The Secretary, (Home Department)

Government of Madras,

O O T A C A M U N D.

Sir,

CIVIL AVIATION

AERODROME.

We have the honour to advise that with a view to being prepared for the arrival of aeroplanes which we understand the Government may be disposed to hand over to us for demonstration purposes, we have been in communication with the Brigade Major, Southern Brigade in connection with a site for an Aerodrome at Madras.

We at first asked if we may be permitted to use a site just south of the Officers Mess at St. Thomas Mount known as Artillery Maidan but we believe this spot has already been chosen as a site for a Military Aerodrome and that at times there might be objections to its use for Civil Aviation.

9-6-1920.

We then asked for permission to use a site to the East of St. Thomas Mount Cantonment but as this is also Military land it may at times be required for Training purposes.

It seems to us that it will be as well for the Military and Civil to utilise the same aerodrome at least until such time as flying has become general in Southern India and we shall esteem it a favour if you will kindly advise us how far civil and military aviation are to be combined and to what extent landing grounds chosen by the Military may be used by Civil concerns.

Thanking you in anticipation.

We have the honour to be,

Sir,

Your obedient servants,
CHETLE, HOLT & CO., LTD.
