Government of Madras,

S i r,

(E) We are in receipt of your G. O. No.312 dated the 25th March regarding reduction in the number of Lawrence Asylum Almanacks to -- Government. With reference to this G. O. we should like to point out that the undersigned personally saw the Secretary, Home Dept., on the 31st of October last regarding the price of the Almanack for 1918, as we were losing money by supplying the copies to the Government at Rs.7/- each. The Secretary personally told the undersigned that it would be better not to ask for ^{an} increase in the price per copy for this year, and suggested that we should supply them at Rs.7/- per copy as was done in 1917. On this understanding we wrote to the Secretary on the 6th of November, (a copy of the letter is enclosed for your reference,) and as soon as the Directory was published the whole of the Government copies were supplied. And now 5 months after our interview with the Secretary and at least one month after the whole of the Government copies have been supplied we received your G. O. No.312 informing us that the number of Government copies is to be reduced to 264.

264

4/12

As these copies have now been printed by us and supplied, we beg to point out that should these copies be returned by you and thrown on our hands, it will result in a very serious loss to us, as we print sufficient copies for our customers together with 400 copies for the Government of Madras. If the G. O. had been issued to us in December last it would have been a very great advantage, as our paper cost would have been considerably reduced, and we should not have had so many -- copies to print and bind; but now the copies are printed, bound and delivered, and we pray that the Government will reconsider their G. O. No. 312 and allow the copies for this year to stand and the new order -- come into force with next year's Lawrence Asylum Almanack. We think that this request is perfectly legitimate as the G. O. was only received by us this morning, and it is, of course, absolutely impossible that we could hold up the printing and the supplying of the Directory until -- April when a quarter of the year has gone. Under these circumstances, we pray as above that the Government will bring the G. O. No. 312 into force only with next year's issue of the Directory.

Sir,

With reference to your G. O. We should like to point out that the cost of materials instead of decreasing or remaining -- stationary has increased enormously during the last 12 months, and we therefore request you to be good enough to continue the enhanced rate of Rs.7/- per copy subject to a minimum of 400 copies being taken.

Subject- Lawrence Arguam Almanac
from the Manager, the Times Printing & Publishing Co. Ltd & 1-4-18

Please see the letter from the Manager of the Times Printing and Publishing Co. Ltd in the current file. It is for consideration whether in the circumstances stated by the Manager Govt would direct L.O 312 Home Misc) & 25-3-18 to take effect from next year.

2 In this connection it may be pointed out that as a result of the marginally noted orders the number of copies of the Almanac supplied to Govt has been reduced to 380 with effect from 1918. The financial effect of this reduction is examined below:-

Cost of 405 Copies at Rs 7/- each = Rs 2835/-
Cost of 380 Copies at Rs 8/- each = Rs 3040/-
Loss = Rs 205

The position is that Govt take 25 Copies less but ~~have~~ ^{have} to pay Rs ~~205~~ ^{205/-} more. It is therefore for consideration whether the department concerned may also be requested to hold their respective orders in abeyance till next year.

For orders.

Copies intended for the Secretariat have also been received. It does not seem proper to recall the copies distributed & return the excess number of copies to the printer. On the other hand, the printer should have intimated to Govt. of the fact of their doing so, before actually delivering the copies. No doubt it has taken time to decide finally about the total number of copies to be ultimately taken by the Govt. That does not justify the action of the printer in furnishing the copies according to the old scale without further notice. Admittedly the oral advice of the Secretary was only with reference to the ^(intended) application for enhanced rate, and did not warrant the action taken since.

Now the copies have been received we may, with the concurrence of Financial, give effect to the order of reduction from 1919.

Financial Dept

For the A.S.

It is submitted that Financial may agree to the order of reduction being given effect to from 1919 for reasons given in the Home department note on page 2 above. The Madras Series Printing and Publishing Co. says that it has printed 400 copies of the almanack for 1918 for Govt - Page 2. It would appear that they have supplied 400 copies already. The cost of 400 copies at Rs 7 comes to Rs 2800 against the cost of 26 1/2 copies at Rs 8, or Rs 2112. If 400 copies are retained and paid for at Rs 7 a copy, the excess payment comes to Rs 6.88, a large sum. For order whether in the peculiar circumstances of this case - the copies intended for Govt having been struck off Govt will agree to the order in No 312 Home (Muz) 25-318 being given effect to from 1919.
