In regard to the Native Matron, I have to state, that no application for a servant of that description has been made by me or my predecessor. The purposes for which she was entertained are connected exclusively with the Jail, namely, to have charge of the female Prisoners, on the same principle as a Peon, to examine or search them on admission into Jail, and to have a general control over them, whilst at the same time, she is made available for the duties of the sick of her sex.
