Letter—from the Hon'ble Mr. H SHARP, C.S.I., C.I.E., Secretary to the Government of India, Department of Education (Census).

To—the Secretary to the Government of Madras, Revenue Department.

Dated—Simla, the 22nd April 1920.

No.—39.

I am directed to address you regarding the cost of census operations in municipal areas. On the last occasion instructions on the subject were issued by the Government of India in the Home Department resolution Nos. 254-270 of the 16th August 1910 and that Department letter No. 354, dated the 29th October 1910. Although under section 15 of the Indian Census Act, 1920 (Act IV of 1920), the Governor-General in Council has power to make rules providing for such matters, the Government of India consider that the use of section 14 of the Act, which has been framed specifically for this purpose, will be more suitable. I am accordingly to request that the necessary order may, with the permission of His Excellency the Governor in Council, be issued, in due course under section 14, on the lines of the communications referred to above.

Order—No. 1071, Home (Miscellaneous), dated 11th June 1920.

Under section 14 of the Indian Census Act, 1920 (Act IV of 1920), the Governor in Council is pleased to prescribe the following rules for meeting the cost of census operations during the ensuing census :—

(1) The Corporation of Madras will meet one-half of the total cost of the operations conducted in the City of Madras and the other half will be met from Imperial funds.

(2) In the case of mufassal municipalities—

(a) The Government will supply to them, free of all cost including carriage from the Press, the schedules and enumeration books.

(b) The municipalities will provide at their own cost all the necessary agency for the enumeration, supplemented in such manner as the Government may direct by the loan of Government officials to act as Census officers. They will also meet such charges for contingencies as may be necessary.

(c) The tabulation of the results will be carried out by Government agency, municipalities contributing towards the cost on the same scale as on previous occasions, viz., at the rate of three months' salary of one tabulating clerk for every ten thousand of the population dealt with. The amount payable in each case will be fixed by the Superintendent, Census Operations, Madras, on the basis of the salaries paid in the office where the tabulation is carried out. Special cases in which the partial exemption of small municipalities containing less than the number of inhabitants above mentioned is suggested, will be considered by the Government.

(d) The tabulated registers when no longer required by the Superintendent of Census Operations, will, in return for the assistance rendered, be made over to the municipalities concerned, provided that the municipal authorities undertake to preserve them in good order until the next general enumeration.

(3) The local funds will be debited with charges incurred in districts on "house numbering" and in the local purchase of lights, ink, petty stationery, etc.

The draft rules which it is proposed to issue for meeting the cost of the ensuing census operations are practically the same as those prescribed in connexion with the census of 1911 and may, it is submitted, be accepted in Financial.

2. Attention is, in this connexion, solicited to the correspondence on the subject of relieving the local bodies of census charges and of debiting the entire cost to Imperial funds—please see this Government's letter No. 2819, dated 25th August 1910, the Government of India's reply thereto, No. 354, dated 29th October 1910 and Sir (then Mr.) Alexander Cardew's note, dated 5th December 1910, on page 3 of notes to G.O. No. 3881, Revenue, dated 8th December 1910. This aspect of the question does not seem to have been considered by the Home (Miscellaneous) Department when the provisions of the Indian Census Bill of 1919 were accepted by this Government. Perhaps, it is now too late to address the Government of India again on the subject.
