Not to be folded or roughly handled

Fort St. George, Judicial Consultation, 26th May 1857.

No. 26. Read the following letter from Colonel C. E. FABER, Chief Engineer, Department Public Works; to H. FORBES, Esq., Acting Secretary to Government, Public Works Department, dated 13th May 1857, No. 79.

SIR,

1. With reference to Extract Minutes of Consultation, No. 341, of the 21st March, I have the honor now to report for the information of Government, that the Map therein ordered has been commenced; but that, in all probability, it will not be completed before five or six months from this date.

2. It will be on a scale eight times larger than the Collectorate Maps, or 4 inches to the mile, and be about 10 by 7 feet in size, and will give the limits of the four *Medical Districts;* the three *Police Districts;* the *taxing limits* of the Municipal Commissioners; the *limits* of the *Supreme Court,* which are also the *limits of the Collector of Land Customs;* and the *Abkary limits* of the Collector of Madras, with such other details as are usually given in a Map or Plan of this description; thus rendering it a Map that will not only be serviceable to the Senior Magistrate of Police, for whom it has been particularly ordered, but one that will be found useful for every day purposes to all Government Officials at the Presidency.

I beg to suggest that 150 copies be printed off, subject to the disposal of Government.

(Signed) C. E. FABER, Colonel,
Chief Engineer.
