have been entertained ~~of~~ ^{so} of the men deputed, the pay of the Salt ~~is~~ ^{is} not ~~an~~ ^{an} indirect plague charge and no reappropriation ~~will be~~ ^{is} necessary. It is not clear ~~however~~ how the case stands, and the Board will be requested to ^{enquire} report further on the matter.
