Mr.T.P.Gauld has had several severe attacks of malaria during the past few years. He has also suffered recently from severe gastritis with sickness, insonmia &c.

He is still subject to these attacks and also suffers from a low form of fever which he cannot get rid of. As a result he is suffering from a nervous break-down.

I am of opinion that six months' leave to Europe are absolutely necessary to enable him to recruit his health, and would advise his going before the commencement of the hot weather.
