No. 2, dated Simla, the 15th April 1918.

From—The Government of India, Department of Education,
To—The RIGHT HON'BLE EDWIN MONTAGU, His Majesty's Secretary of State for India.

We have the honour to refer to your predecessor's despatches nos. 8 and 4-Public (Records), dated the 31st December 1915, and the 21st April 1916, respectively, in which we were requested to revise the standing distribution list of Parliamentary papers with a view to reduction wherever consistent with the needs of administration.

2. After consulting the local Governments and the various Departments of our Government, we have prepared the accompanying lists of which we forward two copies. We have included the Quarterly List of Parliamentary publications in the list of papers to be supplied to the different Departments and local Governments and Administrations so that they may ask for copies of such occasional publications as are likely to be of use to them. We would like to point out that it has been found convenient to classify the requirements of the local Governments according to the classified list forwarded with the despatch of the 31st December 1915. The requirements of the Government of India have, however, been drawn up on the basis of the Blue List received with the despatch of the 21st April 1916. Some of the publications which could not be brought under any of the subject headings of the Blue List, have been shown separately in the appendix attached to the list. As the existing distribution list is based on very vague and general classification, it is not possible to ascertain the extent of reduction which these proposals entail. But we believe that they will ensure a substantial reduction in the number of Blue Books at present sent out to India.

3. As regards reference copies referred to in paragraph 2 of the despatch of 1916 it has hitherto been the practice to stock five copies of almost all the Parliamentary publications in the Imperial Record Office. We propose to abolish the use of the Record Office for this purpose. We are, however, asking for a copy of all publications for the Simla Reference Library. We have also suggested that the Imperial Library, Calcutta, and the Connemara Public Library, Madras, should be supplied, as hitherto, with a complete set of all publications.

4. Under the present system all blue books that are sent out for distribution in India, are despatched to (1) the Department of Education and (2) the Governments of Madras and Bombay and we agree in the suggestion made in the despatch of the 31st December 1915 that the books required for the Government of Bengal should be separately despatched to that Government in the manner adopted for Madras and Bombay. We believe it would be a great convenience if the same system were extended to all the local Governments and Administrations, and if you see no objection we would recommend that the papers should be sent out direct from the India Office to the different provinces and that all the local Governments and Administrations should be authorised to conduct such correspondence as may be necessary on the subject direct with the India Office. If this course is adopted it will be convenient if the blue books required for the Departments of the Government of India are, in future, addressed to the Department of Education in Simla instead of being addressed as at present to Calcutta.

No. 10.

INDIA OFFICE, LONDON,
13th December 1918.

To

HIS EXCELLENCY THE RIGHT HONOURABLE THE GOVERNOR-GENERAL OF INDIA IN COUNCIL.

MY LORD,

I have received and considered in Council a letter from Your Excellency's Government in the Department of Education, no. 2, dated 15th April 1918, forwarding revised standing distribution lists of Parliamentary papers.

2. These lists have been amalgamated and I transmit herewith ten copies of the resulting list for reference. Two copies have been or will be sent to the local Governments, Administrations, and the officials directly under Your Excellency's Government mentioned on the list of enclosures in your letter under reply.

3. Certain alterations in the supply of Parliamentary Papers are proposed in your letter, and it is suggested that the local Governments and Administrations should be authorised to conduct such correspondence as may be necessary, and to receive supplies direct from the India Office. In approving these proposals, it is assumed that the practice of direct correspondence is also to be extended to officials directly under Your Excellency's Government.

I have the honour to be,

MY LORD,

Your Lordship's most obedient, humble Servant,

(Sd.) EDWIN S. MONTAGU.

In India's letter No. 554 (Edⁿ) of 7.6.16 this Govt was asked to reduce the demand for Parliamentary papers to a narrower scale. A revised distribution list was accordingly furnished to the Govt of India with this Dept's letter No 232 of 8.3.1917. The Govt of India now forward for adoption a final list as approved by the Sec^y of State. On a comparison of this list with the one recommended by this Govt it is found that, as a measure of economy, the Govt of India curtailed our requirements in respect of several items. There are also slight additions. It seems therefore necessary to modify our previous list so as to ^{bring} make it in accordance with the new scale now provided for. An amended distribution list - (flag K) is submitted for consideration. If the distribution suggested therein is approved the file

From the Registrar of Co-operative Societies, Madras.

To the Under Secretary to Government,
Revenue (Special) Department.

Ref. your telephonic message dated the 3rd inst. re:
the discontinuance of the supply of certain parliamen-
tary publications. The publications referred to the t.m.
have not been supplied to the Registrar hitherto and I
am unable to express an opinion if they should be supplied
to the Co-operative Department. It seems to me that a
copy may be obtained by Government and circulated to the
development departments and finally lodged in the Agri-
cultural or Veterinary Department as the case may be.

To The Under Secretary, to Government,
 Revenue (Special) Department.

Sir,

With reference to post copy of telephonic message from Government dated 3rd February 1920 regarding discontinuance of supply of certain parliamentary publications, I have the honour to state that all the publications mentioned therein may be retained as they are required by the Experts at the Agricultural College, Coimbatore.

I have the honour to be,

Sir,

Your most obedient servant,

Chinnanatha Rao
 11/3/20
 for Director of Agriculture.

