Resolution No. ¹XVI.

"That the All India Muslim League representing about eighty million Musalmans subjects of His Imperial Majesty, King George V. Emperor of India expressed its sense of gratitude for the spirit in which the Royal Proclamation has been addressed to the princes and people of India on the occasion of giving Royal assent to the Government of India Act 1919.

The League trusts that the rights of the Indian people to direct their own affairs and safeguard their interests without which the progress of the country can not be consummated will be secured ere long under His Majesty's loving sympathy, and earnestly joins in His Majesty's prayer that India may grow to the fulness of political freedom in the near future.

Further the League feels confident that the Royal act of clemency in granting general amnesty to political prisoners and detenus would go far to remove "the bitterness existing between the people and those responsible for the Government of the country.

And lastly, the League assures His Imperial Majesty of the cordial and hearty welcome which the people of India would accord to His Royal Highness the Prince of Wales, during his visit to their country in the coming winter".

Resolution No. XIII.

"That in view of the fact that the enquiry in the Punjab disturbances is yet pending, the All India Muslim League refrains from expressing its opinion in the matter at this stage, but cannot help drawing the serious attention of the British Parliament to the shocking disclosures made by General Dyer in his evidence before the Hunter Committee in the hope that Parliament will take early steps to see that justice and the British reputation for fairness are fully vindicated."

Resolution No. XIV.

"That the All India Muslim League is of opinion that in view of the admission made by General Dyer in his statement before the Hunter Committee, he is not fit to remain in command and should be immediately relieved of his duty as a preliminary to legal proceedings being taken against him."

The League is further of opinion that the entire policy of Sir Michael O'Dwyer is under enquiry and in view also of the fact that he approved of General Dyer's cold-blood and calculated massacre in the Jallianwala Bagh, he should be relieved of his connection with the Army commission as a preliminary to legal proceedings being taken against him."

The League is further of opinion that the policy of Sir Michael O'Dwyer is utterly unjust and in view also of the fact that he approved of General Dyer's cold-blooded and calculated massacre in the Jallianwala Bagh, he should be relieved of his command with the Army Commission as a preliminary to legal proceedings being taken against him."

Resolution No. XVI.

"That the All India Muslim League expresses its deep disappointment at the disregard, shown by the British Government to the repeated representations made by Indian Mussulmans through their representatives in England and India regarding the question of Khilafat, the Holy Places and Jazirat-ul-Arab, and feels constrained to express that no settlement, contemplating the dismemberment of Turkey would ever satisfy the Indian Mussulmans but keep them in a state of perpetual dissatisfaction and discontent, for the grave consequences of which they shall not be responsible. Under these circumstances the Mussulmans would be fully justified to carry on all the possible methods of constitutional agitation open to them, including a boycott of the British Army, if it is likely to be used outside India for Imperial and anti-Islamic purposes".
