Fort St. George, Judicial Consultation, 8th December 1857.

No. 16. From T. PYCROFT, Esq., Chief Secretary to the Government of Fort Saint George; to the Resident at Hyderabad, dated 4th December 1857, No. 1579.

SIR,

I am directed by the Right Honorable the Governor in Council to acknowledge the receipt of your Telegraphic message of the 30th Ultimo, in which you state in reference to my letter of the 24th Idem.

"If the large Force under General Whitlock ordered on to Jubbulpoor is to have carriage for the conveyance of its baggage and Military stores, the carts brought by the Troops arriving from Masulipatam and the Company's country to the southward must be sent on beyond Hyderabad."

2. In reply, I am instructed to inform you that the Madras Government strongly deprecate the drivers of carts either from the southward or eastward, who have been engaged only as far as Hyderabad, being compelled to proceed beyond that place against their will, at least until every means of procuring carriage in the Hyderabad country has been fully tried and exhausted. The Government cannot but think that with due exertion on the part of the Subordinate authorities, that country would furnish the requisite supply of carriage for the Force. I should point out that General Whitlock's Force will not pass through the Nizam's territory in one body, but will be by separate Corps and at different times. You will no doubt be duly informed by the General of his movements and wants.

3. The inevitable consequence of coercing the Madras bandymen will be, not simply to withdraw so much carriage from the Districts to which it belongs, and thus reduce for a considerable time the available means of conveyance in those Districts, but to spread a feeling of alarm among the cart owners generally, which will lead to their with-holding their bandies altogether and thus seriously embarrass the operations of Government.

(Signed) T. PYCROFT,
Chief Secretary.

Letter No 1536 dated 21st Instant received. If the large Force under General Whitlock ordered on to Subbalpoos, is to have Carriage for the Conveyance of its baggage, and Military Stores. The Carts brought by the Troops arriving from Masulipatam, and the Carnatic, Country to the Southward, must be sent on beyond Hyderabad the Native Government, is giving what assistance it can but the Carts used in the Nizam's Territory, are small heavy wooden vehicles and are not adapted for the Conveyance of the baggage of Troops and Military stores. I should ere this have been furnished with exact information as to the route the troops comprising General Whitlock's Division will pass through the Nizam's Territory, the probable amount of Carriage required for each Corps and Department the different stages en-route and the quantity of supplies requisite at each —
