Statistics are not available to show the proportion of Andhras in the superior service in the various departments where Indians are employed. Superior service begins on a pay of Rs 10 and all departments have to be taken into consideration as Indians are employed in all. It will be a laborious task to collect through heads of departments the statistics required by the Honble Asst. Member.

It is not clear what Mr. Raja means by "superior service" strictly interpreted, it includes all those not falling under "inferior service" (that is to say, menials etc).

The Superintendents of Stationery, and the Govt. Press and the Auditor, U.R.O. may be asked to wire figures so far as their offices are concerned.

It is presumed that Home (Mis) will collect the information so far as Secretariat establishments are concerned. In the Chief Secretariat, there is one Andhra in the Lower Division and another among typists (Messrs. Parupathi and Krishnaswami Ayya.)

Draft telegram is submitted. After wire, the file may be transferred to Home (Mis) who consolidate the figures.

as
3/20

It seems a great waste of telegraph time merely to collect this trifling information (wire) - A reference to nearly every office in the country is involved

R 3. 4. 20

I think that the H A M may be asked (1) exactly whom he wishes to be included as Andhras & (2) what he wishes to be included in the superior services.

It would be quite impossible to get detailed information of the kind he seems to want in ten days & it would serve no useful purpose

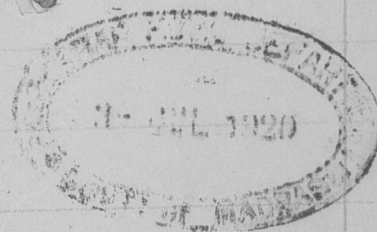

In the alternative an immediate answer to the question may be framed:—

"The Govt are not prepared to make a detailed enquiry of the kind suggested unless good reasons can be given for it"

I think the reply is "the information sought by the Hon'ble Additional Member can be derived from the establishment lists of the various departments, copies of which are available in the Council library."

For the Secretary

With reference to the answer suggested by the Secretary on page 3 ante, attention is solicited to the ~~draft~~ answer proposed by H.M. Financial, on page 11 ante ~~to the Council of the Council~~. As regards the latter answer the following points are for consideration:—

(1) As pointed out by the Chief Secretary in his note of 3.7.20 on page 11 ante it is not clear what the A.M. means by Andhras and superior service.

(2) The establishments of lists of the various departments do not show all the officers in superior service in ~~those~~ departments. For instance the educational establishments list contains only officers drawing Rs. 30 and over and the police list, officers drawing Rs. 50 and over.

2. It is understood that establishment lists of all departments are available in the Chief Secretary's library, Madras, and they can be placed in the Council library, if necessary.

I think I have already on a separate file
proposed an answer to this or to a similar --
question in the following terms:-

"The Government are not in possession of
"the information desired".

2. The answer proposed by the Hon'ble Mr.
Todhunter on page 11 seems to me open to the
criticism that the establishment lists, even if
they contain full particulars of the personnel
in superior service, which I doubt, will not
necessarily enable the reader to decide whether
any particular person is or is not an Andhra.
There must be many Indian names which might be
held equally by an Andhra or a Tamil. Nor is
it certain exactly what is meant by the word
'Andhra'.

Ld.
5-7-21

I would prefer to answer as
already proposed subject to the
modification of the last words into
"up-to-date copies of which will be
made available to him, if desired".
It is not for us to define his terms
or make his calculations for him.
If he can't get what he wants
out of the establishment lists, he
can then come up with a more
specific request. I don't suppose
he will make the attempt. He
would be much more likely

to indulge in criticism of a
part of the report is a part of the
work of the Council

Please put the alternative
answers in the paper for discussion
in Council

Will the Govt. be pleased to

The addl member asks for information about the proportion of Andhras in superior service in various depts. As regards the medical dept, the civil medical list gives only the names and the language qualifications of the medical officers in the different services. It is very difficult to judge from these whether a particular individual is an Andhra or not. Reliable figures can only be obtained by a detailed inquiry which it seems hardly worth while to make.

With these remarks the case may be forwarded to Home (Mis) Dept.
