Fort St. George, Judicial Consultation, 17th November 1857.

No. 15. Read the following Extract from the Minutes of Consultation in the Public Works Department, dated 2nd November 1857, No. 2046.

Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 29th October 1857, No. 4793.

SIR,

I have the honor to submit for the orders of Government, the accompanying estimate, prepared by the Civil Architect, for effecting certain alterations and improvements to the Jemadar's Tannah at Chintadrepettah.

2. The Barrack Master reported in his Repair Book, on the 22nd August last, that the Commissioner of Police had brought to his notice the fact, that the Tannah above referred to leaked, and required sundry repairs; and further was much too small for the accommodation of the party stationed there. On the receipt of this report, the Civil Architect was directed to estimate for the necessary work, in order to give additional accommodation to the building.

3. The estimate now submitted, amounts to Rupees (590) five hundred and ninety, the rates of which have been examined, and are found to be moderate and sufficient.

4. The Civil Architect states in his letter herewith forwarded, that the work can be completed within 2 or 3 weeks.

5. Under these circumstances, and considering that the repairs and improvements are so blended as to render the work emergent, I beg to recommend the estimate for sanction for immediate execution.

Ordered to be referred to the Judicial Department for consideration.
