For a history of the grant that is now being paid to the Friend in need society attention is drawn to the following statement

shows the financial position of the Society during the past five years:-

year	Receipts			Expenditure	Difference of Rs. 345. Surplus + Deficit -
	Government grant	Ordinary receipts exclusive of Govt. Grant	Total		
1919	14,733	24,966	39,699	34,948	- 9982
1918	19,353	21,658	41,011	32,326	- 10668
1917	9,352	30,041	39,393	33,659	- 3618
1916	14,158	21,132	35,290	33,818	- 12686

It is seen from Appendix B

of the report for 1919 (at page 1) that the balance to the credit of the Society exceeded that of the previous year by Rs 3681. But this surplus

is only apparent. On a comparison of the figures given in columns 3 and 5 of the statement on page 1 ante, it will be observed that if we exclude the Govt contribution in calculating the receipts, the average deficit for a year comes to Rs 10,322 or say Rs 11,000 in round figures. The above statement indicates that the society depends very largely on the annual Government aid.

2 There is a provision of Rs 15,000 in the Budget Estimate for ¹⁹²⁰⁻¹⁹²¹ ~~1919-20~~ under "32 B-Miscellaneous Donations for charitable purposes." It is for consideration whether the usual contribution paid to the society calculated on the basis of the two-thirds ^{of the income} from the public subscription but subject to a maximum limit of Rs 15,000 per annum sanctioned in G.O. No. 208 Public of 16.3.1920 may be repeated this year also.

~~3 The remarks of the financial Dept may be invited.~~

3 The average amount of Govt grant is Rs 14,202 for 28.5.20
for 1.6.20

the last five years as against an average deficit of Rs 11,000 for the same period, it does not seem possible to effect any alteration in the existing arrangement under which the grant is fixed, as the figures do not furnish a safe basis for any permanent arrangement. The inflation in the receipts is due to the higher rate of interest secured on the mortgage of Misquith's buildings to the Society. This loan is gradually being withdrawn & invested in war bonds or other securities carrying lower rate of interest. In consequence the amount of interest on this loan has been diminishing from Rs 11,844 in 1917 to Rs 3,068 in 1919. Probably in the current year it may be much less. Thus the figure for 1917 which inflated the average, does not represent the normal receipts of the Society.
