Fort St. George, Judicial Consultation, 31st March 1857.

No. 14. Read the following letter from Colonel J. C. BOULDERSON, Commissioner of Police ;
to T. PYCROFT, Esq., Chief Secretary to Government, dated 2d March 1857, No. 27.

SIR,

Refers to the superannuation Pension granted to members of the Police Force in the New Police Act, reports that there are several men of different ranks unfit for further service by old age and infirmity, solicits His Lordship in Council's permission to send them up for examination by a Medical Officer appointed to report on them. Also suggests that no Candidate be hereafter admitted on the strength of the Force, unless passed by a Medical Officer, and that there be a limit as to age.

1. With reference to my letter to Government, under date 23d December last, subject marginally noted, and the order of Government thereon, under date 22d January 1857, No. 95; I have the honor to forward a Roll of worn-out men of the Force, who are considered by the Garrison Surgeon unfit for further service.

2. Since the 1st of November last, under the provisions of Section XVII of Act XIII of 1856, a stoppage of half an Anna per Rupee has been made from the pay of all those who belonged to the Force, but there are 5 men, whose names are noted

Putnum Rampersaud.
Saduckbunder Khader Khan.
Triplicane Shaik Hoossain.
Venkatagerry Narraidoor.
Adyar Mahomed Cassim.

in margin, from whom no stoppage has been made, because they were attached to the House of Industry, and their pay drawn on a separate abstract. All these men were however formerly Peons on the Establishment, and when old and unfit for further active service, they were, (their character being good) transferred by Mr. Elliot, to that place, instead of being struck off altogether.

3. As the Roll is not a heavy one, and as I think the placing a few of the old men on the Pension List, will have a good effect on the conduct of those left, and show them the advantage those now in the service enjoy, notwithstanding that they do in part pay for it, beyond that which the members of the Force previous to 1st November last enjoyed; I trust I may be permitted respectfully to recommend that Pension according to period of service be passed to all those from whom stoppage has been made, and who have served the required period. With reference to one of those who has not, Mr. Judge, I take the liberty to forward for the consideration of Government, a Memorial to my address from him, and to recommend his case and that of the others so situated to favorable consideration; further to report that, the Duffadar and 6 old Peons, formerly attached to the House of Industry, received their discharge on the 31st of last month, in consequence of their having been struck off the strength of the Establishment. Vide Police Tabular Statement, under date 3d February 1857.

Commissioner of Police.

Madras, Police
Commissioner's Office,
2nd March 1857.

(Signed) J. C. BOULDERSON,
Commissioner of Police.

From Mr. JAMES JUDGE, Inspector of Police; to Colonel J. C. BOULDERSON, Commissioner of Police for the Town of Madras, dated 17th February 1857.
SIR,

I beg respectfully to request that you will be pleased to do me the favour to submit my humble Memorial for the favourable consideration of the Right Honorable the Governor in Council, supported with your strong recommendation.

I beg to submit that I first entered the East India Company's Army in the year 1830, and continued to serve ever since, with the exception of 18 months.

After seven years service in the 3rd Battalion of Artillery, and from having met with an accident in my knee, I was pensioned upon 12 Rupees 11 Annas per mensem. Eight months after this, I was employed under Major Worster and Captain Slack, to superintend the Great Western Road, and I likewise had charge of the Convict Jail, in which there were from time to time, on an average about 2,000. I would here beg to refer to the Testimonials appended to this Memorial, Nos. 1, 2 and 3, which speak for themselves. After being employed upon this duty for about 3½ years, I was sent by Government to the Neilgherry Hills, to superintend the repairs of the Ghauts there. I would here refer to the Testimonials Nos. 4 and 5, as to the manner in which I acquitted myself of this duty for the 3½ years I was there employed, and also to Testimonial No. 6.

After this, I was required by Lord Elphinstone to proceed to Ceylon as superintendent of his Coffee Plantations; and in about 6 months I was obliged to resign this place from ill health. On my recovery at Madras, I went again by desire of Lord Elphinstone to another part of the Island; and was again obliged to leave in consequence of ill health. I would here beg to refer to Lord Elphinstone's Testimonial, No. 7; and to state that His Lordship kindly gave me 50 Rupees per month, until I got another situation. I obtained the appointment of a Constable in the Madras Police, in 1847, about four or five months after my last return from Ceylon, in which situation I still continue; and would here beg to refer to Testimonials Nos. 8, 9 and 10.

Fort St. George, Judicial Consultation, 31st March 1857.

After so many Testimonials of my long services under Government, extending to a period of nearly 25 years, both in the Military and Civil Departments, I think it unnecessary to enter into any detail as to the manner in which I have always acquitted myself of the important duties entrusted to me.

I need only refer to your own knowledge of me since you succeeded Mr. Elliot. You are aware, kind Sir, that it has pleased Providence to afflict me with a nervous complaint, which has rendered me almost incapable of satisfactorily, either to myself or to the Public, of any longer performing my duties; although as far as my own interest and feelings are concerned, I would be the last to desire to give up my appointment, yet under present circumstances, I have no alternative, but to throw myself on the bounty of Government; and to pray that His Lordship the Right Honorable the Governor, would be graciously pleased in consideration of my past services, in consideration of the high character I have invariably borne, and in consideration of my poor family, not to leave me entirely dependent upon the 12 Rupees and 11 Annas which is all I receive as my Military Pension.

