3. Training of the Census staff.

I have now visited every District and given instructions to Divisional Officers, Tahsildars, Charge Superintendents

tendents

3/1 - 2 -
Superintendents and some Supervisors on the proper method of enumeration. I am asking Collectors to see that their Divisional Officers, Tahsildars and Charge Superintendents hold similar classes of instruction for Supervisors and Enumerators.

4. Distribution of Census forms.

By the end of November I had sent to the Press indents for forms required for each Taluk and Municipality for house-to-house enumeration. The indents for forms required for Travellers by Road, Cantonments, Ports and Railway, are being sent to the Press this month. I am also arranging to send to Collectors loose forms of all kinds to be used as a reserve to meet unforeseen demands.

5. Madras City.

The Circle lists for the city have been prepared in manuscript. House numbering has been completed in 60 out of 113 circles. The Revenue Officer, Madras Corporation, reports that only 850 names of Government servants have been given to him by the several heads of offices in Madras, that he has again addressed the officers in the matter, and that there is therefore delay in getting the circle lists printed.

6. Non-synchronous tracts.

The Census of the Attapadi valley in the Malabar District was to be taken in November. Forms have already been supplied to the Collector for this; and I am asking him to report the result.

7. Bangalore Civil and Military Station.

The figures for this station are incorporated with those of the Mysore State; but preparations for the Census are conducted under

under the general supervision of the Madras Superintendent and forms are supplied by the Madras Government Press. The preliminary marking of the houses with chalk has been checked by the Charge Superintendents and the final numbering of the houses with red paint will be completed before the end of this month.
