(Translation of Passport Regulations and Registration of Aliens.)

DECREE.

The preamble to the Decree states that it is necessary to provide travellers with proper means of identification to control the facilities that delinquents have at present to escape from the country and to control immigration of aliens.

Article 1.—From the 15th February next every person wishing to leave the country shall provide himself fifteen days before leaving with a passport duly stamped in conformity with the regulations of the Fiscal Code and issued by the Governor of the province in which the applicant shall have resided during the previous three months. This document shall state the name and both surnames, nationality, place of birth and usual residence of applicant, personal description, photograph with impressed seal and with signature of the official issuing the document, and the signature of the applicant or a statement that he cannot or does not know how to sign. The passport shall further state the destination or destinations of the applicant, the object of the journey and the name of the port or frontier by which the applicant intends to leave. The counterfoil of the passport shall contain similar details. Minors under eighteen years of age travelling with their parents, guardians or persons in charge of them shall merely have their names and ages shown on the passport of the person with whom they are travelling together with their photograph duly sealed and signed as above stated.

In order to validate passports issued by Governors, they shall be vised five days before the departure of the applicant by the Director-General of Police, in San Jose Province and by the Police Commandants in the other provinces.

On and after 1st March next no passport shall be issued to any foreigner who does not present the certificate referred to in article 9 of these regulations.

Article 2.—Official passports shall be issued by the ministry of foreign affairs: they shall state the name and surnames of the bearer, his mission or employ, if any, and destination and shall not require the visa of the police authorities.

*Article 3.*—This ministry shall draw up the form for official passports and the police authorities the form of those to be issued by Governors of Provinces.

*Article 4.*—From the 1st March next aliens entering Costa Rica territory must possess passports proving their identity. These documents shall be issued by the authorities competent to issue passports in the country of origin of the aliens or by the diplomatic or Consular officer of such country accredited in the country from which the individual comes. Such passports shall not be valid unless they bear all details necessary to identify the bearer and unless they are duly vided by the respective diplomatic or Consular representative of Costa Rica or in default of such representative by the representative of a friendly nation in the country where the passport is issued.

*Article 5.*—The functionaries referred to in the previous article shall not visa passports of persons whose entry into Costa Rica is prohibited by the following decrees:—

|                                          |                              |

*Article 6.*—Every alien from 1st March on arrival at a port or frontier province of Costa Rica shall present his passport to the respective authorities and shall not otherwise be permitted entry into the country. The passport shall also be presented, within eight days of arrival in the country, to the Governor of the province where the bearer may reside, for registration in the Register of Foreigners in the Governor's office. This register shall state the names and surnames of the foreigner, date of entry into the country, nationality, age and personal description, sex, residence, employment or profession, manner of identification and other observations. In the margin of the entry the photograph of the party duly sealed and signed by the Governor shall be affixed. *Article 7.*—Entry to Costa Rica territory shall be forbidden to aliens not possessing passports or to aliens whose passports do not comply with the requirements laid down in article 4 and in such cases such aliens shall not be allowed to land or shall be obliged to return over the frontier which they have crossed. Nevertheless, in special cases—of which the decision shall be left to the chief authority of the port or frontier—aliens who have not been able to obtain passports may be allowed to enter the country, if their entry is not prohibited by the laws mentioned in article 5 or by any other similar decrees, and without prejudice to their obligation to register themselves as required by the present law and to proof of their statements and they shall be at the orders and under surveillance of the authorities meanwhile.

*Article 8.*—Aliens actually resident in the country, either as transients or permanent residents, shall be registered in the Aliens Register by means of the details which the Governor of the Province, where the aliens reside, shall request from the respective Consulates. If aliens are not registered in their respective Consulates they shall appear at the Governor's office for this purpose, after providing themselves with proper documents of identification issued by the Diplomatic or Consular Agents of their country duly accredited to Costa Rica. If there be no such agents and it be absolutely impossible for such aliens to obtain proof of identity or nationality, Governors of Provinces shall accept the statements of two known witnesses permanently resident in the country and shall effect the registration, stating the manner in which identification has been made.

*Article 9.*—After registration has been made as required in articles 6 and 8, a certificate shall be issued to the applicant, which shall contain an exact copy of the entry in the registry and shall also bear the photograph of the individual sealed with an impressed seal and signed by the Governor. This document shall be retained by the individual for presentation to any authority on demand.

*Article 10.*—Every eight days Governors of Provinces shall render to the General Director of Police in San Jose a statement of the registrations effected together with all the details in the respective entries.

*Article 11.*—The Police authorities may demand from all aliens, after 1st March next the production of their certificates of registration and if this is not produced they shall advise the Governor in order that the latter may make inquiries into the case and advise the executive power for such action as may be necessary under the law of the 28th of August 1917.

*Article 12.*—Hotel proprietors, inn keepers, boarding house and lodging house keepers shall require from aliens lodging therein, even if only for one night, proof whether they possess a passport or certificate of registration or the contrary and shall make a note thereof in a register to be kept for this purpose, and in a return which shall be made daily to the police.

*Article 13.*—Proprietors or managers of factories, mercantile, industrial or public establishments shall not engage in their employ any alien who does not produce a certificate of registration in the Aliens Register.

Infractions of this article and of the previous one shall be considered as disobedience of authorities and shall be punished by the police according to the law.