I therefore earnestly crave that for services I have rendered to the State in my Civil capacity, some pension may be bestowed upon me; and for which I shall ever feel truly grateful.

(Signed) JAMES JUDGE,
Inspector of Police.

James Judge having resigned his appointment of Head Overseer, the Deputy Superintendent cannot let him take his departure, without thanking him most cordially for his past services, and strongly recommending his example to all Overseers who are now, or may hereafter be employed on the Road. In zeal, intelligence and fidelity in the discharge of his duty, in steadiness and sobriety of conduct, and high principle, the Deputy Superintendent has never seen him equalled by any European, inferior in rank to a Commissioned Officer, and he bears with him the Deputy Superintendent's best wishes for his future health and prosperity.

That he left the situation, at his own request, to be employed on the Great Western Road. Pensioned Corporal James Judge has been under my orders as Head Overseer on the Great Western Road for a period of about 5 months, and I with pleasure bear testimony to his attention, steadiness and good conduct during that time. He has been of material assistance in the Department, from the great confidence I have been able to place in him, and it is with extreme regret I find myself deprived of his valuable services by sickness.

James Judge has been under my orders as Ghaut Overseer for about fifteen months, and has been employed in superintending the repairs of the Coonoor and Seegor Ghauts, especially of the former, and I have found him an intelligent and most zealous and conscientious man, and I can recommend him with the greatest confidence as a most valuable person to fill any situation of trust.

To Mr. JAMES JUDGE, Ghaut Overseer.

SIR,

In accepting your resignation, I deem it but due to you to state, that in superintending the execution of the repairs of the Coonoor, and Seegor, Ghauts, you have ever been most zealous and attentive in the discharge of your duties. You have shown considerable knowledge in executing the repairs of the Bridges, large drains and stone facings on the new line of the road near Katee, and have more especially improved the roads by making several covered drains where there were formerly open ones. You have always conducted the work with a view to the utmost economy and have given the greatest satisfaction during the time that the Ghauts have been under my supervision. With best wishes for your future welfare.

(Signed) JOHN HODGES,
Post Master.

No. 8.

Mr. Judge came over to Ceylon in July 1845, to superintend a Coffee Plantation for me. He had previously been in charge of my house and property at Kaity on the Neilgherries, for two years and a half. He has suffered so much from fever here, that he finds it necessary to give up his situation, and to return to Madras.

I have the highest of opinion of Mr. Judge, and it is hardly necessary to add, that I part with him with great regret. In any situation of trust I consider his services would be most valuable. He is strictly upright and conscientious, and possesses both activity and zeal in the discharge of his duties.

Madras, Police Office, 2nd April 1850.

James Judge has been employed as a Constable in the Madras Police, during the last four years, and was in consequence of his steady attention to his duties appointed Head Constable, and keeper of the Justices Jail, but impaired health compelled him to relinquish that office and he was placed by me in his present situation of Office Constable, with the charge of the Office Jail. He is particularly steady, intelligent, zealous and trustworthy, and has at all times given me entire satisfaction.

Mr. James Judge joined the Madras Police as a Constable nearly 10 years ago. His duty was at the General Police Office, where he was constantly under my immediate observation, and it affords me sincere gratification to give him the testimony of my unqualified approbation of the manner in which he has ever conducted himself, truthful, zealous, vigilant and very intelligent. I recommend him to the favourable consideration of my successor, as a person in whom he can place the utmost trust.

Government Road Department, 5th February 1857.

Mr. James Judge was formerly employed as an Overseer on the Great Western Road (for about two years and a quarter), and subsequently as Jailor at Guindy, for about ten months. In both capacities his conduct was marked by great zeal, integrity and ability, and a high moral worth which gained him the respect of all who associated with him.

It affords me much satisfaction in again recording the high opinion I entertain of his merits, and how much I have been indebted to him for the manner in which my instructions were invariably carried out during the time he was acting under my orders.

(Signed) W. W. WORSTER,
Superintendent Government Roads.

N. B.—The services of Mr. Judge when Overseer on the Great Western Road, were acknowledged by the Revenue Board, and also by Government, on increasing his salary, but the records of the Department were transferred to the Revenue Board, or the extract would have been here given.

ORDER THEREON, No. 361; dated 25th March 1857.

1. Though as already observed "the Police Superannuation Fund" to be formed under the Provisions of Section XVII of Act No. XIII of 1856, can hardly be considered to have been as yet established, yet on the special recommendation of the Commissioner of Police, the Government will not refuse to extend the benefit of the Fund to all those members of the Police Force, from whose pay stoppages had been made under the above Section of the Act, and who are now represented to be incapacitated from further employment, provided they have been actually employed in the Police Force, for the period prescribed by Section XVIII, to entitle them to any superannuation allowance.

3. The Commissioner of Police will furnish a Roll of the men admitted to the benefit of the Fund by these orders, exhibiting their names, rank, pay, period of service in the Police Force, and rate of pension payable under Section XVIII of the Act, in order that the same may receive the sanction of Government, and be communicated to the Civil Audit Office.

5. It is necessary that the Civil Auditor should have the means of verifying the period of actual service of members of the Police Force, and the monthly salary on which their pension is to be calculated, and also of ascertaining whether they have contributed towards the Police Superannuation Fund. He will accordingly place himself in communication with the Commissioner on the subject, in view to his Office being furnished with such returns as may be required for the purpose.