To Under Secy

The Director of Fisheries, the P.R.O. and the Board of Rev. (Rep Rev) have agreed to the discontinuance of the publications noted against them on pp 17-19 supra

2 One copy of each of the seven publications mentioned against the Director of Agriculture on p. 18 ante was included in the requirements sent up to the Govt of India in letter 232 Home of 8-3-17. The Govt of India have however curtailed the total number of these publications and the Home (Mis) Dept. proposes ^{to omit the book of Agriculture from} ~~then~~ revised distribution list at K. The Director of Agriculture however requests that the publications should be supplied to him as they are required by the experts at the College. It is observed from flag K that items 1, 2, 5 and 7 on p. 18 ante are to be supplied to the Board of Rev. (Rep. Secy). As the Board does not deal with Agriculture, Fisheries or Veterinary, these publications may be given to the Director instead of to the Board. Item 4 relates to Cattle disease and the two copies which will be supplied to his Govt are proposed

to be communicated to the Surgeon-General and the Superintendent. C.V.D. The Lt. M. may be requested to ascertain if Surgeon-General requires this publication and whether he will have any objection to the supply of this to the D.A. instead of to him.

Item 6. Tropical Diseases. Apparently this publication, of which only two copies will be received by this Govt., deals only with human diseases and ~~is~~ therefore ~~particularly~~ more useful to Surgeon-General and Sanitary Commissioner. The discontinuance of this publication to the D.A. may be agreed to.

3 The Registrar of Cooperative Societies was included in the ^{original} distribution list of the eight publications mentioned on p. 19 ante. It is now proposed to omit his name from the list. The Registrar, who was consulted in the matter states that these publications are not at present supplied to him and that it would be enough if copies are circulated to him ^(p. 19 ante) for perusal. Item 7. in the dist. ^(p. 19 ante) will not be received by this Govt. Items 1, 2, 4 and 6 will be supplied to the Board while items 3, 5 and 8 will be available with the Director of Agriculture if the proposals

at M and K in para 2 supra are approved. It is not clear how these publications will be of use or interest to the Registrar. If necessary the Board and the Director of Agriculture may be asked to circulate the copies of the publications to the Registrar for his perusal and return.

The file may now be sent to Revenue with reference to M on p. 31 ~~ante~~ and to K (med) with reference to K on p. 32 supra.

(Home Miscellaneous) Department

(K) The provisional distribution of the Parliamentary papers suggested by this department has been accepted by other departments subject to certain modifications which are examined below.

2. The LTM Dept. would forego their copies in respect of the following papers in favour of the Sanitary Commissioners: —

Public Health

1. Sewage Disposal
2. Special Reports e.g., on Plague and Malaria
3. Statistics regarding Plague and Malaria
4. Medical Affairs of the Local Govt. Board Report.

It is observed that the Sanitary Commissioners already gets a copy of the first paper and that its supply is to be discontinued only in the case of the Sanitary Board and the Corporation of Madras.

(2) LTM may therefore be requested to state whether in view of this fact they would retain the copy of the first paper for themselves or transfer it to the Sanitary Board or the Madras Corporation. The proposal to supply the other papers ^{no. 2104} to the Sanitary Commissioners may be accepted.

3. The Revenue (Special) and Revenue Dept. suggest that the undermentioned publications need not be supplied to the Board of Revenue (Revenue Settlement) in the case of items no. 1 to 4 6+7 and Agriculture to the Surgeon General in the case of item no. 5.

4. Agriculture (Ireland) — Department of Agriculture and Technical Instruction — Annual Report.
5. Cattle — Diseases of Animals, Acute. — Annual Report
6. Fisheries (Ireland) — Sea and Inland Fisheries — Annual Report of Agriculture and Technical Instruction Dept.

7. Veterinary — Annual Report of the Board of Agriculture. ^{Rev. Secy of Rev. (Rev. Secy) & Mr. S. G. have agreed to the discontinuance of these papers}
^{Rev. (Secy)} would supply papers nos 1 & 2 above to the Dy. Director of Agriculture — Cutchana, while Revenue ^(Special?) would furnish the Director of Agriculture with copies of nos 2 to 7. It is thus observed that ^{the copy of} paper no 2 ~~is not~~ put down in the provisional list for the Board of Revenue is proposed for two officers. ~~There~~ Only two copies of this paper have been sanctioned for this Province & one of these is intended for the Surgeon General. It is not therefore possible to grant copies both to the ^(Cutchana) Director of Agriculture and his Deputy. Rev. and Rev. (Spl) may be requested to decide between themselves which officer should have the copy.

4. The Publicity Officer has separately asked for copies of the following Parliamentary papers: —

1. Statistical Abstract relating to British India
2. East Indian Financial Statement

3. Return of net income and expenditure for 11 years
4. Accounts and Estimates: Explanatory memorandum
5. Home Accounts.
6. Loans raised in England
7. Loans raised in India
8. Review of the trade of India
9. Tables of the trade of India
10. Quinquennial Review of Education
11. Report on Sanitary measures in India.

Of these items, nos 2 to 4, 6, 7 & 9 are not supplied to this Govt. and it does not seem desirable to address the Govt. of India for their supply, as the Govt. of India have curtailed the distribution of the Parliamentary papers in order to meet the wishes of the Secretary of State to effect economy. ^{Five} ~~Two~~ copies of no. 1 - Statistical abstract - intended for distribution among the ^{marginally} noted offices and two copies of no. 5 - Home accounts - for the Chief Secretariat Library and the Board of Revenue (Land Revenue) have been sanctioned for this Presidency. The copy of the Statistical Abstract intended for the Revenue Department ~~which~~ ^{which} has been newly inserted may perhaps be given to the Publicity Office if Revenue has no objection. It does not seem possible to supply the P.G. with a copy of the Home Accounts.

Items no 8, 10 & 11 are not traceable in the list of Parliamentary papers. Probably they are the
