We are informed that M^r. Newton, at
Trichenopoly, has in Consequence of our directions,
remitted you a considerable Sum of Money, in
Negapatam Pagodas, being part of the Madura, and
Tinnevelly Rents, but as those Pagodas, are not
of equal Value, with our Current Pagodas, it
might create some uneasiness, were you to pay the
Troops with them, even at their intrinsic value,
you, will therefore take the first safe oppor-

TO THE HON^rBLE GEORGE PIGOT Esq^r.

Presd. and Gov^r. & Council of Fort S. George

HON^rBLE SIR AND SIRs

Accompanying is a Copy of what I

had the honor, to write you, a few days since, in regard to the difficulty of getting Money, from the

Killedar, the whole, that has yet been paid me, is but R^s. 24,000/ Nabob's Currency/ and as the Killedar,

died this Morning, all further supplies will cease,

till fresh Orders come from the Nabob, and I much

doubt, if I shall even be able, to get the remainder

of the bill, I received from him, for R^s. 40,000.

was in vain, I pressed him, ever since, for

another payment or Bills, urged the necessity of it,

always being paid in advance, his answer was that as the

Nabob had left no money here, to discharge those demands,

I must wait till the Renters could pay me, on whom it was

to no purpose, to draw a second bill, till they had

discharged the 1st of the R^s. 24,000, I have received

there was only a ballance of about 6000, after defraying

the Expences for May, so that your Honor & will judge

of the absolute necessity, I was under, of applying part of Usorff Cawn's money, to the use of this Garrison, and as I am sensible, that it is very contrary to your Intentions, I doubt not but you will send such Orders, that I may be regularly and fully supplied, in advance, the Monthly Expenses, according to the present state of the Garrison, will amount to 23, or 24,000 R. exclusive of what may happen from any Expeditions, that may be set on foot, and the Nabob's order, was only for 20,000 R. of his Currency, which amount to about 19,000 Arcot Rupees; the that is badly paid, that it might have been attended with the worst of consequences, had Usorff Cawn's Money been all sent away as the Companies Dubash here, who formerly was able to borrow any Sum, from the Merchants, on emergency, has lost his Credit, by being so much in debt; Of 31,000 Porto Novo Pagodas, I received from Usorff Cawn, I have forwarded 25,000 to Chellumbrum, but as there may be danger, in the Road from thence, to Camp, it is to wait there, till an Order, and Escort, may come from Colonel Coote,

The two Letters intercepted, with the above are
viz .

One from M^r. Lally, to Hyderally Cawn, the Mysore
Sardar, complaining that since his arrival, his
Troops have been more intent on plundering the
Country than in opposing the English Army, which
is not conformable to the Tenor of their Original
Agreement.

The other from a Padre at Pondichery, to the
Mysore Sardar, representing that M^r. Lally is
greatly displeased, at the abrupt departure of
the party of Mysoreans who lately came to
Pondichery without giving him previous notice of
it, and concludes with complaining against the
Vackell at Pondichery, with whom the Mysore
business, has hitherto been negotiated, as a per-
son, who has deceived him, in his promises,

desiring to know in what manner he can yield most Assistance to our Affairs, and N^o. 238 From the NABOB OF CUDAPAH, expressing his Satisfaction, upon hearing of our Successes, against the French, and requesting in case Chellumbrum, and Manargardy / contiguous to it / are cleared from the Enemy that they may be restored to him, having been formerly assigned to his management, on his paying a yearly Tribute, to the Arcot Government, and that he is ready to join us with his Forces, if we should require it.

Letter to Wazazey Punt, recommending to him, to make Incursions, with his Army to the Mysore Country

With Respect to the Morattas, we regard their promises, as mere matter of form, indeed all we are anxious for concerning them, at this time, is to prevent their coming, to the assistance of the French, and interrupting our Operations in the neighbourhood of Pondicherry, It is as yet doubtful, which way this Party, may next direct their Rout, and at present we think it necessary, in answer to Wazazey Punt's Letters, only to recommend to him, to enter the Mysore
