To Development Department.
The Colonial Secretary,
C o l o m b o.

Sir,

The Govt. of Madras understand - from newspaper reports that owing to the present depression in the tea and rubber industries it is likely that a large - amount of labour originally coming from the Madras Presidency will be discharged at an early date by plantations in Ceylon and if so it is presumed that this labour will return to Madras Presidency. It is also presumed that if this repatriation is to take place on a large scale, it will be regulated by the Ceylon Govt.

2. I am to ask whether this information is correct and whether the Ceylon Govt. can give us any idea of the numbers likely to be repatriated, the probable date when this influx will commence and in rough outline what arrangements they are proposing to make in the matter. I have etc.

Sir,

With reference to your letter No.56-11/21-1 dated the 4th January, 1921, in which you ask for information regarding the number of estate labourers likely to be repatriated from Ceylon on account of the depression in the tea and rubber industries, I am directed to state that this Government does not anticipate that any extensive repatriation of labourers to the Madras Presidency will be necessitated, since the condition of the tea and rubber industries has been materially improved by the recent reduction in the price of rice.

2. Should there be any likelihood in the future of repatriation of labour on a large scale becoming necessary, the fullest possible information will be furnished to the Government of Madras and such repatriation will be regulated by this Government.

I have the honour to be,

Sir,

Your obedient servant,

J. S. G. S. V.
for Colonial Secretary.

The Temporary Additional Secretary
to the Government of Madras.
